## Chapter Three: Legislation

## 2.300 Action by Resolution or Ordinance

Action by the board of supervisors shall be by ordinance or resolution in writing introduced by a member or by a committee of said board and passed or adopted by a majority of all the members of the board at each reading. Every legislative act shall be by ordinance. The enacting clause of all ordinances shall be, "Be it ordained by the people of the City and County of San Francisco." Every ordinance and resolution, except ordinances making appropriations, shall be confined to one subject which shall be clearly expressed in the title, and ordinances making annual or supplemental appropriations shall be confined to the subject of appropriations.

If any subject is embraced in an ordinance and is not expressed in the title thereof, the ordinance shall be void only as to so much thereof as is not expressed in the title. Any ordinance may be amended by an ordinance amending or repealing the particular sections thereof or adding sections thereto.

An ordinance shall be passed by the board of supervisors only after reference to and report thereon from committee, unless it be an ordinance prepared and reported out by committee, and after two readings and votes at separate meetings of the board, which meetings shall be at least five days apart; provided, however, that as to an emergency measure as defined in section 2.301, reference to committee or the readings and votes at separate meetings may be waived by a three-fourths vote of all members of the board. The existing or impending emergency as defined in such ordinance shall be declared by specific section in such emergency ordinance. The annual appropriation ordinance shall be passed only after two readings, not less than five days apart, and the second or final passage shall be not less than fifteen days after the introduction of each ordinance.

No ordinance granting a franchise shall be finally passed within ninety days of its introduction.

No resolution shall be adopted by the board of supervisors on the date of its introduction and without reference to committee, except by the unanimous consent of the supervisors present.

Except as otherwise provided in this charter, or by ordinance, notice of the title or the purport and subject matter of each proposed ordinance which is introduced and referred to committee shall be published within three days after its presentation to the board and a copy of such proposed ordinance shall be kept available for inspection in the office of the clerk of the board.

Each ordinance required to be included in the municipal code shall be printed promptly after final passage, and copies shall be made available to the public.

## 2.300 – 2.302

The vote on all ordinances and resolutions upon each reading shall be by ayes and noes. The vote by ayes and noes on all measures shall be recorded in the journal of the proceedings of the board.

To amend an ordinance which has proceeded to second reading shall require proceeding de novo.

Any ordinance or resolution waiving, or authorizing the waiving, by the city and county of the benefit of any statute of limitation of a state, or of the United States, available to the city and county in any action or proceedings against it shall require for its passage a three-fourths vote of all members of the board of supervisors on each reading.

### 2.301 Emergency Ordinances

No ordinance affecting franchises, grants, bond issues or the sale, lease or purchase of land shall ever be passed as an emergency measure, and the people by initiative or referendum ordinance may further restrict the matters that may be passed as emergency measures. Immediate necessary preservation of public peace, property, health or safety, provision for the uninterrupted operation of any city and county department or office or action required to comply with time limitations as established by law, shall be emergencies within the meaning hereof; provided, however, that such emergency shall actually exist and shall be specifically stated and defined in such ordinance, and shall be specifically voted on as provided in section 2.300 of this charter.

### 2.302 Action by the Mayor

Each proposed resolution or ordinance voted on by the supervisors and failing of passage and each ordinance or resolution adopted by the supervisors shall, within twenty-four hours of such action, be transmitted to the mayor by the clerk of the board, with appropriate notation of the action of the board thereon. Any resolution acted upon by the board of supervisors by unanimous consent of those present on the date of the introduction of such resolution and any ordinance adopted by the board as an emergency measure shall be acted upon by the mayor within three days after receipt thereof by him from the clerk of the board. All other ordinances or resolutions shall be acted upon by the mayor within ten days of such receipt.

The mayor shall either approve each resolution or ordinance adopted by the supervisors by signing and returning same to the clerk of the board within the time limit, or he shall disapprove and veto any resolution or ordinance, or veto or reduce any separate appropriation item therein and shall return each such resolution or ordinance to the clerk of the board with his written objections within the

## 2.302 – 2.303

time limit. His failure to make such return shall constitute approval and such ordinance or resolution shall take effect without the mayor's signed approval. The clerk of the board shall note such fact on the official copy of such resolution or ordinance. If any separate appropriation item in any resolution or ordinance is vetoed or reduced by the mayor as herein provided the remainder of any such ordinance or resolution may be approved by the mayor and, if not specifically approved by the mayor, shall take effect without such approval and shall be so noted by the clerk of the board.

In the event of any absence of the mayor for which he or the board of supervisors has failed to designate an acting mayor, no resolution or ordinance adopted by the board of supervisors shall take effect by reason of the failure of the mayor to approve, or disapprove, and return such resolution or ordinance within the time limits applicable thereto, and, in such case, the time periods or limitations as fixed by this section shall not start until an acting mayor is appointed by the mayor or elected by the supervisors, as in this charter provided, or the return of the mayor.

Any proposed resolution or ordinance voted on by the board of supervisors and failing of passage shall be reconsidered by the board on the written request of the mayor, stating his reasons therefor, filed with the clerk of the board by the mayor within ten days of the board's action on such resolution or ordinance. The board shall reconsider such measure at its convenience, but not later than thirty days after the filing of the mayor's request therefor.

## 2.303 Enactment over Veto

The board shall establish regulations subject to the approval of the controller for the disbursement of all moneys belonging to the school department or the school fund or funds, and to secure strict accountability in the expenditure thereof, and to provide for the prompt payment of all salaries due and allowed to officers, teachers, and other employees of the school department.

Notwithstanding any other provision of this charter to the contrary, the board of education of the San Francisco Unified School District may authorize payment of the annual compensation of certificated employees in twelve equal payments, the first such equal payment being made on or before the 5th day of August of each school year, and continuing each month thereafter until the full annual compensation shall be paid, provided that the last equal payment shall be made not later than the 5th day of July of the succeeding school year, and provided further that in the event that the certificated employee for any reason does not perform the full year of service, said certificated employee shall receive only such amount as is authorized by the school code of the State of California. In the event said certificated employee has been paid an amount greater than such employee is entitled to receive under the provisions of the school code of the State of California, said certificated employee shall be liable therefor and within thirty days after such excess payment said certificated employee shall reimburse the San Francisco Unified School District for the excess, and said certificated employee shall not be paid any of his retirement accumulations or credits until the San Francisco Unified School District has been reimbursed for the said excess.

The board shall, between the 1st and 21st days of May of each year, adopt a schedule of salaries for the next ensuing fiscal year for teachers and other employees of the school department. Compensations of non-teaching and non-technical employees shall be fixed in accordance with the salary standardization provisions of this charter.

The superintendent of schools shall be the executive officer of the board of education. He shall be appointed by said board to serve for a term of four years and he shall receive an annual salary of \$10,000 unless an increase in said salary shall be fixed by the board of education and approved by the board of supervisors.

During his term of office the superintendent may be removed from his office, as in this section hereinafter provided, for misconduct or incompetency after charges setting forth the nature and character of said misconduct or incompetency are filed against the

said superintendent. Said charges must be in writing and shall be signed by at least two members of the board of education. A copy of said charges, together with a notice of the time and place of the hearing on the same, shall within five days after the filing of the same be served upon the said superintendent. The mailing of a copy of said charges, with notice of time and place of hearing on the same, by United States registered mail, with the proper amount of postage prepaid thereon, addressed to said superintendent at his last known place of residence, shall be deemed to be a service of said charges as provided for in this section. A public hearing on said charges shall be had by the board of education not less than ten, nor more than twenty days after the filing of said charges, provided that full power and authority is hereby given to the board of education to continue said hearing from time to time not to exceed sixty days from the commencement thereof, provided that for good cause said board may grant a further continuance on said hearing. The superintendent shall have the right to answer said charges, to appear at the hearing thereof and to be represented by counsel thereat for the purpose of defending himself against said charges. Pending the determination of said charges, the superintendent may be suspended from his office by a majority vote of the board of education, and the board may appoint a qualified person to discharge the duties of said superintendent during the period of suspension. If the board of education after hearing said charges shall by a two-thirds vote of all the members, determine that said charges have been sustained, it may by the same vote remove said superintendent from his office. No member of the board shall be entitled to vote on the removal of said superintendent unless he or she has been present at the entire hearing of such charges, provided that any member of the board who has not been present may vote for the removal of the superintendent, if such member has read a transcript of all the testimony taken on said hearing during his absence therefrom, and shall file with the board an affidavit to this effect. If said charges are not sustained by a two-thirds vote of all the members of said board, or if after said charges are sustained, the superintendent is not removed from office as a result thereof, said superintendent shall be reinstated in his position and shall be allowed his salary for the time that he has been under suspension, together with the costs of defending himself against said charges, including a reasonable fee for his attorney to be fixed and allowed by the board. If the charges are sustained, and as a result thereof said superintendent is removed from office, no further salary shall be allowed to said superintendent from the date of his suspension. In the hearing and determination of said charges filed against said superintendent, the judgment of said board of education

## 5.101 – 5.104

shall be final unless in determining the sufficiency of said charges said board of education commits a clear abuse of discretion.

The superintendent shall have the powers and duties specified by this charter for department heads, in addition to such powers and duties as are fixed by general law.

The positions of superintendent and associate and assistant superintendents shall be held only by persons of expert or technical training, but shall not be subject to any provisions of this charter prescribing a residence qualification for officers or appointees, provided however, that during their incumbency appointees to such positions shall reside in the city and county, and in case any appointee shall fail so to do, his appointment shall at once be revoked by the board.

The superintendent may appoint a confidential secretary who shall hold office at his pleasure.

### 5.103 Non-Certificated School Cafeteria Employees

The controller shall check such estimates and shall upon his request, be furnished with any additional data or information. Not later than the 1st day of March of each year he shall consolidate such budget estimates and transmit the same to the mayor.

He shall at the same time transmit to the mayor a summary and recapitulation of such budget estimates, segregated by separate departments or offices and units thereof, or by purposes for non-departmental expenditures, and arrange according to classification of objects of expenditure, as required by the controller, to show the amount of proposed expenditures and estimated revenues in comparison with the current and previous fiscal year's expenditures and revenues.

He shall submit at the same time (1) statements showing revenues and other receipts, including the estimated unencumbered surplus in any item or fund at the beginning of the ensuing fiscal year, segregated according to specific or general purposes to which such revenues or receipts are legally applicable, for the last complete fiscal year and for the first six months of the current fiscal year, with estimates thereof for the last six months of the current fiscal year, together with estimates of such revenues and receipts for the ensuing fiscal year; (2) statements of the amounts required for interest on, and sinking fund or redemption of, each outstanding bond issue, and for tax judgments, and other fixed charges, together with estimates of interest required on bonds proposed to be sold during the ensuing fiscal year, and statements of the city's authorized debt, and judgments outstanding at the time the budget estimates are submitted.

(4) A schedule of positions and compensations showing any increases or decreases requested in the number of positions or rates of pay.

### 6.202 Preparation and Submission of Capital Improvement Program

Each officer, board and commission shall annually, on or before the first day of October, file with the department of city planning a schedule describing all capital improvement projects which are proposed for inclusion in the budget for the ensuing fiscal year, together with a schedule of all capital improvement projects which in the opinion of such officer, board or commission should be undertaken in the five succeeding years.

The department of city planning shall prepare and submit to the mayor, the board of supervisors, the controller, and each officer, board, or commission concerned, on or before the 20th day of January, a report recommending a program of capital improvements based on the projects submitted.

The report shall state whether each of the proposed capital improvement projects conforms to the master plan, and if conflict exists, the report shall give the particulars of the differences between the proposed capital improvement projects and the master plan; provided, however, that if any such capital improvement project does so conflict, it shall be the duty of the department of city planning, prior to the submission of its related report, to confer with the officer, board, or commission concerned for the purpose of modifying either the project plan or the master plan in an endeavor to eliminate conflict as far as may be possible.

## 6.202 – 6.203

The report shall also include the recommendations of the department of city planning for additional capital improvement projects and for the advance planning and acquisition of land necessary for the development of all capital improvement projects.

Requests for supplemental appropriations for capital improvement projects, which projects have not been previously submitted to the department of city planning, shall be subject to all of the provisions herein contained except time, and the department of city planning shall report on each such proposal within thirty days from the date that each such proposal is filed with it.

The board of supervisors shall not appropriate any money for any capital improvement project which has not been referred to and reported on by the department of city planning in accordance with the provisions of this section.

The department of city planning shall report to the board of supervisors within the time limits herein established.

### 6.203 Powers and Duties of the Mayor

The mayor shall hold such public hearings on these budget estimates as he may deem necessary and may increase, decrease or reject any item contained in the estimates, excepting that he shall not increase any amount nor add any new item for personal services, materials, supplies or contractual services, but may add to the requested appropriations for any public improvement or capital expenditure; but he shall add to requested appropriations for any public improvement or capital expenditure only after such items have first been referred to the department of city planning and a report has been rendered thereon regarding conformity with the master plan. It shall be the duty of the department of city planning to render its reports in writing within thirty days after said referral. Failure of the department of city planning to render any such report in such time shall be deemed equivalent to a report. The budget estimates of expenditures for any utility, within the estimated revenues of such utility, shall not be increased by the mayor.

Not later than the 15th day of April in each year, the mayor shall transmit to the board of supervisors the consolidated budget estimates for all departments and offices of, and the proposed budget for, the city and county for the ensuing fiscal year, including a detailed estimate of all revenues of each department and an estimate of the amount required to meet bond interest, redemption and other fixed charges of the city and county, and the revenues applicable thereto. He shall, by message accompanying such proposed budget, comment upon the financial program incorporated therein, the important changes as compared with the previous budget, and bond issues, if any, as recommended by him.

## 6.203 – 6.204

The mayor shall submit to the board of supervisors, at the time that he submits said budget estimates and said proposed budget, a draft of the annual appropriation ordinance for the ensuing fiscal year, which shall be prepared by the controller. This shall be based on the proposed budget and shall be drafted to contain such provisions and detail as to furnish an adequate basis for fiscal and accounting control by the controller of each revenue and expenditure appropriation item for the ensuing fiscal year.

### 6.204 Publication

Upon submission, the proposed annual appropriation ordinance shall be deemed to have been regularly introduced.

The detail of the proposed budget shall be as follows:

(1) Total cost for conducting each department, bureau, office, board or commission for the ensuing fiscal year, segregated according to basic objects of expenditure for each.

(2) A detail schedule of positions and compensations, showing any increases or decreases in any department or office.

(3) A detail schedule of items for capital outlay.

(4) The aforementioned consolidated estimates and schedules shall also include by items contained therein the following information:

(a) Expenditures for the last complete fiscal year.

(b) Estimated expenditures for the current fiscal year.

(c) Proposed increases or decreases as compared with the budget allowances for the current fiscal year.

The board of supervisors shall cause copies of the mayor's budget message and proposed budget thus prepared, including comparative expenditures and revenues for the current and preceding fiscal years and other information transmitted therewith, to be made available for official use and to be placed and maintained for public inspection in the respective offices of the clerk of the board of supervisors and the controller, the main, branch and law libraries, and such other public locations as the board in its discretion may designate.

Within five days following receipt of the proposed budget by the board of supervisors, the controller shall submit to the board a brief and simple summary of its contents in a form prescribed by the controller and designed to aid the residents of the city and county in understanding and evaluating the need for, purposes, unit costs, intended results and supportive revenue sources of each departmental program. Upon submittal of the summary, the board shall cause it to be published and shall cause copies to be made available to the public.

## 6.205 Powers and Duties of the Board of Supervisors

The board of supervisors shall fix the date or dates, not less than ten days after receipt from the mayor, for consideration of and public hearings on the proposed budget and proposed appropriation ordinance.

The board of supervisors may decrease or reject any item contained in the proposed budget, but shall not increase any amount or add any new item for personal services or materials, supplies, or contractual services, for any department, unless requested in writing so to do by the mayor, on the recommendation of the chief administrative officer, board, commission or elective officer, in charge of such department.

The board of supervisors may increase or insert appropriations for capital expenditures and public improvements, but shall do so only after such items have first been referred to the department of city planning and a report has been rendered thereon regarding conformity with the master plan. It shall be the duty of the department of city planning to render its reports in writing within thirty days after said referral. Failure of the department of city planning to render any such report in such time shall be deemed equivalent to a report.

The budget estimates of expenditures for any utility, within the estimated revenues of such utility, shall not be increased by the board of supervisors.

In the event the public utilities commission and the mayor shall propose a budget for any utility which will exceed the estimated revenue of such utility, it shall require a vote of two-thirds of all members of the board of supervisors to approve such budget estimate and to appropriate the funds necessary to provide for the deficiency.

Such budget of expenditures in excess of estimated revenues may be approved to provide for and include proposed expenditures for additions, betterments, extensions or other capital costs, in amount not to exceed three-quarters of one cent (\$.0075) on each one hundred dollars (\$100) valuation of property assessed in and subject to taxation by the city and county, provided that whenever tax support is required for additions, betterments, extensions or other capital costs the total provision for such purposes shall not exceed an amount equivalent to three-quarters of one cent (\$.0075) on each one hundred dollars (\$100) valuation of property subject to taxation by the city and county and provided further that proposed expenditures for additions, betterments, extensions or other capital costs in excess thereof shall require financing by authorization and sale of bonds. This section shall have precedence over section 6.407 (a) of this charter and any other section deemed in conflict herewith.

## 6.205 – 6.207

After public hearing, and not earlier than the 15th of May, nor later than the 1st day of June, the board shall adopt the proposed budget as submitted or as amended and shall pass the necessary appropriation ordinance.

### 6.206 Veto

Any item in an appropriation ordinance passed pursuant to section 6.205 of this charter except for bond interest, redemption or other fixed charges, may be vetoed in whole or in part by the mayor within ten days of receipt by him from the clerk of the board of supervisors of the ordinance as passed by the board, and the board of supervisors shall act on such veto not later than the 20th day of June.

### 6.207 Annual Salary Ordinance

The number and rates of compensation for all positions continued or created by the supervisors in adopting each annual budget, and each annual or supplemental appropriation ordinance, shall be established and enumerated in an ordinance continuing and creating positions in city and county departments and offices, and providing the rates of compensation therefor, which ordinance shall be passed or amended at the same time as the annual or supplemental appropriation ordinance is passed. Such ordinance shall be subdivided for each department or office and each organization subdivision thereof. The number of positions enumerated therein shall be segregated by classes according to the civil service classification of employment and the positions in any department or office under any such class shall not be listed individually or subdivided, except where necessary to show varying rates of pay for employments included in any such class. Rates of compensation enumerated shall be those established by salary standardization schedules, and shall not be listed for individuals or individual positions, except where the compensation of incumbents is higher than the rate fixed by salary standardization, which compensation shall not be reduced so long as the incumbents legally hold such positions. Notwithstanding the provisions of section 2.300 of this charter with respect to amendment of sections of ordinances any change in the number of positions allowed for any department or office, and seniority or other compensation increases authorized as provided elsewhere in this charter for officers or employees, may be covered by amendment of the appropriate item or items of the ordinance herein referred to. The said ordinance shall constitute the legal basis for check by the civil service commission or the controller as to the legality of the creation of any position in the city and county service and the rate of compensation fixed therefor.

## 6.208 – 6.301

### 6.208 Tax Levy

On or before the 15th day of September of each year, the board of supervisors by ordinance shall levy a tax, the estimated proceeds of which, together with the total amount of receipts and revenues estimated to be received from all sources, will be sufficient to meet all appropriations made by the annual appropriation ordinance.

## Chapter Three: Fiscal Administration

### 6.300 Effect of Appropriation Ordinance

Subject to the restrictions of section 6.301, the several amounts of estimated revenue and proposed expenditures contained in the annual appropriation ordinance as adopted by the board of supervisors shall be and become appropriated for the ensuing fiscal year to and for the several departments, bureaus, offices, utilities, boards or commissions, and for the purposes specified, and each department for which an expenditure appropriation has been made shall be authorized to use the money so appropriated for the purposes specified in the appropriation ordinance, and within the limits of the appropriation. The appropriation ordinance shall constitute the authority for the controller to set up the required revenue and expenditure accounts. Appropriation items for bond interest, bond redemption, fixed charges and other purposes not appropriated to a specific department shall be subject to the administration of and expenditure by the chief administrative officer for the respective purposes for which such appropriations are made.

### 6.301 Allotments

The several items of expenditure appropriated in each annual appropriation ordinance, being based on estimated receipts, income or revenues which may not be fully realized, it shall be incumbent upon the controller to establish a schedule of allotments, monthly or quarterly as he may determine, under which the sums appropriated to the several departments shall be expended. The controller shall revise such revenue estimates monthly. If such revised estimates indicate a shortage the controller shall hold in reserve an equivalent amount of the corresponding expenditure appropriations set forth in any said annual appropriation ordinance until the collection of the amount as originally estimated is assured, and in all cases where it is provided by this charter that a specified or minimum tax shall be levied for any department the amount of the appropriation in any annual appropriation ordinance derived from taxes shall not exceed the amount actually produced by the levy made for said department.

## 6.301 – 6.302

The controller in issuing warrants or in certifying contracts or purchase orders or other encumbrances, pursuant to section 6.302 of this charter, shall consider only the allotted portions of appropriation items to be available for encumbrance or expenditure and shall not approve the incurring of liability under any allotment in excess of the amount of such allotment. In case of emergency or unusual circumstance which could not be anticipated at the time of apportionment, an additional allotment for a period may be made on the recommendations of the department head and that of the chief administrative officer, board or commission and the approval of the controller. After the allotment schedule has been established or fixed, as heretofore provided, it shall be unlawful for any department or officer to expend or cause to be expended a sum greater than the amount set forth for the particular activity in the said allotment schedule so established unless an additional allotment is made, as herein provided.

### 6.302 Encumbrances

Accounts shall be kept by the controller showing the amount of each class or item or revenue as estimated and appropriated in the annual appropriation ordinance, and the amount collected. Accounts shall also be kept by the controller of each expense appropriation item authorized by the board of supervisors. Every warrant on the treasury shall state specifically by title and number the appropriation item against which such warrant is drawn.

Each such revenue and expense account shall show in detail the amount of the appropriation or appropriations made therefor by the supervisors, the amount drawn thereon, the amount of encumbrance for purchase orders, contracts or other obligations theretofore, certified by the controller as against it, and the unencumbered balance to the credit thereof. This balance shall be the "unencumbered balance" as this term is used in this charter.

No obligation involving the expenditure of money shall be incurred or authorized by any officer, employee, board or commission of the city and county unless the controller first certify that there is a valid appropriation from which the expenditure may be made, and that sufficient unencumbered funds are available in the treasury to the credit of such appropriation to pay the amount of such expenditure when it becomes due and payable.

Each such certification shall be immediately recorded by the controller. Each sum so recorded shall be an encumbrance for the purpose certified until such obligation is fulfilled, cancelled or discharged, or until the ordinance or resolution is repealed by the board of supervisors.

## 6.303 – 6.304

### 6.303 Disbursements

No money shall be drawn from the treasury of the city and county, nor shall any obligation for the expenditure of any money be incurred except in pursuance of appropriations or transfers made as in this charter provided.

All warrants shall be drawn by the controller, in payment of claims, prepared and signed by the responsible official, for services, supplies and other obligations against the city and county, supported by proper invoices, bills and other necessary data.

The controller shall audit such claims. If he finds the same to be correct and proper in all particulars, and clearly within the purposes for which the appropriation item to which it is charged was made, and that there is an adequate balance in such appropriation item to meet the payment, he shall draw and approve the warrant therefor.

If all or any portion of the claim is not correct, or if all proceedings required incidental to such payment have not been followed, the controller may approve such part of such claim as he shall find correct and draw the warrant therefor, or he may return the claim to the department concerned with his disapproval.

Prior to his drawing any warrant therefor, the controller may, in addition to any other inspection required by any other official, make such investigation and inspection as he deems necessary as to the quality, quantity and condition of services, material, supplies or equipment received by any officer or department for which payment is to be made by such warrant. If, in his opinion, any claim is not legal, he shall withhold approval of the same and immediately return such claim, together with a statement of his action thereon and reason therefor, to the responsible official, or transmit the same to the mayor for instructions. No warrant shall be drawn in payment of a claim against a fund in which there is an insufficient unencumbered balance for the payment thereof. Such claims, if legal, shall be registered by the controller in the order of receipt by him, and shall be paid in such order as moneys to cover the same become available in the proper fund.

### 6.304 Disbursements in Advance of Revenues

The board of supervisors, by annual tax levy, may gradually build up the cash reserve fund authorized and created by the provisions of section 6.306 of this charter. Said fund shall be used exclusively (1) for the payment in any fiscal year of legally budgeted expenditures for such year in anticipation of the collection, after the close of such fiscal year, of legally collectible taxes and other revenues, as set forth in the budget and the appropriation ordinance for such fiscal year,

and (2) for paying that portion of the authorized expenses of the city and county for any fiscal year, which, as certified to said board by the controller, becomes due and payable and must be paid prior to the receipt of tax payments for such fiscal year; provided, that such cash reserve fund shall not at any time exceed the estimated expenditures for the first five months of the then current fiscal year, less the amount of estimated revenues and receipts from sources other than tax rate revenues.

In the event that funds are not available in such a cash reserve fund to meet authorized expenditures of any fiscal year, the board of supervisors, on the recommendation of the controller and the mayor, and the written approval of the officer, board or commission responsible for the management and control of the fund from which it is proposed that the temporarily idle balances be transferred or loaned may, by ordinance, authorize the treasurer to make temporary transfers or loans for specified periods of idle unencumbered balances in any fund in his custody, except a pension fund, at not less than the then current rate of interest paid by the banks to the city and county on city and county funds deposited with such banks. Such approval by the officer, board or commission concerned shall specify that the amount proposed to be transferred or loaned from such fund will not be needed for the purpose of such fund prior to the date specified for its return. The fund from which such transfer or loan is made shall be charged or encumbered with the amount of such transfer or loan and such amount shall not be considered as available in such fund for any other appropriation or encumbrance for which any expenditures or payments must be made prior to the date on which the transfer or loan is repaid. Any transfer or loan made as herein authorized during the first half of any fiscal year shall be repaid prior to the 1st day of January of said year, and any transfer or loan made during the remaining one-half of said fiscal year shall be repaid prior to the 15th day of May of said year. Such loans shall be secured by and made solely in anticipation of the collection of taxes levied or to be levied for the current fiscal year, and such loans shall constitute the first demand on and shall be repaid from the first tax collections for such current fiscal year; provided, however, that tax anticipation loans made as hereinafter in this section authorized, shall constitute a prior lien on said taxes levied or to be levied or collected.

When funds shall be needed for the immediate requirements of the city and county in any fiscal year in accordance with appropriations made as authorized by this charter for such fiscal year, which payments may be made in advance of the receipt of income from such fiscal year, and when funds therefor cannot be made available as

hereinbefore in this section authorized, the board of supervisors on the recommendation of the controller and the approval of such recommendation by the mayor, shall have power to borrow money on notes or other evidences of indebtedness on behalf of the city and county. Said power shall be exercised by ordinance or ordinances authorizing the borrowing of said money and the execution of said notes or other evidences of indebtedness. The aggregate amount of such notes or other evidences of indebtedness outstanding and unpaid at any one time during any part of the fiscal year in which said borrowing is made shall not be in excess of 25 per cent of the estimated aggregate amount of all taxes actually levied for such fiscal year. All such notes or other evidences of indebtedness shall be offered at public sale by the board of supervisors after not less than two days of advertising, not less than three days after the last day on which such advertising is published. Each such sale shall be made to the bidder offering the lowest rate of interest or whose bid represents the lowest net cost to the city and county; provided, however, that the rate of interest to be paid shall not exceed the sum of six (6) per centum per annum, and full authority is hereby given to said board of supervisors to fix, by resolution, the rate of interest on said notes or other evidences of indebtedness and the times and places where the principal sum of said notes or other evidences of indebtedness shall be paid. The principal amount of said notes or other evidences of indebtedness together with the interest thereon, issued and delivered under authority of this section shall be payable exclusively out of the taxes levied and collected by said city and county for the fiscal year during which the same are issued, and shall constitute a first lien and charge against the taxes collected during the half of the fiscal year in which said money shall be borrowed and shall be repaid from the first moneys received from said taxes; and the amount of taxes so levied and collected shall be applied to the payment of said notes or other evidences of indebtedness before any part thereof is used for any other purpose; provided, however, that taxes levied for the payment of principal of, or interest on, any bonded indebtedness of said city and county now outstanding or hereafter created shall be applied to the purpose for which such taxes were levied, unless the money borrowed by such notes or other evidences of indebtedness issued against such tax levies is in fact applied to the payment of the principal and interest of such bonded indebtedness. If at the time said notes or other evidences of indebtedness, or any of them, become due and payable the funds in the city treasury available for the payment thereof shall be insufficient for the payment in full of all of said notes or other evidences of indebtedness then outstanding such funds shall be applied pro rata to the payment of the principal

## 6.304 – 6.305

and interest of all of the notes or other evidences of indebtedness then issued and outstanding without preference or priority of any one note over any other by reason of prior issuance, or otherwise. Any of said notes or other evidences of indebtedness not paid prior to June 30 of the fiscal year during which the same are issued shall, nevertheless, be paid out of moneys received from the taxes of the said fiscal year, irrespective of the date of the receipt thereof, it being the intent and purpose of this section to provide for the payment of all notes or other evidences of indebtedness issued under authority of this section out of the taxes levied for the fiscal year during which said notes or other evidences of indebtedness are issued irrespective of the actual date of the collection of said taxes.

The board of supervisors shall have full power and authority to provide for the form of all notes or other evidences of indebtedness issued by authority of this section, as well as to fix the time and place for the payment of both the principal amount of said notes or other evidences of indebtedness and the interest to become due thereon; provided that all notes or other evidences of indebtedness issued for money borrowed during the first half of any fiscal year shall be payable not later than December 31 of said year; and all notes or other evidences of indebtedness issued for money borrowed during the second half of any fiscal year shall be payable not later than May 15 of such year, it being the intent and purpose of this section that the borrowing of money under authority hereof shall be solely for the purpose of anticipating receipt of income. Such unused and unencumbered appropriations, balance and revenue collections in excess of revenue estimates, as hereinbefore in this section defined, when not transferred to the cash reserve fund as hereinbefore in this section required or authorized, shall be held as surplus.

Such surplus shall be taken into account as revenue of the ensuing fiscal year; provided, however, that any such surplus created or existing in any fiscal year may be appropriated by the board of supervisors at the last meeting of such board in any month, by means of an ordinance designated as a supplemental appropriation ordinance, on the recommendation of the chief administrative officer, or any board, commission or elective officer, respectively, and the approval and submission by the mayor of a supplemental budget estimate or request, in the same manner and subject to the same conditions, except time, as provided in this charter for the submis-

Appropriations from such emergency reserve fund shall be made only on the recommendation of the department head concerned, the approval of the chief administrative officer or the board or commission in charge of such department, the recommendation of the mayor to the board of supervisors that such appropriation be made, and the vote of three-fourths of the board of supervisors.

The balance in said emergency reserve fund at the end of any fiscal year shall be maintained and carried forward in said fund. The annual appropriation for said fund and the annual tax rate therefor shall not exceed one per centum of the amount of the levy required to meet all other expense appropriations unless and until the accumulated and unencumbered balance in said fund shall amount to a sum not to exceed three per centum of the tax levy required to meet all other expense appropriations in the then current fiscal year. ## ARTICLE VII.

### SPECIAL PROCEDURES

#### Chapter One: Purchase of Material, Supplies and Equipment

##### 7.100 Material, Supplies and Equipment

The purchaser of supplies shall purchase all materials, supplies and equipment of every kind and nature, and enter into agreements for all contractual services required by the several departments and offices of the city and county, except as in this section otherwise provided. Purchases of books, magazines and periodicals for the library departments, works of art for museums and other articles or things of unusual character as to the purchasing thereof, may, on the recommendation of a department head and the approval of the purchaser, be purchased directly by said department head.

Purchases for construction operations, or for any operations conducted outside the boundaries of the city and county may, on the recommendation of the department head in charge thereof and the approval of the purchaser of supplies, be made by the department head. All such purchases made by officials of departments other than the purchasing department shall be made in accordance with regulations established by the purchaser of supplies. The purchaser of supplies shall have authority to exchange used materials, supplies, and equipment to the advantage of the city and county, advertise for bids, and to sell personal property belonging to the city and county on the recommendation of a department head that such articles are unfit for use.

All purchases shall be by written purchase order or written contract. All purchases in excess of one thousand dollars (\$1,000) shall be by written contract; provided, however, that on the recommendation of the department head, in case of an emergency actually existing, the purchaser of supplies, with the approval of the chief administrative officer, may make such purchases in the open market

on the basis of informal bids. At least three bids or quotations shall be secured on open market purchases and a permanent record of all such quotations shall be kept. All contracts and purchase orders in excess of two thousand dollars (\$2,000) for material, supplies or equipment shall require the signature of the chief administrative officer in addition to the signature of the purchaser of supplies. The purchaser of supplies shall not enter into any contract or issue any purchase order unless the controller shall certify thereon that sufficient unencumbered balances are available in the proper fund to meet the payments under such purchase order or contract as these become due.

The purchaser of supplies shall establish specifications and tests to cover all recurring purchases of material, supplies and equipment. He shall, as far as is practicable, standardize material, supplies and equipment according to the use to which they are to be put, when two or more types, brands or kinds are specified or requested by individual departments.

Purchases of equipment shall be made in accordance with specifications furnished by the department requiring such equipment in case the use of such equipment is peculiar to such department. For patented or proprietary articles sold by brand name, the purchaser may require each department requisitioning same by such brand name, to furnish specifications of the article requisitioned and may advertise for bids on the basis of such specifications, under conditions permitting manufacturers of or dealers in other articles made and sold for the same purpose to bid on such specifications or on the specifications of their own product. If the purchaser of supplies recommends the acceptance of the lowest or best bid, stating his reasons in writing therefor, and if the department head concerned recommends the acceptance of any other bid on such proprietary articles, stating his reasons in writing therefor, the award shall be determined by the controller.

The purchaser of supplies shall require departments to make adequate inspection of all purchases, and shall make such other inspection as he deems necessary. He shall direct the rejection of all articles which may be below standards, specifications or samples furnished. He shall not approve any bill or voucher for articles not in conformity with specifications, or which are at variance with any contract.

He shall have charge of central storerooms and warehouses of the city and county. He shall also have charge of a central garage and shop for the repair of city and county equipment. All garages and shops heretofore maintained by departments for the construction, maintenance, and repair of departmental supplies and equipment,

and the personnel assigned thereto, excepting the shop and personnel for fire alarm, police telegraph and traffic signal manufacture and repair operated by the department of electricity, are hereby transferred to said central garage and shop.

He shall, under the supervision of the controller, maintain an inventory of all material, supplies and equipment purchased for and in use in all departments and offices of the city and county. He shall be responsible for the periodic check of such property, and in case of loss or damage deemed by him to be due to negligence, he shall report thereon to the mayor, the chief administrative officer and the controller. He shall have authority to require the transfer of surplus property in any department to stores or to other departments.

### 7.101 Surplus Commodities

Notwithstanding any other provision of the charter, the purchaser of supplies, with the approval of the chief administrative officer, may purchase any commodity either from the government of the United States or from the State of California without advertising for bids for said commodity, irrespective as to the cost thereof, and no written contract need be entered into with the government of the United States or with the State of California for the purchase of said commodity. Before any such purchase is made the controller shall certify as to the availability of funds to pay the purchase price of said commodity.

### 7.102 Monetary Functions

The board of supervisors shall by ordinance determine the monetary limits of purchases of material, supplies and equipment to be made (a) by the taking of informal bids consistent with the manner provided in section 7.100; and (b) by advertising for bids consistent with the manner provided for in section 7.200.

They shall also provide by ordinance for the monetary limits within which procurements of material, supplies and equipment may be made from departmental revolving funds. The purchaser of supplies shall by rules and regulations, approved by the chief administrative officer and the controller, establish the methods whereby procurements may be made from departmental revolving funds.

### 7.103 Requisition, Contract and Payment

All purchase orders and contracts shall be based on written requisitions, or, for material or supplies in common use in the various departments, on the purchaser's records of average use by all departments, when approved by the chief administrative officer. The pur-

chaser of supplies shall approve all bills or vouchers for materials supplies, equipment, and contractual services before the controller shall draw and approve warrants therefor. All contracts for the purchase of material, supplies and equipment shall be made after inviting sealed bids by publication. All sealed bids received shall be kept on file. When an award of contract is made, notice that the same has been made shall be given by one publication, and any interested person may examine the bids and records at the purchaser's office.

### 7.104 Purchaser's Revolving Fund

Appropriations for material, supplies, and equipment shall be segregated in each annual appropriation ordinance for each department or office. Any part of each such fund or appropriation may, on the recommendation of the purchaser of supplies and the approval of the controller, be transferred to or made available in the purchaser's revolving fund. Warrants shall be drawn against such fund by the controller on demand of the purchaser for the payment of bills on which discount for prompt payment may be secured, or for advantageous cash purchasing, under favorable or emergency market conditions, of material or supplies for future departmental requisition and use. Discounts obtained by the use of the purchaser's revolving fund may be accumulated therein and the supervisors may make annual appropriations to such fund until a sufficient sum, as determined by the controller, is accumulated to meet the average purchasing and discount payment requirements of the city and county.

## Chapter Two: Construction or Repair of Public Works or Improvements

### 7.200 Public Works and Purchasing Contracts

The construction, reconstruction or repair of public buildings, streets, utilities or other public works or improvements, and the purchasing of supplies, material and equipment, when the expenditure involved in each case shall exceed the sum of two thousand dollars (\$2,000) shall be done by contract, except as otherwise provided by this charter. It shall constitute official misconduct to split or divide any public work or improvement or purchase into two or more units for the purpose of evading the contract provisions of this section. In an emergency, provided an actual emergency be declared by the board of supervisors to exist, and when authorized by resolution of said board, any public work or improvement may be executed in the most expeditious manner. Notwithstanding any

other provision in this section or this charter contained, upon the approval of the chief administrative officer declaring the work to be emergency in character, there may be expended by the department of public works the sum not to exceed five hundred dollars (\$500) for new construction of any type in or upon unimproved or unaccepted streets.

Any public work or improvement estimated to cost less than two thousand dollars (\$2,000) may be performed under contract or written order or by the employment of the necessary labor and purchase of the necessary materials and supplies directly by the city and county. Any public work or improvement executed by the city, other than routine repair work, shall be authorized by the chief administrative officer or by the heads of departments not under the chief administrative officer, only after detailed estimates have been prepared and submitted by the head of the department concerned. There shall be separate accounting for each work or improvement so executed, which accounting shall include all direct, indirect and supervisory elements of cost chargeable to such work or improvement, and each cost accounting shall be reported to the chief administrative officer, or to the mayor when such work shall have been performed by departments not under the chief administrative officer. All such accounts shall be reported to the controller. Any public work or improvement costing less than two thousand dollars (\$2,000) and not performed by the use of city and county labor, materials, and supplies shall, if not performed under contract, be covered by written order or agreement which shall be based on not less than three bids, notice of which shall be given by three days' posting. Records of such bids shall be kept by the department.

When the expenditure for any public work or improvement shall exceed the sum of two thousand dollars (\$2,000), the same shall be done by contract, except as otherwise provided in this charter. The head of the department in charge of or responsible for the work for which a contract is to be let, or the purchaser of supplies in the case of purchases of materials, supplies and equipment, shall let such contract to the lowest reliable and responsible bidder not less than ten days after advertising by publication for two consecutive days for sealed proposals for the work, improvement or purchase contemplated. Each such advertisement shall contain the reservation of the right to reject any and all bids. The officer responsible for the awarding of any such contract shall require from all bidders information concerning their experience and financial qualifications, as provided by general law relative to such investigations authorized by department of public works.

The purchaser of supplies with the approval of the chief adminis-

## 7.200 – 7.201

trative officer, or the department head concerned, with the approval of the board or commission to which he is responsible, may reject any and all bids and readvertise for bids.

The department head or the purchaser of supplies, as the case may be, shall have power to sign such contract for the estimated expenditures thereunder not in excess of two thousand dollars (\$2,000). Any contract involving the expenditure of over two thousand dollars (\$2,000), if for the purchase of materials, supplies or equipment, shall require the joint approval of the purchaser of supplies and the chief administrative officer. If such contract is for any public work or improvement, it shall require the joint approval of the department head and the chief administrative officer relative to departments under his jurisdiction, or the signature of the department head and the approval by resolution of the board or commission concerned for departments not under the chief administrative officer.

The board of supervisors, by ordinance, shall establish procedure whereby appropriate city and county departments may file sealed bids for the execution of any work to be performed under contract. If such bid is the lowest, the contract shall be awarded to the department. Accurate unit costs shall be kept of all direct and indirect charges incurred by the department under any such contract, which unit costs shall be reported to and audited by the controller monthly and on the completion of the work.

In any case where the lowest gross price or unit cost bid is not accepted, and a contract is entered into with another bidder, written report shall be made to the chief administrative officer, the mayor and the controller by the officer authorized to execute the contract, with the reasons for failure to accept such lowest bid.

If any provision of this section is in conflict with any provision of section 7.100 of the charter, the provision contained in section 7.100 shall govern and control.

### 7.201 Public Works Contract Procedure by Ordinance

Notwithstanding any other provision of this charter and in particular the provisions of section 7.200, the board of supervisors shall by ordinance determine the monetary limits not to exceed five thousand dollars (\$5,000), within which the construction, reconstruction or repair of public buildings, streets, utilities or other public works or improvements may be done by contract or by written order or by the employment of the necessary labor and purchase of the necessary materials and supplies directly by the city and county, consistent, save as to monetary limits, with the manner provided for in section 7.200 and section 7.100.

## 7.202 – 7.203

### 7.202 Progressive Payments

Any contract may provide for progressive payments, if the advertisement for sealed proposals shall so specify. No progressive payments under any contract shall be made which, with prior payments, shall at any time exceed in amount ninety per cent of the value of the work and labor and materials furnished, and no contract shall authorize or permit the payment of more than ninety per cent of the total contract price before the completion of the work required by such contract and the acceptance thereof by the head of the department concerned.

### 7.203 Penalties and Extras

If so specified in the published notice soliciting sealed bids for any public work or improvement, any contract therefor may be let for a gross price or on a basis of cost per unit of work to be performed, and may also provide for liquidated damages to the city and county for every day during which the contract is uncompleted beyond such specified date. In awarding any contract, the department head concerned is authorized to compare bids on the basis of time of completion. When any award of contract has been made in consideration, in whole or in part, of the relative time estimates of bidders for the completion of the work, the time within which the contractor shall start work shall be fixed and the performance within such time limits shall be covered by the bond required of the contractor, and no extension may be granted on such contract beyond the date specified for completion, unless the liquidated damages for each day the work is uncompleted beyond the specified date shall be collected; provided, however, that this shall not apply to unavoidable delays due to act of God.

If it becomes necessary, in the prosecution of any work or improvement under contract, to make alterations or modifications, or provide for extras in such contract which shall increase the contract cost, such alterations, modifications or extras shall be made only on the written recommendation of the department head responsible for the supervision of the contract, together with the approval of the chief administrative officer or the board or commission, as the case may be, and also the approval of the controller. No such alteration, modification or extra shall be valid, unless the increased price to be paid under the altered or modified contract shall have been agreed upon in writing and signed by the contractor and the department head concerned, and approved as hereinbefore provided. In the performance of any contract awarded on the unit and the unit-cost basis, if the department head concerned ascertains

## 7.203 – 7.204

that the amount of work done or to be done shall exceed the estimated amount of the contract by ten per cent, or more, the excess shall be provided for as prescribed by section 6.306 relative to supplemental appropriations.

### 7.204 Contractors' Working Conditions

Every contract for any public work or improvement to be performed at the expense of the city and county, or paid out of moneys deposited in the treasury, whether such work is to be done directly under contract awarded, or indirectly by or under sub-contract, sub-partnership, day labor, station work, piece work, or any other arrangement whatsoever, must provide: (1) That in the performance of the contract and all work thereunder, eight hours shall be the maximum hours of labor on any calendar day; (2) that any person performing labor thereunder shall be paid not less than the highest general prevailing rate of wages in private employment for similar work; (3) that any person performing labor in the execution of the contract shall be a citizen of the United States; (4) that all laborers employed in the execution of any contract within the limits of the city and county shall have been residents of the city and county for a period of one year immediately preceding the date of their engagements to perform labor thereunder; provided, however, that the officer empowered to award any such contract may, upon application of the contractor, waive such residence qualifications and issue a permit specifying the extent and terms of such waiver whenever the fact be established that the required number of laborers and mechanics possessing qualifications required by the work to be done cannot be engaged to perform labor thereunder.

The term "public work" or "improvement," as used in this section shall, include the fabrication, manufacturing or assembling of materials in any shop, plant, manufacturing establishment or other place of employment, when the said materials are of unique or special design, or are made according to plans and specifications for the particular work or improvement and any arrangement made for the manufacturing, fabrication or assembling of such materials shall be deemed to be a contract or a subcontract subject to the provisions of this section.

The board of supervisors shall have full power and authority to enact all necessary ordinances to carry out the terms of this section and may by ordinance provide that any contract for any public work or improvement, or for the purchase of materials which are to be manufactured, fabricated or assembled for any public work or improvement, a preference in price not to exceed ten per cent shall be allowed in favor of such materials as are to be manufactured,

## 7.204 – 7.206

fabricated or assembled within the City and County of San Francisco as against similar materials which may be manufactured, fabricated or assembled outside thereof. When any such materials are to be fabricated, assembled or manufactured by any sub-contractor or materialman for the purpose of supplying the same to any contractor bidding on or performing any contract for any public work or improvement, said sub-contractor or materialman manufacturing, fabricating, assembling or furnishing said materials manufactured, assembled or fabricated within the City and County of San Francisco shall be entitled to the same preferential as would any original contractor or materialman furnishing the same if the board of supervisors by ordinance so provide. When any ordinance shall so provide any officer, board or commission letting any contract may in determining the lowest responsible bidder for the doing or performing of any public work or improvement add to said bid or sub-bid an amount sufficient not exceeding ten per cent in order to give preference to materials manufactured, fabricated or assembled within the City and County of San Francisco.

### 7.205 Contract Procedure by Ordinance

The board of supervisors shall, by ordinance, establish the necessary procedure to be followed in the advertising for bids, the award of contracts, the supervision of contract work, and the acceptance thereof on completion; also for the security to be given on the filing of bids to guarantee the execution of the contract if awarded, and for the security to be given on the award of contract for the faithful performance thereof and to guarantee the payment of wages for services engaged and of bills contracted for material, supplies and equipment used in the performance of the contract.

### 7.206 Collusion

If any party or parties to whom a contract has been awarded has been guilty of collusion with any officer or representative of the city and county, or any other party or parties, in the submission of any bid or in preventing of any other being made, or in knowingly receiving preferential treatment by any officer or an employee of the city and county, then any contract so awarded, if not completed, may be declared null and void by the board of supervisors on the recommendation of the purchasing agent or the department head concerned, as the case may be, and the purchaser of supplies or the department head concerned shall thereupon re-advertise for bids for said work for the uncompleted portion thereof. If the work under such contract shall have been completed, the matter shall be referred to the city attorney for such action as may be necessary. Any party

## **7.206 – 7.303**

or parties guilty of such collusion shall not be permitted to participate in or to bid on any future public work, improvement or purchase to be made by the city and county.

### **Chapter Three: Bond Issue**

#### **7.300 General Laws Applicable**

The general laws of the State of California authorizing the incurring and establishing the procedure for the creation of bonded indebtedness and authorizing and establishing the procedure for the issuance of bonds to refund indebtedness of municipalities in force at the time any bonded indebtedness is created or refunded by the city and county shall, except as otherwise provided in this charter, be applicable to the creation of bonded indebtedness and the issuance of refunding bonds by the city and county.

#### **7.301 Interest on Bonds During Construction**

In any case where bonds have been authorized for the acquisition, construction or completion of a public utility or of extensions thereto, interest which may become due on said bonds during the actual period of construction of said utility, or of extensions to an existing utility, as the case may be, and during the period of six months immediately following the completion of the same may be paid out of the proceeds of sale of the bonds authorized and sold for such purpose, if such method of payment of interest be expressly provided for in the proceedings authorizing such bond issue.

#### **7.302 Bonds for Street and Other Public Work—Revolving Fund**

A municipal indebtedness may be authorized to be incurred by the voters, in the manner now or hereafter provided by the general laws of the State of California, for the purpose of financing public improvements the cost of which is to be assessed against private property benefited thereby, and bonds may be authorized by the voters to be issued therefor, the proceeds of which shall be used as a “Revolving Fund” to be applied to the payment of incidental and other expenses, the progressive payments on the work or works or to pay the principal or interest of bonds, securities or other evidences of debt issued against said special assessments or to purchase any bonds or coupons issued against such special assessments.

#### **7.303 Bond Election by Petition.**

In addition to the method prescribed by the other provisions of this charter, the proceedings for the authorization and issuance of bonds for the acquisition, construction or completion of any public

## 7.303 – 7.304

utility or utilities may also be initiated by electors in the manner following: Whenever a petition, signed by qualified electors of the city and county equal in number to fifteen per cent of the electors who voted for all candidates for the office of mayor at the last general election at which a mayor of the city and county was elected, requesting the board of supervisors to submit to the electors of the city and county a proposition or propositions for incurring bonded indebtedness for the acquisition, construction or completion of any public utility or utilities shall be filed in the office in which initiative petitions are required by this charter to be filed, the board of supervisors shall, as soon thereafter as in its judgment shall be practicable, proceed to call an election and submit to the electors of the city and county the proposition or propositions of incurring bonded indebtedness of the city and county for the purpose or purposes set forth in said petition. Neither errors nor informalities in said petition or in the signatures thereto nor the failure of the percentage of electors herein specified to sign the same, nor any delay in submitting said proposition or propositions to the electors shall invalidate any bonds which may be issued and sold pursuant to the provisions hereof. The provisions of this charter relating to the filing, verification and certification of initiative petitions shall be applicable to the petition herein referred to. Such election shall be called and held in the same manner as other bond elections of the city and county, and all proceedings for the issuance of bonds for the acquisition, construction or completion of such public utility or utilities, excepting only as otherwise provided in this section, shall be taken in accordance with the provisions hereinbefore set forth in this charter.

### 7.304 Bonds for Capital Improvement Projects

Whenever the capital improvement program recommended by the planning commission pursuant to section 6.202 contains a number of capital improvement projects with estimated costs of less than \$2,000,000 each and the board of supervisors by resolution adopted by two-thirds vote of all its members determines that public interest and necessity require the acquisition, construction or completion of more than one of such capital improvement projects to be specified in said resolution, but that the total estimated cost of said improvements will be too great to be paid out of the ordinary annual income and revenue of the city and county, and will require an expenditure greater than the amount allowed therefor by the annual tax levy and will require the incurring of a bonded debt, the board at any subsequent meeting may by a two-thirds vote of all its members pass an ordinance calling an election and ordering submission to the

## 7.304 – 7.305

qualified voters of the city and county the single proposition of incurring a bonded indebtedness for the group of public improvements specified in said resolution. Such election shall be called and held in the same manner as other bond elections of the city and county. If the proposition receives the assent of two-thirds of the qualified electors voting in favor thereof, the bonded indebtedness may then be incurred for said group of public improvements. No proposition or propositions for incurring a bonded indebtedness shall be submitted to the voters at any one election pursuant to the provisions of this section where the total estimated cost of the group or groups of public improvements involved exceeds the sum of \$6,000,000.

The proceeds of the sale of bonds authorized at any such election (except premium and accrued interest received on the sale thereof) shall be applied exclusively for said group of public improvements, but in such amounts applicable to each thereof as the board of supervisors may from time to time determine, provided that as nearly as practicable each capital improvement project comprising a part of said group of public improvements shall be acquired, constructed and completed to the extent of funds then available therefor, which may be more or less than the original estimated cost of any capital improvement project comprised within said group of public improvements.

The provisions of the Municipal Bond Act of 1901, as amended, presently codified as Article 1, Chapter 4, Division 4, Title 4, of the Government Code of the State of California authorizing the incurring and establishing the procedure for the creation of bonded indebtedness by cities shall except as otherwise provided herein, be applicable to the creation of the bonded indebtedness authorized by this section.

### 7.305 Revenue Bonds of the Port Commission

The Port Commission shall have the exclusive power to perform or accomplish the issuance of revenue bonds in the same manner and to the same extent as is provided for by the San Francisco Harbor Revenue Bond Act of 1951, enacted by Stats. 1951, Chapter 1712, page 4020, of the Statutes of California and codified as Sections 3300 to 3369 of the Harbors and Navigation Code of the State of California, except that the provisions of said Act codified as Section 3338 of the said Harbors and Navigation Code shall not be applicable to these bonds and the bonds shall instead be governed by the following provision:

The San Francisco Port Commission may fix terms and conditions for the sale or other disposition of any authorized issue of bonds and

## 7.305 – 7.306

may provide that the bonds may be sold on the basis of the lowest net interest cost to the San Francisco Port Commission, the coupon rates to be fixed by the successful bidder on the sale of the bonds. The San Francisco Port Commission may authorize the City Treasurer to sell bonds at less than their par or face value, but no bond may be sold at a price below 95% of the principal amount of the bond and accrued interest thereon. The said San Francisco Port Commission may set the annual rate or rates of interest which the bonds to be issued shall bear, which rate or rates, at the discretion of the said Commission, may be determined by the bidder at the time of sale of said bonds. Such interest may be payable at such periods as may be fixed by the Commission.

All of the other provisions of said Act are by this reference incorporated in and made a part of this charter, except that where the term "Board of State Harbor Commissioners" is used it shall be deemed to mean the "Port Commission," and where the term "San Francisco Harbor" is used it shall be deemed to mean all the property under the jurisdiction of the San Francisco Port Commission, and where the term "San Francisco Harbor Bond Finance Board" or "Bond Finance Board" is used it shall be deemed to mean "Board of Supervisors of the City and County of San Francisco," and where the term "Attorney General of the State of California" is used it shall be deemed to mean "City Attorney," and where the term "State Treasurer" is used it shall be deemed to mean "City Treasurer," and where the term "State Controller" is used it shall be deemed to mean "City Controller." The revenue bonds issued hereunder shall be known as "Revenue Bonds of the Port Commission of San Francisco."

### 7.306 Airport Revenue Bonds

Subject to the approval, amendment or rejection of the board of supervisors in each instance, the airports commission shall have authority to issue airport revenue bonds for the purpose of acquiring, constructing, improving or developing airports or airport facilities under its jurisdiction under such terms and conditions as the commission may authorize by appropriate resolution. Such revenue bonds shall be issued in accordance with the Revenue Bond Law of 1941 as it now reads or may hereafter be amended. The provisions of Sections 54380 through 54387, inclusive, of the Government Code shall not apply to the issuance and sale of such revenue bonds. Such revenue bonds shall bear a rate of interest not to exceed that which may be fixed and prescribed by the commission subject to the approval or rejection of the board of supervisors without regard to the limitations contained in the Revenue Bond Law of 1941. Such

## **7.306 – 7.400**

bonds issued by the commission pursuant to the provisions of this section 7.306 shall not constitute or evidence indebtedness of city and county but shall constitute and evidence only indebtedness of said commission payable solely out of revenues received by the commission from airports or airport facilities operated or controlled by it. Airport revenue bonds issued for such purposes pursuant to this section shall not be included in the bonded debt limit provided for in section 6.401 of this charter. Nothing in this section shall prevent the city and county from issuing general obligation bonds for the purpose of acquiring, constructing, improving or developing airports or airport facilities under the commission's jurisdiction, subject to the bond issue procedure provided for in this charter.

### **7.307 Interest Rates on Bonds**

Notwithstanding any other provision of this charter, or of any bond act, ordinance, or resolution to the contrary, if any general obligation bonds of the city heretofore or hereafter authorized by vote of the people have been offered for sale and not sold, the board of supervisors may raise the maximum rate of interest payable on all general obligation bonds authorized but not sold, whether or not such bonds have been offered for sale, to a maximum interest rate not in excess of seven percent by a two-thirds vote of all members of said board.

### **7.400 Director of Property**

The director of property shall be the head of the department of property. He shall have charge of the purchase of real property and improvements required for all city and county purposes, and the sale and lease of real property and improvements thereon owned by the city and county, except as otherwise provided by this charter. In the acquisition of property required for street opening, widening or other public improvements, the director of property shall make preliminary appraisals of the value of the property sought to be condemned or otherwise acquired, and report thereon to the responsible officer. It shall be his duty, in addition, to assist in such proceedings on the request of the responsible officer.

He shall have charge of the management of the exposition auditorium.

Each department authorized by the approval of bond issues or by annual or supplemental appropriation ordinances to purchase or lease property or improvements needed for the purposes of such department shall make such purchases or leases through the director of property. He shall make a preliminary valuation of the property to

## 7.400 – 7.401

be acquired or leased and report the same to the department requiring such property. For such purposes he may employ independent appraisers. He shall conduct negotiations with the owner or owners thereof, at the conclusion of which he shall report the terms on which such sale or lease may be concluded, together with his recommendations thereon. The head of the department concerned may report to the board of supervisors and recommend acceptance or that proceedings in eminent domain be instituted for the acquisition of such property.

The director of property shall maintain complete records and maps of all real property owned by the city, which shall show the purchase price, if known, and the department in charge of each parcel, with reference to deeds or grants establishing the city's title.

He shall annually report to the mayor, the controller, the chief administrative officer, and the supervisors the estimated value of each parcel and improvement. He shall make recommendations to the mayor and chief administrative officer relative to the advantageous use, disposition, or sale of real property not in use.

### 7.401 Sale or Exchange of Real Property

Any real property owned by the city and county, excepting lands for parks and squares, may be sold on the recommendation of the officer, board or commission in charge of the department responsible for the administration of such property. When the board of supervisors, by ordinance, may authorize such sale and determine that the public interest or necessity demands, or will not be inconvenienced by such sale, the director of property shall make a preliminary appraisal of the value of such property. The director of property shall advertise by publication the time and place of such proposed sale. He shall forthwith report to the department head concerned and to the supervisors the amount of any and all tenders received by him. The supervisors may authorize the acceptance of the highest and best tender, or they may, by ordinance, direct that such property be sold at public auction, date of which shall be fixed in the ordinance. No sale other than a sale at public auction shall be authorized by the supervisors unless the sum offered shall be at least ninety percent of the preliminary appraisal of such property hereinbefore referred to.

The director of property may, in lieu of sale, arrange for the trading of any real property proposed to be sold for other property required by the department in charge thereof, on the recommendation of the officer, board or commission in charge of such property and the authorization, by ordinance, of the board of supervisors.

## 7.402 – 7.403

### 7.402 Lease of Real Property

(a) When the head of any department in charge of real property shall report to the board of supervisors that certain land is not required for the purposes of the department, the board of supervisors, by ordinance, may authorize the lease of such property. The director of property shall arrange for such lease for such period as prescribed pursuant to subparagraph (c) of this section to the highest responsible bidder at the highest monthly rent. The director of property shall collect rents due under such lease.

(b) The public utilities commission shall have exclusive power to lease agricultural or other lands used and useful for water department purposes and at the same time available for leasing or rental for agricultural or other purposes and such leases shall be subject to administration by the operating forces of the water department.

(c) The board of supervisors shall have the power, by ordinance, subject to the referendum provisions of this charter, to provide a longer term for leases executed under this section than that provided for herein providing, however, that until such ordinance shall become effective the limitations contained in this section as to the term of the lease shall control.

### 7.403 Sale or Lease of Park Land

(a) Notwithstanding any other provisions of this charter, whenever lands which are or shall be used or intended for use for parks or squares are no longer needed for park or recreational purposes, such lands may be sold or otherwise disposed of, or their use for park purposes may be abandoned or discontinued; provided that nothing herein shall be construed to authorize the discontinuance or abandonment of the use of such lands, or any change in the use thereof which will cause the reversion of such lands to private ownership, or cause the forfeiture of the ownership thereof in fee by the City and County of San Francisco, or as authorizing the discontinuance of the use of park lands acquired in any proceeding wherein a local assessment based on benefits was or shall be levied to provide funds for such acquisition; and provided further that the general laws of the State of California authorizing municipal corporations to abandon or to discontinue the use of land for park purposes, authorizing the sale or other disposition of such lands, and providing procedures therefor and for matters relating thereto, shall be applicable to the City and County of San Francisco and to all lands held or used by it for park purposes and shall govern and control exclusively in respect thereto.

(b) Except as provided in subsection (c) the recreation and park

## 7.403 – 7.405

commission shall not lease any part of the lands under its control nor permit the building or maintenance or use of any structure on any park, square, avenue or ground, except for recreation purposes, and each letting or permit shall be subject to approval of the board of supervisors by ordinance. The commission may lease to the highest responsible bidder for a term of not to exceed fifty years and upon such other terms and conditions as it may determine, subsurface space under any public park or square and the right and privilege to conduct and operate therein a public automobile parking station, provided that the said construction, when completed, and the operation will not be, in any material respect or degree, detrimental to the original purpose for which said park or square was dedicated or in contravention of the conditions of any grant under which said park or square might have been received. The revenues derived from any such lease shall be credited to the recreation and park department fund.

(c) The recreation and park commission shall have the power to lease or rent any stadium or recreation field under its jurisdiction for athletic contests, exhibitions and other special events and may permit the lessee to charge an admission fee.

### 7.404 Sale or Lease of Public Utility Property

The board of supervisors shall have power to lease or sell any public utility or any part thereof; provided that any ordinance or other measure involving the lease or sale of any public utility or part thereof, except as provided in sections 7.401 and 7.402 of this charter, or any ordinance granting any new franchise for the operation of any public utility whose franchise has expired, or is about to expire, must be referred and submitted to a vote of the electors of the city and county at the election next ensuing not less than sixty days after the adoption of such ordinance, and shall not go into effect until ratified by a majority of the voters voting thereon.

### 7.405 Leases and Concessions on Airport Property

The airports commission shall have exclusive power to negotiate and, subject to approval by the board of supervisors shall execute leases of airport lands and space in airport buildings, without necessity for competitive bidding, to any person, firm, or corporation engaged in air transportation, or agency of government, for such purposes only; provided, that the original term of any such lease shall not exceed fifty years, nor shall any extension of such lease exceed a period of fifty years. The commission shall also have sole power, subject to competitive bidding and award to the highest responsible

## 7.405 – 7.501

bidder to lease out any concession wherein the concessionaire is to be given an exclusive right to occupy space on or in airport lands or buildings. There shall be no requirement for competitive bidding in the award by the commission of any concession in an instance where no exclusive right is given the concessionaire to occupy space on or in airport lands or buildings.

Other than as specifically provided herein, the airports commission shall have exclusive power to lease lands now devoted to airport purposes or lands that may hereafter be acquired and devoted to airport purposes for a period not to exceed fifty years, and the director of property shall arrange for such lease to the highest responsible bidder at the highest monthly or annual rent, subject to approval of the airports commission, and thereafter the administration of any and all such leases shall be by the airports commission. Section 7.404 of this charter shall not be applicable to leases referred to in this paragraph provided, however, that no lease of airport lands or agreement which divests the city and county of the right to manage, operate or control the aircraft landing field, the entire part of the airport not devoted to the aircraft landing field, or the entire airport shall be made without the approval of the board of supervisors by ordinance and referral and submission to a vote of the electors of the city and county at the election next ensuing not less than sixty days after the adoption of such ordinance, and such ordinance shall not go into effect until ratified by a majority of voters voting thereon.

### Chapter Five: Zoning

#### 7.500 Approval of Permits and Licenses

No permit or license that is dependent on or affected by the zoning, set-back or other ordinances of the city and county administered by the city planning commission shall be issued except on the prior approval of the city planning commission.

#### 7.501 Zoning Amendments

The city planning commission shall consider and hold hearings on proposed ordinances and amendments thereto regulating or controlling the height, area, bulk, setbacks, location, use or related aspects of any building or structure or land, including but not limited to the zoning ordinance and other portions of the city planning code. Such proposals may be initiated by the board of supervisors and referred to the commission, or they may be initiated by the commission itself. In the case of a reclassification of property (change in district boundaries) or establishment, abolition or modification of a setback

line, such proposals may be initiated by the application of interested property owners or their authorized agents.

Procedures for action on such matters shall be as prescribed by the board of supervisors by ordinance. The commission shall approve any such proposal in whole or in part, or shall disapprove it.

If the commission approves the proposal in whole or in part, it shall be presented to the board of supervisors together with the written approval of the commission, and the board may adopt such proposal, as approved, by ordinance by a majority vote.

If the commission disapproves the proposal in whole or in part, such action shall be final; except that in the case of a proposal initiated by the board, notice of the commission action shall be sent to the board without the necessity for an appeal; and except further that, in the case of a reclassification of property or establishment, abolition or modification of a setback line initiated by application, appeal may be taken to the board of supervisors by filing written notice of appeal with the said board within thirty days after such action. Such notice of appeal shall be subscribed by the owners of at least twenty per cent of the property affected by such change, excluding any property that is owned by the City and County of San Francisco, the United States Government or the State of California, or any department or agency thereof, or by any special district, unless the owner of such property shall itself be a subscriber of the notice of appeal. An action of the city planning commission so appealed shall not become effective unless and until approved by the board of supervisors in accordance with this section.

Upon receiving such written notice of appeal, the board of supervisors or the clerk thereof shall set a time and place for hearing such appeal, which shall be not less than ten (10) nor more than thirty (30) days after the filing of such notice of appeal. The board of supervisors must decide such appeal within thirty (30) days of the time set forth for the hearing thereon, provided that, if the full membership of the board is not present on the last day on which said appeal is set or continued for hearing within said period, the board may postpone said hearing and decision thereon until, but not later than, the full membership of the board is present; provided, further, that the latest date to which said hearing and decision may be so postponed shall be not more than ninety (90) days from the date of filing of the appeal. Failure of the board of supervisors to act within such time limit shall be deemed to constitute approval by the board of the action of the city planning commission.

In acting upon any such appeal, or in acting upon any proposal initiated by the board of supervisors and disapproved by the commission, said board of supervisors may disapprove the action of

## 7.501 – 7.503

the commission, and in the event of any such disapproval, the board shall adopt the proposed ordinance or amendment thereto at the next regularly scheduled meeting of the board; provided, however, that in the case of any reclassification of property or establishment, abolition or modification of a setback line, any such disapproval and adoption shall be by a vote of not less than two-thirds of all members of the board.

Whenever any such proposed ordinance or amendment thereto, or any part thereof, initiated by application, has been disapproved by the city planning commission or by the board of supervisors on appeal, no application proposing the same or substantially the same ordinance or amendment shall be resubmitted to or reconsidered by the commission within a period of one year from the effective date of final action upon the earlier application.

### 7.502 Zoning Administration

There shall be in the department of city planning a zoning administrator appointed subject to the civil service provisions of this charter who shall administer and enforce the zoning and set-back ordinances. He shall receive and investigate all applications for proposed amendments thereto and shall submit his report and recommendations thereon to the director of planning prior to the hearing by the city planning commission.

### 7.503 Zoning Variances

The zoning administrator shall receive, investigate, hear and determine all applications for variances from the strict application of the provisions of the aforesaid ordinances. The board of supervisors shall establish by ordinance the procedure for action on such matters, including the manner by which notice of time and place of hearings shall be given. The zoning administrator shall have power to grant only such variances as may be in harmony with the general purpose and intent of said ordinances and in accordance with the general and specific rules therein contained, subject to such conditions and safeguards as he may impose. He shall have authority to grant such variances only when the strict and literal interpretation and enforcement of the provisions of said ordinances would result in practical difficulties, unnecessary hardships or results inconsistent with the general purposes of the zoning regulations. Before any such variance may be granted, there shall appear, and the zoning administrator shall specify in his findings, the facts in each case which shall establish:

(1) That there are exceptional or extraordinary circumstances or conditions applying to the property involved or to the intended use

## 7.503 – 7.600

of the property that do not apply generally to the property or class of uses in the same district or zone;

(2) That such variance is necessary for the preservation and enjoyment of a substantial property right of the petitioner, possessed by other property in the same zone and vicinity; and

(3) That the granting of such variance will not be materially detrimental to the public welfare or injurious to the property or improvements in such zone or district in which the property is located.

The determination of the zoning administrator shall be final except that appeals therefrom may be taken, as hereinafter provided, to the board of permit appeals, exclusively and notwithstanding any other provisions of this charter, by any person aggrieved or by any office, agency, or department of the city and county. An appeal from a determination of the zoning administrator shall be filed within ten days from the date of such determination with the board of permit appeals. Upon making a ruling or determination upon any matter under his jurisdiction, the zoning administrator shall thereupon furnish a copy thereof to the applicant and to the director of planning. No variance granted by the zoning administrator shall become effective until ten days thereafter. An appeal shall stay all proceedings in furtherance of the action appealed from.

It shall be the duty of the owner of any property fronting on a public street to keep the sidewalk in front thereof in good repair and condition and the board of supervisors is hereby empowered to provide by ordinance for the repair of such sidewalks in all cases where the owner fails and neglects to repair the same.

Interest at the rate of not more than seven per cent may be charged on the unpaid balances of special assessments in cases where the owners of property against which such assessments are levied elect to pay such assessments in installments.

The amount of all special assessments levied for the payment of work financed out of the public improvement revolving fund, together with all interest accruing thereon, shall be credited as collected to such revolving fund. The board of supervisors shall refer all other requests for spur track permits to the director of public works for report thereon, which shall be submitted by him within ten days after such reference, and shall not grant permission to lay any spur track until a report thereon shall have been received from said director, to the effect that such construction and operation will not create an unreasonable interference with the public use of the streets affected.

Such ordinance shall fix the fees or licenses to be charged. Said ordinance shall also specify which department shall make the necessary investigations and inspections and issue or deny and may revoke the permits and licenses therefor.

Permits and licenses shall be issued by the departments as designated by ordinance, only after formal application for such permit or license.

Any nominee or appointee of the mayor whose appointment is subject to confirmation by the board of supervisors, except the chief administrative officer and the controller, as in this charter otherwise provided, may be removed by a majority of such board and with the concurrence of the mayor. In each case, written notice shall be given or transmitted to such appointee of such removal, the date of effectiveness thereof, and the reasons therefor, a copy of which notice shall be printed at length in the journal of proceedings of the board of supervisors, together with such reply in writing as such official may make. Any appointee of the mayor or the board of supervisors guilty of official misconduct or convicted of crime involving moral turpitude must be removed by the mayor or the board of supervisors, as the case may be, and failure of the mayor or any supervisor to take such action shall constitute official misconduct on his or their part.

(2) Inmate help or student nurses, or part-time services, where the compensation including the value of any allowances in addition thereto does not exceed one hundred fifty dollars (\$150) per month. Provided that for each fiscal year following fiscal year 1963, the civil service commission shall adjust the one hundred fifty dollar (\$150) maximum for part-time service as provided herein, in accordance with the average percentage increase or decrease approved for all classifications under the provisions of section 8.400 and 8.401 of this charter, and such adjusted rate shall be included in the annual salary ordinance. Provided further that such part-time positions shall not be exempted from being filled from appropriate lists of civil service eligibles, except upon the recommendation of the appointing officer, who shall set forth the schedule of operations showing that the operations involved require the service of employees for not more than seventy (70) hours per month and approval of the civil service commission, including a certification that such part-time positions cannot practically be filled from existing eligible lists. These provisions shall not be used to split or divide any position into two or more units for the purpose of evading the provisions of this section;

(3) Persons employed in positions outside the city and county upon construction work being performed by the city and county when such positions are exempted from said classified civil service by an order of the civil service commission;

(4) Persons employed in positions in any department for expert professional temporary services, and when such positions are exempted from said classified civil service for a specified period of said temporary service, by order of the civil service commission;

The civil service rights, acquired by persons under the provisions of the charter superseded by this charter, shall continue under this charter.

Any person holding a salaried office under the city and county, whether by election or appointment, who shall, during his term of office, hold or retain any other salaried office under the government of the United States, or of this state, or who shall hold any other salaried office connected with the government of the city and county, or who shall become a member of the legislature, shall be deemed to have thereby vacated the office held by him under the city and county.

Positions held by employees of the city and county at said buildings and improvements shall be subject to the civil service provisions of this charter and the compensation thereof shall be subject to the salary standardization provisions of this charter, in like manner and extent in all respects as positions and compensations of employments in the city and county service

generally, notwithstanding anything to the contrary contained in the charter or ordinances of said city and county. The chief administrative officer shall be the appointing officer as provided in this charter.

(e) All persons employed in the operating service of any public utility hereafter acquired by lease or under any other temporary arrangement, under which the city acquires the right to operate said utility, shall be continued in their respective positions and shall be deemed appointed to such positions under, and entitled to all, the benefits of the civil service provisions of this charter for the period of time during which the city shall continue to operate said utility under said lease or other temporary arrangement. Should the city permanently acquire said utility, said persons shall come into the permanent employ of the city and county in their respective positions and shall be deemed permanently appointed thereto under the civil service provisions of the charter and shall be entitled to all the benefits thereof, all subject to the provisions contained in section 8.300 (f) and 8.450 of the charter; provided, however, that said employees who are taken over into the employ of the city under said lease or other temporary arrangement shall not be subject to the residential qualifications of the charter, during the term of said lease or other temporary arrangement. All employees of any such utility, acquired or operated by the city under any lease or other temporary arrangement, who come into the employ of said utility after the temporary acquisition of same, shall be subject to the civil service provisions of the charter. (h) Any employee who was a permanent civil service appointee assigned to the airport department under the public utilities commis-

sion immediately prior to the effective date of this section, shall be continued without loss in civil service rights as an appointee of the airport department, provided that civil service rights as they relate to layoff in the event of lack of work or lack of funds of all permanent employees of the public utilities commission, including the airport department, immediately prior to the effective date of this section, shall be continued without loss in the same manner and to the same extent as though the airport department had not by these amendments been created a separate city function under the airports commission.

(b) Notwithstanding anything to the contrary in subsection (a) or any other provisions of the charter, it shall be the policy of the City and County of San Francisco, consistent with a policy of acquiring qualified personnel for the service of the city and county, to encourage the hiring of blind persons. It shall further be the policy of the City and County of San Francisco that no otherwise qualified blind person shall be discriminated against in examination, re-examination, appointment, reappointment, waiver of eligibility for appointment or reappointment, promotion or demotion in any class, subclass or position in the civil service unless eyesight is indispensable for the performance of the duties and responsibilities of the class, subclass or position. It shall be the duty of the commission to classify, and from time to time it may reclassify, places of employment in the civil service the duties of which may be efficiently performed by qualified blind persons and to conduct appropriate examinations which will fairly test the capacity of blind persons as well as sighted persons to perform such duties.

### **8.311 Prohibition of Political Activity**

Active participation in city and county politics, relative to the election or appointment of public officials, by civil service employees and eligibles of the city and county, is subversive of the best interests of the merit system and, therefore, persons holding positions in the classified civil service or on eligible lists for such positions shall take no active part in such political campaigns, or in soliciting votes, or in levying, contributing or soliciting funds or support, in each case for

the purpose of favoring or hindering the appointment or election of candidates for city and county offices. Violation of the provisions of this section shall be deemed an act of insubordination and considered good cause for suspension or dismissal from position or removal from eligible list.

### Part Three: Examination and Appointment

#### 8.320 Qualifications of Applicants

(a) Any citizen having the qualifications prescribed by section 8.100 of this charter may submit himself for any examination under conditions established by the civil service commission. Provided, however, applicants for positions as motorman, conductor or bus operator on the municipal railway need not be residents of the city and county at the time of application, examination or appointment, but must become residents within the meaning of section 8.100 within a reasonable time, not to exceed six months, after completion of the probationary period provided in section 8.340.

(b) Applicants for entrance positions in the uniformed force of the fire department shall not be less than nineteen years of age at the time of taking the examination, nor less than twenty years of age or more than thirty-two years of age at the time of appointment and shall have the physical qualifications required for enlistment in the United States Army, Navy and Marine Corps.

(c) Applicants for entrance positions in the uniformed force of the police department shall not be less than twenty years of age at the time of taking the examination, nor less than twenty-one years of age or more than thirty-five years of age at the time of appointment and shall have the physical qualifications required for enlistment in the United States Army, Navy and Marine Corps.

(d) The commission shall advertise in the official paper the time, place and general scope of all examinations for entrance into the public service and may take further appropriate means to interest suitable applicants. When examinations for promotion are to be held, the commission shall give notice thereof to all persons in positions entitling them under the civil service rules, to participate in such examination, by posting information thereof in the office of the commission for a period of ten days and notifying the office, agency, or department concerned.

#### 8.321 Examination of Applicants

All applicants for places in the classified service shall submit to tests which shall be competitive provided, however, that no test in either entrance or promotional examinations shall be deemed to be competitive unless two or more persons shall participate, except that

## 8.321 – 8.322

any such examination may be held for one qualified applicant on recommendation of the civil service commission and approval by resolution of the board of supervisors, after a finding by the board that reasonable publicity of the proposed examination has been given by the civil service commission. Such tests shall be without charge to the applicants. The commission shall control all examinations and may employ suitable persons in or out of the public service to act as examiners. The tests may be written, oral, mechanical or physical, or any combination of them, practical in character and related to matters fairly to test the relative capacity of the applicants for the positions to be filled. The commission shall be the sole judge of the adequacy of the tests to rate the capacity of the applicants to perform service for the city and county. The commission may, for each examination, establish a passing mark or may determine the total number of persons who shall constitute the list of eligibles. The commission shall prepare from the returns of the examiners the list of eligibles, arranged in order of relative excellence. No question submitted to applicants shall refer to political or religious opinions or fraternal affiliations.

Applicants for positions in the mechanical trades and occupations may, in the discretion of the commission, be rated solely on experience and physical qualifications which may be demonstrated by such evidence and in such manner as the commission may direct, and such applicants may be submitted to such further tests as the commission may require. Examinations of laborers shall relate only to physical qualifications and experience, and laborers establishing their fitness shall rank upon the register in order of priority application.

## 8.322 Protest of Written Questions and Answers

After the written portion of a civil service examination has been held, and prior to the scoring thereof, the questions used and the answers thereto shall be made available for review by the participants. During the review period, participants shall have an opportunity to protest questions or answers they believe to be incorrect or improper, and for this purpose shall be permitted to bring to the place of review such written authorities as they may desire to assist them in the preparation of their protests. The written portion of the examination shall not be scored until all protested items have been acted on by the civil service commission and an official rating key has been adopted. After the official rating key has been adopted, the examination papers have been scored and the identification sheets of the participants have been opened so that the identity of the participant is known, the civil service commission shall not make any changes in the examination questions or answers.

**8.323 Protest of Tentative List of Eligibles**

After the civil service commission has prepared and posted a tentative list of eligibles, arranged in order of relative excellence, as the result of any examination held by said commission, all examination papers, questions and answers, and all marks and grades given on any test given in said examination shall be open to public inspection, provided that the identity of the examiner giving any mark or grade in an oral test shall not be disclosed; and provided further that the commission may require the payment of a fee of not more than one dollar (\$1.) for the inspection of all of the papers relating to the examination of any one person participating in said examination; and provided further that a participant may examine his own examination papers without charge. The civil service commission shall have power to correct any error which in its judgment may have occurred in the rating of any participant in said examination, and to alter said posted tentative list of eligibles and to make changes accordingly therein. The civil service commission shall provide for a reasonable period of time for such inspection, but not less than three (3) working days for entrance examinations nor less than five (5) working days for promotive examinations nor more than two (2) calendar weeks for either entrance or promotive examinations. If no protests are received during the time limits provided by the civil service commission for such inspection, the tentative list of eligibles shall be given immediate final approval and adoption. If any protests are filed within the inspection period provided by the civil service commission, the investigation and action on such protests shall be expedited to the end that final approval and adoption of the eligible list may be made at the earliest possible time, provided that in no event shall such final approval and adoption be delayed beyond sixty (60) days after the date of posting of the tentative list of eligibles.

The civil service commission by rules shall establish procedures for the review of written tests and the inspection of examination papers, as herein provided, for the maintenance of the security of examination material and for the protection of the public interest.

**8.324 Veterans Preference in Examinations**

Veterans with thirty days or more actual service, and widows of such veterans, who become eligible for appointment by attaining the passing mark in any entrance examination, shall be allowed an additional credit of five percent in making up the list of eligibles secured by such examination. The term "veteran" as used in this section shall be taken to mean any person who has been mustered into, or served in, the Army, or enlisted in, or served in, the Navy or

Marine Corps, of the United States, in time of war and received an honorable discharge or certificate of honorable active service. In the case of promotive examinations, when the passing mark has been attained, a credit of three percent shall be allowed to veterans or to widows of such veterans, when requested by such veterans or widows. When an eligible has secured a permanent appointment from a list of eligibles derived from an entrance examination in which he has been allowed additional credits of five percent as herein provided, and has served the full probationary period therein as provided in this charter, such other additional credits of five percent that have been allowed him on the list of eligibles derived from other entrance examinations shall be automatically cancelled, and his rank on such other list or lists revised to accord with his relative standing before such additional credits were added and he shall not be allowed such additional credits in any other entrance examinations. If he has received a permanent appointment from a list of eligibles derived from a promotive examination in which he has requested and been allowed the additional credits of three percent as herein provided, and has served the full probationary period therein as provided in this charter, such additional credits of three percent that have been allowed him on the lists of eligibles derived from other promotive examinations shall be automatically cancelled, and his rank on such other list or lists revised to accord with his relative standing before such additional credits were added, and he shall not be allowed such additional credits in any other promotive examinations. The civil service commission may, for services or employment specified by the commission, allow general or individual preference, but not less than ten percent, for entrance appointment of veterans who have suffered permanent disability in the line of duty, provided that such disability would not prevent the proper performance of the duties required under such service, or employment, and provided that such disability is of record in the United States Veterans' Bureau.

In the administration hereafter of the provisions of section 8.320 (b) and (c), and this section, of this charter, the terms Army, Navy or Marine Corps of the United States shall be deemed to include the Army, the Air Corps, the Navy, the Marine Corps, and the Coast Guard of the United States, and for the purposes of determining whether any person was mustered into, or served in, the Army, the Air Corps, the Navy, the Marine Corps, or the Coast Guard of the United States, in time of war, the expression, time of war, shall include the following periods of time:

## 8.325 Aid, Hindrance, Fraud and Collusion in Examinations

No person or officer shall, by himself or in cooperation with other persons, defeat, deceive or obstruct any person in respect to his or her right of examination; or falsely mark, grade, estimate or report upon the examination or proper standing of any person examined hereunder, or aid in so doing; or make any false representations concerning the same, or concerning the person examined; or furnish to any person any special or secret information for the purpose of either improving or injuring the prospects or chances of any person of being appointed, employed or promoted.

Any eligible securing standing on a list by fraud, concealment of fact or violation of commission rules shall be removed from such list and if certified or assigned to a position shall be removed therefrom.

## 8.326 Promotions in General

Except as specifically provided for in section 8.327, whenever it deems it to be practicable, the civil service commission shall provide for promotion in the service on the basis of such examinations and tests as the commission may deem appropriate, and shall, in addition, give consideration to ascertained merit and records of city and county service of applicants. ### 8.328 Promotional Examinations for Employees on Military Leave

Employees under permanent civil service appointment who, because of absence on duly authorized military leave after June 27, 1950, did not participate in a promotional examination held after June 27, 1950, and during time of war as defined in section 8.324 of this charter, and in which examination the employee would have been otherwise eligible to compete had the war not intervened, and which examination is hereinafter referred to as the original promo-

tional examination, shall after abridgment of military leave, have the right to participate in a similar promotional examination. Provided, that persons and employees who were on entrance or promotive eligible lists, shall, for the purpose of this amendment, be deemed to be appointees in their classifications from the time their names were reached for permanent certification while in the military service.

In order to qualify for participation in a similar promotional examination under the provisions of this section, such employee who desires to participate therein must make application in writing to the civil service commission within thirty days after the abridgment of his military leave, or within thirty days after the effective date of this amendment. Failure to file such written request to participate in a similar promotional examination as herein provided shall be deemed a waiver of all rights of the employee to participate in such similar promotional examination.

The civil service commission shall arrange to hold such similar promotional examination within a reasonable time after employees eligible to request participation in any such similar promotional examination under the provisions of this section have indicated their desire to so participate, or have waived their right to participate, as herein provided.

The civil service commission shall be the sole judge of the adequacy of such similar promotional examination. If the employee obtains in the similar promotional examination a score rating equal to or more than the minimum passing mark established by the civil service commission for inclusion on the list of eligibles resulting from the original promotional examination, his name shall thereupon be entered on the eligible list resulting from the original promotional examination in accordance with the relative excellence obtained by all the qualified participants in the original and similar promotional examinations. Such employees shall be eligible for appointment from such list of eligibles in accordance with civil service rules to any vacancy thereafter occurring, and subject to satisfactory completion of a probationary period as provided in section 8.340 of this charter for a period of four years after the date on which their name is entered on the eligible list and before eligibles procuring standing through examinations held subsequent to the original promotional examination.

If it is determined by the civil service commission that the name of such person would have been reached for permanent appointment from the list of eligibles established as a result of the original promotional examination during his term of military service had the name of such person appeared thereon, then such employee, upon appointment to a permanent position as herein provided, shall be

granted seniority in such appointment from the date his name would have been reached had his name appeared thereon, but such seniority shall be used only for the purpose of determining salary increments and calculating city and county service credits in other promotional examinations held subsequent to the similar promotional examination herein authorized. For all other purposes, seniority of service shall date from the date of appointment as a result of qualifying in the similar promotional examination as herein authorized.

Such employees who qualify for appointment as a result of a similar promotional examination as herein provided, and who are appointed to permanent positions, as herein provided, shall be permitted to participate in other promotional examinations for which they are otherwise eligible, while serving under probationary appointment in the position to which appointed as a result of the similar promotional examination, provided that certification from lists of eligibles established from such other examinations shall not be made until the employee has satisfactorily completed the aforesaid probationary appointment.

The civil service commission shall adopt rules to govern the administration of similar promotional examinations herein authorized, and appointments and other matters resulting therefrom.

#### 8.329 Certification of Eligibles: Rule of One

Whenever a position controlled by the civil service provisions of this charter is to be filled, the appointing officer shall make a requisition to the civil service commission for a person to fill it. Thereupon, the commission shall certify to the appointing officer, the name and address of the person standing highest on the list of eligibles for such position. In case the position is promotive, the commission shall certify the name of the person standing highest on such list. In making such certification, sex shall be disregarded except when a statute, a rule of the commission or the appointing officer specifies sex.

From the requisition of the appointing officer or otherwise, the commission shall determine whether the position is, in character, temporary, seasonal or permanent, and shall notify the candidate in accordance therewith to the end that the candidate may have knowledge of the probable duration of employment. The commission shall provide for such waiver of temporary or seasonal employment as it may deem just to candidates.

#### 8.330 Duration of Lists of Eligibles

The civil service commission may remove all names from the list of eligibles after they have remained thereon for more than two years

## 8.330 – 8.331

and all names thereon shall be removed at the expiration of four years. The commission may, however, provide in the scope-circular of any examination that the list of eligibles secured thereby shall automatically expire at a date not less than two or more than four years after the adoption of such list.

### 8.331 Limited Tenure Appointments

When in time of war declared by the Congress of the United States eligibles are not available for appointment from registers established through the regular examination procedure as provided under sections 8.320, 8.321, 8.324 and 8.330 hereof, the civil service commission may qualify applicants for wartime appointments to positions through informal and non-competitive tests. Such tests and appointments resulting therefrom shall be governed solely by the provisions of this section and by rule of the civil service commission adopted pursuant thereto and the tests shall be adequate in the judgment of the civil service commission to determine the capacity of applicants to perform the duties of the positions to be filled pending creation of lists of eligibles through the regular examination procedure as provided in sections 8.320, 8.321, 8.324 and 8.330 hereof. Appointments made under the provisions of this section shall be designated "limited tenure appointments" and may continue only until registers of eligibles are established through the regular examination procedure provided in sections 8.320, 8.321, 8.324 and 8.330 hereof but in no event to exceed six months beyond the cessation of hostilities. Limited tenure appointments may be terminated by the appointing officer at any time for lack of work or funds. Limited tenure appointments may be terminated by the appointing officer for good cause at any time with the approval of the civil service commission without reference to the procedures governing removals set forth in section 8.342 hereof. Persons serving under limited tenure appointments as in this section provided shall by reason of such service acquire no right or preference to permanent civil service status as defined elsewhere in this charter or by rule of the civil service commission which is conferred on persons completing probationary appointments made from lists of eligibles established through the regular examination procedures provided in sections 8.320, 8.321, 8.324 and 8.330 of the charter. Service after January 1, 1951, under limited tenure appointment, by platform employees of the municipal railway, shall not be included in the calculation of service of such employees for the purpose of determining assignments of runs when such assignments are made on the basis of seniority of service.

Non-civil service appointments in the absence of civil service eligibles as provided in sections 8.320, 8.321, 8.324 and 8.330 of this

## 8.331 – 8.332

charter shall not be authorized if applicants qualified for limited tenure appointments are available. The civil service commission shall make every effort consistent with current conditions to maintain adequate registers of eligibles established through the regular examination procedure provided in sections 8.320, 8.321, 8.324 and 8.330 hereof.

The civil service commission shall adopt rules to carry out the provisions of this section and to govern the administration of limited tenure appointments.

In time of national emergency declared by the President of the United States or by the Congress or while any act authorizing compulsory military service or training is in effect, the provisions of this section may also be made operative upon recommendation of the civil service commission and approval of the board of supervisors by ordinance enacted by two-thirds vote of the board. Authority for limited tenure appointments, if established pursuant to the authority of this paragraph, shall cease six months after repeal by the board of supervisors of the ordinance which authorized such appointments.

### 8.332 Temporary and Emergency Appointments

When no list of eligibles exists or no eligible is available on an existing list for a position in the class requisitioned by the appointing officer, and immediate service in the position is required by the appointing officer and another list exists which is deemed by the civil service commission to be suitable to provide temporarily the service desired, the commission shall certify for civil service temporary appointment an eligible from such list; if no such other list deemed by the commission to be suitable exists, the commission pursuant to its rules may authorize the appointing officer to make a non-civil service or emergency appointment thereto for a period not exceeding ninety working days. Such non-civil service or emergency appointment, however, shall cease prior to the expiration of such ninety working days at the time a civil service eligible reports for duty as provided in section 8.329 of the charter.

If a list of eligibles exists for the position requisitioned, but immediate service is deemed necessary by the appointing officer pending the time an eligible from such list is certified and reports for duty as provided in section 8.329 of the charter, the commission may authorize the appointing officer to make a non-civil service or emergency appointment thereto for a period not exceeding thirty working days. Such non-civil service or emergency appointment, however, shall cease prior to the expiration of such thirty working days at the time a civil service eligible reports for duty as provided in section 8.329 of this charter.

## 8.332 – 8.340

No person shall be compensated under any non-civil service or emergency appointment or appointments as authorized under the provisions of the foregoing paragraphs of this section for a period exceeding ninety working days in any fiscal or calendar year, and no claim or warrant therefor shall be approved, allowed or paid for any compensation in excess of such ninety working days in any fiscal or calendar year.

If no eligibles are available for appointment to a permanent position in the class requested by the appointing officer the commission shall immediately hold an examination and establish an eligible list for such position. If its annual appropriation is insufficient to meet the cost of said examination, it shall report to the mayor the estimated cost thereof, and the mayor shall request and the supervisors shall make supplemental appropriation therefor in the manner provided herein for supplemental appropriations.

### 8.333 Appointments During an Unemployment Emergency

Whenever the board of supervisors by a three-fourths vote of all its members shall declare that an unemployment emergency exists throughout the city and county because of extraordinary conditions due to unemployment, and shall fix the period during which such unemployment emergency shall be officially recognized, the civil service commission shall then have power to exempt from civil service examinations during such emergency period all places of employment that may be created by special appropriation to relieve such unemployment emergency; provided, that no action shall be taken under the provisions of this paragraph that will adversely affect the rights of civil service eligibles for employment in the usual temporary and permanent positions that are provided for in the annual salary ordinance. The civil service commission shall adopt special rules for the government of appointments to the emergency positions that may be created under the authority of this paragraph.

## Part Four: Suspension and Dismissal

### 8.340 Dismissal During Probation Period

Any appointment to a position declared permanent by the civil service commission shall be on probation for a period of six months, provided that the probationary period for entrance positions in the uniform rank of the police and fire departments shall be for one year. At any time during the probationary period the appointing officer may terminate the appointment upon giving written notice of such termination to the employees and to the civil service commis-

## 8.340 – 8.341

sion specifying the reasons for such termination. Except in the case of uniformed members of the police and fire departments the civil service commission shall inquire into the circumstances. If the appointment resulted from an entrance examination the commission may declare such person dismissed or may return the name to the list of eligibles under such conditions for further appointment as the commission may deem just. If the appointment resulted from a promotional examination the employee shall have the right of appeal and hearing before the civil service commission. The commission shall render a decision within thirty days after receipt of the notice of termination and (a) may declare such person dismissed; or (b) order such person reinstated in his position without prejudice, and the commission may in its discretion order that the employee be paid salary from time of the termination of his appointment; or (c) order the return of such person to the position from which he was promoted. The decision of the commission shall be final. Immediately prior to the expiration of the probationary period the appointing officer shall report to the civil service commission as to the competence of the probationer for the position, and if competent, shall recommend permanent appointment.

The provisions of this section shall be effective on the first day of the month immediately following the date of ratification of this amendment by the State Legislature. (*Amended 1972*)

### 8.341 Dismissal for Cause

No person employed under the civil service provisions of this charter, exclusive of members of the police and fire departments as provided under section 8.343 hereof, in a position defined by the commission as "permanent" shall be removed or discharged except for cause, upon written charges, and after an opportunity to be heard in his own defense. Pending such hearing, the appointing officer may suspend the person so accused; but such suspension shall not be valid for more than thirty days, unless hearing upon the charges shall be delayed beyond such time by the act of the accused person. When charges are made, the appointing officer shall, in writing, notify the person accused of the time and place when the charges will be heard, by mailing such statement to his last known address. The appointing officer shall publicly hear and determine the charges, and may exonerate, suspend or dismiss the accused. If the employee is exonerated the appointing officer may, at his discretion, remit the suspension and may order payment of salary to the employee for the time under suspension, and the report of such suspension shall thereupon be expunged from the record of service of such employee. The civil service commission shall immediately be notified of the

charges when made, of the hearing, and of the finding thereon. The finding of the appointing officer shall be final, unless within thirty days therefrom the dismissed employee appeals to the civil service commission. The appeal and all proceedings shall be in writing and shall briefly state the grounds therefor. The civil service commission shall examine into the case and may require the appointing officer to furnish a record of the hearing and may require in writing any additional evidence it deems material, and may, thereupon, make such decision as it deems just. The order or decision of the commission upon such appeal shall be final and shall forthwith be enforced by the appointing officer. If the civil service commission shall reverse or alter the finding of the appointing officer it may, in its discretion, order that the employee affected be paid salary from the time of his discharge or suspension.

The civil service commission may hear and determine any charge filed by a citizen or by the authorized agents of the commission when the appointing officer neglects or refuses to act. Removal or discharge may be made for any of the following causes: incompetence, habitual intemperance, immoral conduct, insubordination, discourteous treatment of the public, dishonesty, inattention to duties, or engaging in prohibited political activities.

Nothing in this section shall limit or restrict rules adopted by the commission governing lay-offs or reduction in force.

### 8.342 Disciplinary Suspensions

The appointing officer may, for disciplinary purposes, suspend a subordinate for a period not exceeding thirty days; and suspension shall carry with it the loss of salary for the period of suspension. The suspended employee shall be notified in writing of the reason for such suspension, and if the suspension be for more than five days the employee shall, at his request, be given a hearing by the appointing officer. The decision of the appointing officer in all cases of suspension for disciplinary purposes shall be final.

## 8.343 – 8.350

Any member so suspended shall have the right to appeal such suspension to the fire commission or to the police commission, as the case may be, and have a trial and hearing on such suspension. Written notice of appeal must be filed within 10 days after such suspension and the hearing of said appeal must be held within 30 days after the filing of said notice of appeal. If the commission shall reverse or alter the finding of the chief, it shall in the case of a reversal and in other cases it may in its discretion, order that the member affected be paid salary for the time of his suspension. In the event the chief should exercise such power of suspension, the member involved shall not be subject to any further disciplinary action for the same offense.

Subject to the foregoing members of either department shall not be subject to dismissal, nor to punishment for any breach of duty of misconduct, except for cause, nor until after a fair and impartial trial before the commissioners of their respective departments, upon a verified complaint filed with such commission setting forth specifically the acts complained of, and after such reasonable notice to them as to time and place of hearings as such commission may, by rule, prescribe. The accused shall be entitled, upon hearing, to appear personally and by counsel; to have a public trial; and to secure and enforce, free of expense, the attendance of all witnesses necessary for his defense.

### 8.344 Exoneration of Charges

If, as provided for in section 8.343 a member of the police department is suspended by the chief of police pending hearing before the police commission for charges filed against him and subsequently takes a leave of absence without pay pending his trial before the commission, and, if after such trial he is exonerated of the charges filed against him, the commission may, at its discretion, remit the suspension and leave of absence without pay and may order payment of salary to the member for the time under suspension and on leave of absence without pay, and the report of such suspension and leave of absence without pay shall thereupon be expunged from the record of service of such member.

## Part Five: Transfers

### 8.350 Disability Transfers

(a) When a permanent civil service employee other than a member of the fire department and police department who has served not less than three (3) years in his position, has become incapable through advanced age, accident or other disability, of performing the duties

of his position, the civil service commission may, with the consent of the appointing officer or appointing officers involved, transfer him to a position within his capacities to perform, whether or not within the classification for which he qualified for appointment, but such position shall not be in a classification having a higher compensation schedule than the one from which he is transferred, and his compensation shall not thereafter be increased beyond the maximum salary for the classification to which such employee is transferred, nor in any event shall his salary be increased to equal the salary such employee would have received had he remained in his former position; provided, however, that a permanent employee, including any permanent member of the fire department and police department, who has become incapable of resuming his former position through disability incurred while on active service with the armed forces while on military leave may upon application after his discharge from military service be transferred under the provisions of this section, regardless of his length of service.

(b) Employees transferred under the provisions of this section may, upon recovery from the disability, and with the consent of the civil service commission, return to a vacancy in their former classification.

(c) Positions filled under the provisions of this section shall not be subject to salary standardization, but the salaries thereafter shall be fixed by the civil service commission within the limitations herein set forth, provided, however, that salaries of such employees who were transferred from or to positions the compensations for which are subject to section 8.403 hereof may be revised as of July 1st within the limitations herein set forth to reflect rates of pay adopted under the provisions of section 8.403 for the then ensuing fiscal year by appropriate amendment to the annual appropriation ordinance and annual salary ordinance but without reference or amendment to the annual budget. The civil service commission shall make rules to carry out the intent of this section and such rules shall govern all transfers made under the provisions of this section.

(d) Whenever any employee is transferred under the provisions of this section and has held such position for five (5) years, he shall be eligible to participate in any promotional examination in which his classification is designated as the next lower rank from which promotion will be made; provided that the disability of said employee is not of such nature as to interfere with the performance of the duties required in the promotive classification. The civil service commission shall make such determination after examination of the employee by a civil service examining physician.

(e) The salary of an employee who is promoted as the result of

## 8.350 – 8.361

participation in a promotional examination under the provisions of this section shall be fixed in accordance with the salary standardization provisions of this charter.

(f) Notwithstanding any of the provisions of subsections (a), (b), and (c) of this section or any other provisions of this charter, whenever any employee is transferred under the provisions of subsections (a), (b) or (c) of this section and has held such position for ten (10) years, the limitations imposed on his salary by those subsections shall terminate and his salary shall thereafter be fixed in accordance with the salary standardization provisions of this charter.

### 8.351 Automation Transfers

When, because of technological advances, automation, or the installation of new equipment a surplus of employees is created and a permanent civil service employee who has completed his probationary period is to be laid off, the civil service commission may transfer such employee to a position within his capacities to perform, whether or not within the classification for which he qualified for appointment. The civil service commission may administer any examinations which the commission deems advisable to test the capacity of such employee, and shall be the judge of the ability of the employee to perform the duties in the position to which transfer is to be made. The position to which transfer is to be made shall not be in a classification having a higher compensation schedule than the one from which he is transferred, and compensation in the position to which transferred shall be governed by the provisions of the salary standardization ordinance and the salary ordinance. Employees transferred under the provisions of this section may, with the approval of the civil service commission and the appointing officer involved, be returned to a vacancy in his former classification. The civil service commission shall adopt rules to carry out the intent of this section, and such rules shall govern all transfers made under the provisions of this section.

When qualified they shall be certified as of the date they would have been reached for certification in accordance with the relative excellence attained by their participation in the entire examination.

## Chapter Four: Compensation and Other Conditions of Employment

#### 8.400 General Rules for Establishing and Paying Compensation

(a) The board of supervisors shall have power and it shall be its

duty to fix by ordinance from time to time, as provided in section 8.401, all salaries, wages and compensations of every kind and nature, except pension or retirement allowances, for the positions, or places of employment, of all officers and employees of all departments, offices, boards and commissions of the city and county in all cases where such compensations are paid by the city and county.

(b) The board of supervisors shall have power by ordinance to provide the periods when salaries and wages earned shall be paid provided, that until such ordinance becomes effective, all wages and salaries shall be paid semi-monthly. No salary or wage shall be paid in advance. It shall be official misconduct for any officer or employee to present or approve a claim for full-time or continuous personal service other than in the manner provided by this charter.

(c) All personal services shall be paid by warrants on the basis of a claim, bill, timeroll or payroll approved by the head of the department or office employing such service. The claims, bills or payrolls, hereinafter designated as payrolls, for salaries, wages or compensation for personal services of all officers, assistants and employees of every class or description, without regard to the name or title by which they are known, for each department or office of the city and county shall be transmitted to the civil service commission before presentation to the controller.

(d) The secretary of the civil service commission shall verify that all persons whose names appear on payrolls have been legally appointed to or employed in positions legally established under this charter. In performing such verification said secretary may rely upon the results of electronic data processing. Said secretary shall direct his attention to exception reports produced by such processing; he shall approve or disapprove each item thereon and transmit said exception reports to the controller. The controller shall not draw his warrant for any claim for personal services, salary, wages or compensation which has been disapproved by the said secretary.

(e) For the purpose of the verification of claims, bills, timerolls, or payrolls, contractual services represented by teams or trucks hired by any principal executive or other officer of the city and county shall be considered in the same manner as personal service items and shall be included on payrolls as approved by said principal executive or other officers, and shall be subject to examination and approval by the secretary of the civil service commission and the controller in the same manner as payments for personal services.

(f) The salary, wage or other compensation fixed for each officer and employee in, or as provided by this charter, shall be in full compensation for all services rendered, and every officer and employee shall pay all fees and other moneys received by him, in the

course of his office or employment, into the city and county treasury.

There shall, however, be deducted from the amount of basic salary, wage or other compensation, excluding any pay premium differentials of any type whatsoever payable by the city and county to the officer or employee for such period as such officer or employee may be absent on account of jury service, any amounts which the officer or employee may receive on account of such jury service. (h) All increases in salaries or wages of officers and employees shall be determined at the time of the preparation of the annual budget estimates and the adoption of the annual budget and appropriation ordinances, and no such increases shall be effective prior to the fiscal year for which the budget is adopted. Salary and wage rates for classes of employments subject to salary standardization, as in this charter provided, shall be fixed in the manner provided in this charter. Salary and wage rates for classes of employment not subject to salary standardization, exclusive of compensations fixed by this charter, shall be recommended by the officer, board or commission having appointive power for such employments, and fixed by the budget and the annual salary ordinance. Pending the adoption of salary standards as in this charter provided, the salary and wage rates for positions subject to such standardization shall be as recommended by the officer, board or commission having appointing power for such positions and fixed by the budget and annual salary ordinance; provided that the minimum compensation for employees subject to the civil service provisions of this charter shall be not less than fifty cents (50¢) per hour nor less than one hundred six dollars (\$106) per month; and provided further that any compensation paid as of January 1, 1931, to an incumbent who legally held a position in the city and county service at that time, shall not be reduced so long as such incumbent legally holds such position. No compensation other than the minimum as in this section provided shall be increased so as to exceed the salary or wage paid for similar services of like character and for like service and working conditions in other city departments or in private employments, nor so as to exceed the rate

## 8.400 – 8.401

fixed for such service or position in the proposed schedule of compensations issued by the civil service commission under date of April 9, 1930, except as such proposed schedule or compensation is amended as provided in this charter, or extended by the civil service commission to include classification not included therein. (*Amended 1972*)

### 8.401 Compensation of Officers and Employees Subject to Salary Standardization

This section shall apply to all officers and employees except those whose compensations are specified in this charter and except those covered in section 8.402, 8.403, 8.404 and 8.405.

The compensations of the attorney appointed by the public administrator and of all elective and appointive officers of the city and county, except members of the board of supervisors and of other boards and commissions, the superintendent of schools and members of the several ranks of the police and fire departments, shall be fixed in accordance with the salary standardization provisions of this section.

In fixing schedules of compensation as in this section provided, the civil service commission shall prepare and submit to the board of supervisors and the board shall adopt a schedule of compensations which shall include all classifications, positions and places of employment the wages or salaries for which are subject to the provisions of this section; provided, that the civil service commission shall from time to time prepare and submit to the board of supervisors and the board shall adopt amendments to the schedule of compensations which are necessary to cover any new classifications added by the civil service commission. Under the schedules of compensation recommended by the civil service commission and adopted by the board of supervisors as herein provided, like compensation shall be paid for like service, based upon the classification as provided in section 3.661 of the charter, and for those classifications of employment in which the practice is customary, the proposed schedules of compensation shall provide for minima, intermediate, and maxima salaries and for a method of advancing the salaries of employees from the minimum to the intermediate and to the maximum with due regard to seniority of service. The compensations fixed as herein provided shall be in accord with the generally prevailing rates of wages for like service and working conditions in private employment or in other comparable governmental organizations in this state; provided, that for specialized services which are peculiar to the

municipal service and not duplicated elsewhere in private or other governmental organizations in this state, the commission shall recommend and the board of supervisors shall fix a compensation which shall be in accord with the wages paid in private employment or other governmental organizations in the state for the nearest comparable service and working conditions; and provided further that if the civil service commission determines on the basis of facts and data collected as hereinafter provided that the rates generally prevailing for a particular service in private employment or in other governmental organizations are inconsistent with the rates generally prevailing in private employment or other governmental organizations for services requiring generally comparable training and experience, the commission shall set forth these data in its official records and shall recommend and the board of supervisors shall fix a compensation for such service that shall be consistent with the compensations fixed by the board of supervisors for other services requiring generally comparable training and experience; and provided further that the minimum compensation fixed for full time employment subject to the civil service provisions of this charter shall be not less than one hundred and six dollars (\$106) per month.

The proposed schedules of compensation or any amendments thereto shall be recommended by the civil service commission solely on the basis of facts and data obtained in a comprehensive investigation and survey concerning wages paid in private employment for like service and working conditions or in other governmental organizations in this state. The commission shall set forth in the official records of its proceedings all of the data thus obtained and on the basis of such data the commission shall set forth in its official records an order making its findings as to what is the generally prevailing rate of pay for each class of employment in the municipal service as herein provided, and shall recommend a rate of pay for each such classification in accordance therewith. The proposed schedules of compensation recommended by the civil service commission shall be transmitted to the board of supervisors, together with a compilation of a summary of the data obtained and considered by the civil service commission and a comparison showing existing schedules. Before being presented to the board of supervisors for consideration, the proposed schedules and a comparison with existing schedules shall be posted and otherwise publicized for a period of two weeks by the commission in a manner designed to give reasonable publicity thereof.

The board of supervisors may approve, amend or reject the schedule of compensations proposed by the civil service commission;

provided, that before making any amendment thereto the data considered by the board of supervisors as warranting such amendment shall be transmitted to the civil service commission for review and analysis and the commission shall make a report thereon to the board of supervisors, together with a report as to what other changes, and the cost thereof such proposed amendments would require to maintain an equitable relationship with other rates in such schedule.

The salaries and wages paid to employees whose compensations are subject to the provisions of this section shall be those fixed in the schedule of compensations adopted by the board of supervisors as herein provided and in accord with the provisions of the ordinance of the board of supervisors adopting the said schedule, and the compensations set forth in the budget estimates, and the annual salary ordinance and appropriations therefor shall be in accord therewith.

Not later than January 15th, 1944, and every five years thereafter and more often if in the judgment of the civil service commission or the board of supervisors economic conditions have changed to the extent that revision of existing schedules may be warranted in order to reflect current prevailing conditions, the civil service commission shall prepare and submit to the board of supervisors a schedule of compensations as in this section provided. A schedule of compensations or amendments thereto as provided herein which is adopted by the board of supervisors on or before April 1st of any year shall become effective at the beginning of the next succeeding fiscal year and a schedule of compensations or amendments thereto adopted by the board of supervisors after April 1st of any year shall not become effective until the beginning of the second succeeding fiscal year. The board of supervisors shall appropriate twelve thousand five hundred dollars (\$12,500) to the civil service commission to be known as the salary survey fund and to be used exclusively for defraying the cost of surveys of wages in private employment and in other governmental jurisdictions and making reports and recommendations thereon and publication thereof as herein provided. No expenditures shall be made therefrom except on authorization of board of supervisors. In the event of the expenditure of any of said funds, the board of supervisors in the next succeeding annual budget shall appropriate a sum sufficient to reimburse said salary survey fund.

Where compensations for services commonly paid on an hourly or a per diem basis are established on a weekly, semi-monthly or monthly salary basis for city and county service, such salary shall be based on the prevailing hourly or per diem rate, where this can be established, and the application thereto of the normal or average hours or days of actual working time, in the city and county service, including an allowance for annual vacation.

## 8.402 – 8.403

### 8.402 Compensation of Teachers, Part-Time Employees and Certain Other Groups

Compensations of the teaching and other technical forces of the school department and employees of the Steinhart Aquarium and law library departments, construction employees engaged outside of the city and county, part-time employees, and inmate and institutional help receiving less than fifty dollars (\$50) per month, shall be fixed by the department head in charge thereof, with the approval of the board or commission, if any, in charge of the department concerned and subject to the budget and appropriation provisions of this charter; provided that part-time employees shall be recorded as such by a principal executive, only with approval of the civil service commission and, when so recorded, shall be noted as part-time on payrolls, budget estimates, salary ordinance and similar documents.

### 8.403 Rates of Pay for Trades and Crafts

Whenever any groups or crafts establish a rate of pay for such groups or crafts through collective bargaining agreements with employers employing such groups or crafts, and such rate is recognized and paid throughout the industry and establishments employing such groups or crafts in San Francisco and the civil service commission shall certify that such rate is generally prevailing for such groups or crafts in private employment in San Francisco pursuant to collective bargaining agreements, the board of supervisors shall have the power and it shall be its duty to fix such rate of pay as the compensations for such groups and crafts engaged in the city and county service. The rate of pay so fixed by the board of supervisors shall be determined on the basis of rates of pay certified by the civil service commission on or prior to April 1st of each year and shall be effective July 1st following; provided, that the civil service commission shall review all such agreements as of July 1st of each year and certify to the board of supervisors on or before the second Monday of July any modifications in rates of pay established thereunder for such crafts or groups as herein provided. The board of supervisors shall thereupon revise the rates of pay for such crafts or groups accordingly and the said revised rates of pay so fixed shall be effective from July 1st of the fiscal year in which such revisions are determined.

Should the budget estimates of the several departments be filed with the controller or transmitted to the mayor before any such report of said civil service commission is received by the board of supervisors, the head of each department affected by such report may amend its budget estimate to comply with the provisions of such report.

## 8.403 – 8.404

Not later than the 25th day of July in each year the board of supervisors shall have power and it shall be its duty, subject to the fiscal provisions of the charter but, without reference or amendment to the annual budget, to amend the annual appropriation ordinance and the annual salary ordinance to include the provisions necessary for paying the rates of compensation fixed by the board of supervisors as in this section provided for the then current fiscal year.

### 8.404 Salaries and Benefits of Carmen

The wages, conditions and benefits of employment as provided for in this section of the various classifications of employment of platform employees and coach or bus operators of the municipal railway as compensation, shall be determined and fixed annually as follows:

(a) On or before the first Monday of August of each year, the civil service commission shall certify to the board of supervisors for each classification of employment the average of the two highest wage schedules in effect on July 1st of that year for comparable platform employees and coach or bus operators of other surface street railway and bus systems in the United States operated primarily within the municipalities having each a population of not less than 500,000 as determined by the then most recent census taken and published by the director of the census of the United States, and each such system normally employing not less than four hundred (400) platform employees or coach or bus operators, or platform employees, coach and bus operators.

(b) The board of supervisors shall thereupon fix a wage schedule for each classification of platform employees and coach and bus operators of the municipal railway which shall not be in excess of the average of the two highest wage schedules so certified by the civil service commission for each such classification.

(c) When, in addition to their usual duties, such employees are assigned duties as instructors of platform employees or coach or bus operators they shall receive twenty cents (20¢) per hour in addition to the rate of pay to which they are otherwise entitled under the wage schedule as herein provided.

(d) The rates of pay fixed for platform employees and coach and bus operators as herein provided shall be effective from July 1st of the year in which such rates of pay are certified by the civil service commission.

(e) The terms wage schedule and wage schedules wherever used in this section are hereby defined and intended to include only the maximum rate of pay provided in each such wage schedule.

(f) At the time the board of supervisors fixes the wage schedule as provided in (b) above, the board of supervisors may fix as conditions and benefits of employment other than wages as compensation for platform employees and coach or bus operators of the municipal railway, conditions and benefits not to exceed those conditions and benefits granted by collective bargaining agreements to the comparable platform employees and coach or bus operators of the two systems used for certification of the average of the two highest wage schedules by the civil service commission. The board of supervisors may establish such conditions and benefits notwithstanding other provisions or limitations of this charter, with the exception that such conditions and benefits shall not involve any change in the administration of, or benefits of the retirement system, health service system or vacation allowances as provided elsewhere in this charter. For all purposes of the retirement system as related to this section, the word "compensation" as used in section 8.529 of this charter shall mean the "wage schedules" as fixed in accordance with paragraphs (a) and (b) above, including those differentials established and paid as part of wages to platform employees and coach and bus operators of the municipal railway, but shall not include the value of those benefits paid into the fund established as herein provided. Provided that when in the two systems used for certification as provided above, vacation, retirement and health service benefits are greater than such similar benefits provided by this charter for platform employees, coach or bus operators of the municipal railway, then an amount not to exceed the difference of such benefits may be converted to dollar values and the amount equivalent to these dollar values shall be paid into a fund. The fund shall be established to receive and to administer said amounts representing the differences in values of the vacation, retirement and health service benefits, and to pay out benefits that shall be jointly determined by representatives of the city and county government and the representatives of the organized platform employees and coach and bus operators of the municipal railway. The civil service commission shall adopt rules for the establishment and general administration of the fund as herein provided. Such rules shall provide for a joint administration of the fund by representatives of the city and county government, which shall include representatives of the administrator of the agency responsible for the municipal railway and representatives of the organized platform employees, coach and bus operators of the municipal railway. Such rules may provide a procedure for final and binding arbitration of disputes which may arise between representatives of the city and county government and the representatives of the organized platform employees and coach and bus operators of

On recommendation of the civil service commission the board of supervisors shall establish a rate of pay for trainee platform men and bus or coach operators at a level reflecting the current labor market but below the basic hourly rate for motorman, conductor and bus operator.

### 8.405 Salaries of Uniformed Forces in the Police and Fire Departments

(a) Not later than the 15th day of February of each year, the civil service commission shall survey and certify to the board of supervisors rates of compensation paid police officers or patrolmen employed in the respective police departments in all cities of 100,000 population or over in the State of California, based upon the latest federal decennial census.

Not later than the 1st day of April of each year, the board of supervisors shall have power, and it shall be its duty, by ordinance, to fix rates of compensation for the members of the police department whose annual compensations are set forth in section 3.531 of this charter and said rates shall be in lieu of said annual compensations and shall be effective on the 1st day of July next following.

The rates of compensation, fixed in said ordinance,

(2) for the first, second and third year of service for police officers, police patrol drivers and women protective officers shall include the same amount of adjustment as that used in fixing the rates of compensation for the fourth year of service for the same class;

(3) for said members of the police department other than police officers, police patrol drivers and women protective officers shall include the same per cent of adjustment as that established by said ordinance for police officers in the fourth year of service and

(4) shall be set at the dollar amount nearest the fractional amount which may result from percentage adjustment specified in this section, half dollars being taken to the next higher dollar amount.

The rates of compensation set forth in the budget estimates, the budget and the annual salary ordinance shall be those fixed by the board of supervisors as in this section provided and appropriations therefor shall be based thereon.

Not later than the 1st Monday of August of each year, the civil service commission shall survey and certify to the board of supervisors the rates of compensation paid police officers or patrolmen on the first day of August of that year in the cities hereinbefore referred to. The board of supervisors shall thereupon have the power by ordinance to revise all of the rates of compensation as in this section provided. Said revised rates shall be effective from the first day of July of the then current fiscal year.

If the board of supervisors revises said rates of compensation, then it shall, not later than the 25th day of August of the then current fiscal year, have the power, and it shall be its duty, subject to the fiscal provisions of the charter, but without reference or amendment to the annual budget, to amend the annual salary ordinance and the annual appropriation ordinance to include the provisions necessary for paying the rates of compensation fixed by the board of supervisors as in this section provided for the then current fiscal year.

The expression "rates of compensation," as used in this section in relation to said survey, is hereby declared to apply only to a basic amount of wages, with included range scales, and does not include such working benefits as might be set up by any other city by way of holidays, vacations, other permitted absences of any type whatsoever, overtime, night or split shift, or pay for specialized services within a classification or rank, or other premium pay differentials of any type whatsoever. The foregoing enumeration is not exclusive, but it is the intent of this section that nothing other than a basic amount of wages, with included range scales, is to be included within the meaning of "rates of compensation."

Working benefits and premium pay differential of any type shall be allowed or paid to members of the police department referred to herein only as is otherwise provided in this charter.

The absence of any police officer, woman protective officer, or police patrol driver on military leave, as defined by section 8.361 of this charter, shall be reckoned a part of his service under the city and county, for the purpose of computing years of service in gaining added compensation as provided for herein.

On the recommendation of the chief of police, the commission may reward any member of the department for heroic or meritorious conduct. The form or amount of said reward to be discretionary with the commission, but not to exceed one month's salary in any one instance.

If any member of the department appointed as an assistant inspector is a sergeant at the time of the appointment or is appointed a sergeant thereafter, he shall receive the rate of compensation attached to the rank of sergeant.

(b) Not later than the fifteenth day of February of each year the civil service commission shall survey, and certify to the board of supervisors, any additional rate of pay paid to members assigned to two-wheel motorcycle traffic duty in the respective police departments of all cities of 100,000 population or over in the State of California, based upon the latest decennial census.

Not later than the first day of April of each year the board of supervisors shall have power, and it shall be its duty by ordinance to fix the additional rate of pay for the members of the police department who are assigned to two-wheel motorcycle traffic duty, at a rate of pay not to exceed the highest rate of compensation paid to members assigned to two-wheel motorcycle traffic duties in the cities included in the certified report of the civil service commission.

Not later than the 1st Monday of August of each year the civil

service commission shall survey and certify to the board of supervisors any additional rate of pay to be paid to members assigned to two-wheel motorcycle traffic duty on the first day of August of that year in the cities hereinbefore referred to

The board of supervisors shall thereupon have the power by ordinance to revise the additional rate of pay as in the section provided. Said revised rates shall be effective from the first day of July of the then current fiscal year

If the board of supervisors revises said additional rate of pay then, it shall, not later than the 25th day of August of the then current fiscal year, have the power, and it shall be its duty, subject to the fiscal provisions of the charter, but without reference or amendment to the annual budget, to amend the annual salary ordinance and the annual appropriation ordinance to include the provisions necessary for paying the additional rate of pay for members assigned to two-wheel motorcycle traffic duty fixed by the board of supervisors as in this section provided for the then current fiscal year.

Said additional rate of pay shall be in addition to the rate of compensation provided for in subsection (a).

In no event shall the additional rate so fixed be less than \$15.00 per month.

(c) Not later than the 15th day of February of each year, the civil service commission shall survey and certify to the board of supervisors rates of compensation paid firemen employed in the respective fire departments of all cities of 100,000 population or over in the State of California, based upon the latest federal decennial census.

Not later than the 1st day of April of each year, the board of supervisors shall have the power, and it shall be its duty, by ordinance, to fix rates of compensation for the members of the fire department whose annual compensations are set forth or otherwise provided in section 3.542 of this charter, and said rates shall be in lieu of said annual compensations and shall be effective on the 1st day of July next following.

(3) for said members of the fire department other than firemen shall include the same per cent of adjustment as that established by said ordinance for firemen in the fourth year of service; and

(4) shall be set at the dollar amount nearest the fractional amount which may result from percentage adjustment specified in this section, half dollars being taken to the next higher dollar amount.

The rates of compensation set forth in the budget estimates, the budget and the annual salary ordinance shall be those fixed by the board of supervisors as in this section provided and appropriations therefor shall be based thereon.

Not later than the 1st Monday of August each year, the civil service commission shall survey and certify to the board of supervisors the rates of compensation paid firemen on the first day of August of that year in the cities hereinbefore referred to. The board of supervisors shall thereupon have the power by ordinance to revise all of the rates of compensation as in this section provided. Said revised rates shall be effective from the first day of July of the then current fiscal year.

If the board of supervisors revises said rates of compensation, then it shall, not later than the 25th day of August of the then current fiscal year, have the power, and it shall be its duty, subject to the fiscal provisions of the charter, but without reference or amendment to the annual budget, to amend the annual salary ordinance and the annual appropriation ordinance to include the provisions necessary for paying the rates of compensation fixed by the board of supervisors as in this section provided for the then current fiscal year.

The expression "rates of compensation" as used in this section, in relation to said survey, is hereby declared to apply only to a basic amount of wages, with included range scales, and does not include such working benefits as might be set up by any other city by way of holidays, vacations, other permitted absences for any type whatsoever, overtime, night or split shift, or pay for specialized services within a classification or rank, or other premium pay differentials of any type whatsoever. The foregoing enumeration is not exclusive, but it is the intent of this section that nothing other than a basic amount of wages, with included range scales, is to be included within the meaning of "rates of compensation."

Working benefits and premium pay differentials of any type shall be allowed or paid to members of the fire department referred to herein only as is otherwise provided in this charter.

For all purposes of the retirement system, the expression "rates of compensation," as used in subsections (c) and (d) of this section shall mean "salary attached to the rank" as used in section 169 of the charter of 1932, as amended and "compensation earnable" as used in section 8.549.

The term "firemen" as used in this section shall mean the persons employed, in the fire departments of said cities of 100,000 popula-

tion or over or of the City and County of San Francisco, to perform substantially the duties being performed on the effective date of this section by drivers, stokers, tillermen, truckmen, or hosemen, in the San Francisco Fire Department.

The expression "members of the fire department" does not include members of the fire commission.

The absence of any officer or member of the fire department on military leave of absence, as defined by section 8.361 of this charter, shall be reckoned a part of his service under the city and county, for the purpose of computing years of service in gaining added compensation as provided in this charter.

On the recommendation of the chief of department, the commission may reward any officer or member of the department for heroic or meritorious conduct, the form or amount of said award to be discretionary with the fire commission, but not to exceed one month's salary in any one instance.

The rates of compensation for the ranks of captain, bureau of fire prevention and public safety, and lieutenant, bureau of fire prevention and public safety, and lieutenant, bureau of fire investigation, shall be thirteen per cent (13%) above the compensation established for the ranks of captain and lieutenant as provided for in this section. Such rate shall not exceed the highest rate of compensation paid, whether it be paid to police officers, patrolmen or firemen, in the cities included in the certified report of the civil service commission submitted to the board of supervisors pursuant to the provisions of the aforesaid subsections of this section; provided, further, that the minimum rate of compensation attached to the rank of sergeant in the police department shall be equal to the rate of compensation attached to the rank of lieutenant in the fire department. (*Amended 1972*)

### 8.406 Salary Deductions

Whenever, in the judgment of the mayor and the board of supervisors, extraordinary economic conditions actually exist due to unemployment, fire, earthquake, flood or other calamity, which adversely affect the life, health and welfare of the citizens of the city and county or of any considerable portion thereof, the board of supervisors, by a three-fourths vote of all of its members, with the concurrence of the mayor, shall have power as follows, to-wit:

(1) To officially declare that a public emergency exists, and to fix the approximate anticipated time during which said emergency shall continue, provided that no such emergency shall be anticipated to continue beyond the end of the fiscal year during which the same is declared, unless such emergency be declared subsequent to the 1st day of January of said year, in which event the said emergency may be anticipated to continue until the end of the next succeeding fiscal year.

(2) To provide that while said emergency as declared shall continue to exist there shall be deducted from the gross salaries and compensations, exclusive of pension and retirement allowances, of each officer and employee of the City and County of San Francisco, including officers and employees of the board of education, not more than the respective amounts hereinafter set forth. Said deductions shall be made on the basis of the salary and compensation rate of said several officers and employees which were in effect during the calendar month immediately preceding the month during which said emergency was declared and not reduced by this section.

If said salary and compensation deductions are not reflected in the annual budget and appropriation ordinances, as set forth in subdivision 3 of this section, the amount of said deductions shall be used for the purpose of meeting or alleviating the emergency which has been declared, or to balance any deficiency existing in the general funds of the city arising by reason of the delinquency in the payment of taxes or other revenue as compared with the anticipated revenues over the same period. Provided that where salaries or compensations are paid out of bond funds, utility funds, or other trust funds, which are not provided from the revenues of the city, all deductions made shall revert to the respective funds from which said salaries or compensations are paid.

The maximum deductions from the salary or compensation of each officer or employee heretofore referred to shall be as follows, to-wit:

(a) From the salaries or compensation of officers or employees whose gross earnings exceed \$100 per month and do not exceed

\$120 per month, three (3) percent of the amount of the gross monthly earnings of each of said officers or employees.

(b) From the salaries or compensations of officers or employees whose gross earnings exceed the sum of \$120 per month and do not exceed the sum of \$150 per month, seven (7) percent of the gross monthly earnings of each of said officers or employees.

(c) From the salaries or compensations of officers or employees whose gross earnings exceed the sum of \$150 per month, and do not exceed the sum of \$185 per month, ten (10) percent of the gross monthly earnings of each of said officers or employees.

(d) From the salaries or compensations of all officers or employees whose gross earnings exceed the sum of \$185 per month, and do not exceed the sum of \$275 per month, twelve and one-half (12½) percent of the gross monthly earnings of each of said officers or employees.

(e) From the salaries or compensations of all officers or employees whose gross earnings exceed the sum of \$275 per month, and do not exceed the sum of \$600 per month, fifteen (15) percent of the gross monthly earnings of said officers or employees.

(f) From the salaries or compensations of all officers or employees whose gross earnings exceed the sum of \$600 per month, and do not exceed the sum of \$834 per month, eighteen (18) percent of the gross monthly earnings of each of said officers or employees.

(g) From the salaries or compensations of all officers or employees whose gross earnings exceed the sum of \$834 per month, twenty (20) percent of the gross monthly earnings of each of said officers or employees.

(h) Provided, however, that no more than five and one-half (5½) percent of the gross monthly earnings of per diem employees whose compensations are fixed on the basis of a five-day week shall be deducted from the salaries or earnings of any such employee.

Said deductions shall be made from said earnings or compensations in monthly or semi-monthly installments according to the time at which said salaries or compensations are paid; provided that where the earnings of any officer or employee are on an hourly or per diem basis deductions based on his total earnings for the month shall be deducted from the installment of said earnings paid for the last half of the month.

(3) Should any such emergency declared as herein provided be anticipated to continue into the next fiscal year following the one during which said emergency has been declared, the controller and

the mayor in preparing or submitting their respective annual budget estimates shall base and estimate the net salaries and compensations to be paid at amounts not to exceed the said salaries and compensations as reduced by the above-mentioned percentages on the above-mentioned salary and compensation rates, and the annual appropriation and salary ordinance shall fix said net salaries and compensation accordingly. When any emergency is declared after the annual budget is prepared or adopted, or after the annual appropriation or salary ordinances are enacted, and before the annual tax rate is fixed as provided by law, said budget and said appropriation and salary ordinances may be revised or reenacted, so that the deductions herein authorized to be made may be reflected in the amount of the tax levy.

(4) All of such deductions, whether made after the passing of the annual budget appropriation and salary ordinance or included therein, shall be deemed as temporary deductions from the salaries and compensations of said officers and employees, and shall be continued only during the anticipated period for which said emergency has been declared.

(5) In making the deductions herein provided for, the value of board, room and laundry or other maintenance furnished by the city and county to any officer or employee, when the same is made a part of his compensation by the civil service commission, shall be added to the monetary salary or compensation paid to said employee, and the amount of deductions from said salary or compensation shall be based on said monetary salary plus the value of said board, room and laundry or other maintenance, provided that no deduction shall be made for quarters furnished to any officer or member of the fire department.

(6) During the period that any emergency shall exist after being so determined as hereinbefore provided, the controller, with the approval of the mayor and the board of supervisors, may reallocate any unencumbered balance, or any part thereof, to the credit of any department or office exclusive of moneys or appropriations made or required to be made to any bond, bond interest, bond redemption, pension, utility, or trust fund, so that the same shall be available to meet the necessities of said emergency, irrespective as to whether the amount allocated to said department or office is fixed by this charter or is the result of a tax provided by said charter to be levied for said department. Should the period during which said emergency is anticipated to exist extend beyond the end of the fiscal year in which the same was declared to exist, the mayor, with the approval of the board of supervisors, may reduce the amount of any mandatory appropriation provided to be allocated to any office or

department; or may reduce the amount of any tax provided by the charter to be levied for the support or maintenance of any department or office. Provided that no such deduction in appropriation, provided by this charter to be made to any department, or in the reallocation of funds, or reduction in the amount of said tax otherwise provided to be levied to produce funds for any department, shall be greater than is necessary to reflect the deductions in salaries provided in the section to be made by reason of said emergency.

The provisions of this section shall have precedence over conflicting provisions of this charter, but nothing herein contained shall adversely affect the rights of the officers and employees as set forth in section 8.400 (h) of the charter, during the period when no public emergency exists. Contributions by the city and county and by members of the San Francisco City and County Employees' Retirement System to, and benefits, pension payments and allowances under said retirement system, shall be calculated on the basis of gross salaries and compensations of such members in the same manner and amounts as if no deductions from said gross salaries and compensations were made under this section.

Should any emergency be declared pursuant to the provisions of this section, which, in the judgment of the board of supervisors, will necessitate deductions from the salaries of the officers and employees of the city and county, over and above the amounts herein provided for, the board of supervisors, by unanimous vote of all of its members, and with the approval of the mayor, may authorize a further deduction from the salaries and compensations of any of said officers and employees by increasing the maximum deductions in this section provided for, up to and including an amount not to exceed twenty-five (25) percent of said respective salaries or compensations as the same existed before any deduction by authority of this section.

## Part Two: Expenses

### 8.410 Reimbursement of Expenses

Except in the discharge of routine duties, traveling and payment of expenses therefor shall be authorized only by ordinance; provided, that allowances therefor shall not exceed cost of transportation, including Pullman charges, if any, and a reasonable amount per diem for necessary expenses, which per diem shall be fixed annually by ordinance and shall be applicable to all officers and employees.

#### **8.411 Payment for Repair or Replacement of Equipment**

Notwithstanding the provisions of sections 8.400 (a) and (c) through (g), 8.401, 8.402, 8.403, 8.405 (a) and 8.405 (c), or any other provision of this charter, the board of supervisors may provide by ordinance for the payment of the costs of replacing or repairing equipment, property, or prostheses of any uniformed officer or employee of the police department, fire department, sheriff's office or municipal railway, such as, but not confined to eyeglasses, hearing aids, dentures, watches, or articles of clothing necessarily worn or carried by such employee when any such items are damaged in the line of duty without fault of the employee. If the items are damaged beyond repair, the actual value of such items may be paid. The value of such items shall be determined as of the time of the damage thereto.

The board by a three-fourths vote of all of its members may make similar provision in relation to any other officer or employee where it finds that the damage or loss was occasioned by unusual circumstances or the occurrence of an extraordinary event.

The board is authorized to enact any and all ordinances necessary to carry out the provisions of this section.

### **Part Three: Health Benefits**

#### **8.420 Establishment of and Membership in Health Service System**

A health service system is hereby established as a department of the city and county government and shall be subject to sections 3.680 through 3.682 and 8.420 through 8.432 inclusive. Said system shall be administered by a board to be known as the health service board. The members of the system shall consist of all employees, which shall include officers of the city and county, of the San Francisco Unified School District, and of the Parking Authority of the City and County of San Francisco who are members of the retirement system. Any employee who adheres to the faith or teachings of any recognized religious sect, denomination or organization and, in accordance with its creed, tenets or principles, depends for healing upon prayers in the practice of religion shall be exempt from the system upon filing annually with the health service board an affidavit stating such adherence and dependence and disclaiming any benefits under the system. The health service board shall have the power to exempt any person whose annual compensation exceeds six thousand dollars (\$6,000) and any person who otherwise has provided for adequate medical care.

#### **8.421 Continuation of Existing Plans**

The medical care plans in effect on the effective date hereof shall continue in force and effect until rescinded or superseded by a new plan or plans adopted by the health service board and approved by ordinance of the board of supervisors, adopted by three-fourths of its members.

#### **8.422 Adoption of Plans**

The board shall have power and it shall be its duty by a two-thirds vote of the entire membership of the health service board to adopt a plan or plans for rendering medical care to members of the system, or for the indemnification of the cost of said care, or for obtaining and carrying insurance against such costs or for such care.

Such plan or plans as may be adopted, shall not become effective until approved by ordinance of the board of supervisors, adopted by three-fourths of its members.

The board of supervisors shall secure an actuarial report of the costs and effect of any proposed change in the benefits of the health service system or rates of contribution before enacting an ordinance or before voting to submit any proposed charter amendment providing for such change.

#### **8.423 Revision of Schedules and Compensation**

In January of each year, or more often if it deems necessary, at public hearings, the health service board shall review and determine the adequacy of medical care provided for members of the system and the adequacy of fee schedules and the compensation paid for all services rendered and it may make such revisions therein as it deems equitable but such revisions shall not become effective until approved by ordinance of the board of supervisors adopted by three-fourths of its members.

#### **8.424 Specificity Required**

Each plan for medical care shall make detailed and specific provision for the benefits to be provided thereunder and for the rates of contribution required to support the plan.

#### **8.425 Persons Covered**

Each plan may make provision for the participation in the benefits of the system by the dependents of members, retired city and county employees, temporary city and county employees, such other dependents of deceased and retired city and county employees as the board of supervisors may authorize by ordinance, teachers and other

employees of the San Francisco Unified School District retired under the San Francisco City and County Employees' Retirement System and resigned employees of the city and county and resigned teachers and employees of the school district whose resignations occur after June 15, 1955, and within thirty days immediately prior to the date on which, but for their resignations, they would have become retired members of the said retirement system, on whose relinquishment of retirement allowances as permitted by the charter occurs after such date and resigned employees of the San Francisco Unified School District not otherwise included. A resigned employee or teacher is one whose employment has terminated other than by retirement, discharge or death or who has relinquished retirement allowances. The purpose of empowering the health service board to make provision for the participation in the benefits of the system to the aforementioned resigned teachers and employees of the San Francisco Unified School District is to enable them, subject to the health service board's exercise of its power, to participate in the benefits of the system after transferring to the State Teachers' Retirement System from the San Francisco City and County Employees' Retirement System. The purpose of empowering the health service board to make provision for participation in the benefits of the system by the aforementioned resigned employees of the city and county and other resigned employees of San Francisco Unified School District is to permit the health service board to have power to treat them the same as it treats resigned teachers and employees of the San Francisco Unified School District.

As used in this section, and for the purpose of this section, the terms "city and county employees" and "employees of the city and county" shall include officers and employees of the Parking Authority of the City and County of San Francisco.

#### 8.426 Right of Selection

No member of the health service system shall be required to accept the services or medical supplies of any physician (physician includes physicians and surgeons, optometrists, dentists, chiropradists and osteopathic and chiropractic practitioners licensed by California State Law and within the scope of their practice as defined by California State Law), person licensed to treat human diseases without the use of drugs, nurse, pharmacist or hospital selected by the health service board, but, subject to rules and regulations of that board, every member shall have the right to select, of his own choice, any duly licensed physician, as defined herein, person licensed to treat human diseases without the use of drugs, nurse, pharmacist, hospital or other agency of medical care as herein

## 8.426 – 8.428

defined, who or which will render the required services pursuant to said rules and regulations, and the health service board shall make provision for the exercise of such choice; and is hereby expressly prohibited from entering into any exclusive contract for the rendering of said services.

Any duly licensed physician, as defined herein, person licensed to treat human diseases without the use of drugs, nurse, pharmacist, hospital or other agency of medical care shall have the right to furnish such services or medical supplies at uniform rates of compensation to be fixed by the health service board.

### 8.427 Effect of Other Charter Provisions

Except as otherwise specifically provided herein, all provisions of the charter shall be fully applicable to the health service board, the health service system and its medical director and employees in the same manner that they apply to other boards, commissions, and departments of the city and county.

### 8.428 Health Service System Fund

There is hereby created a health service system fund. The costs of the health service system shall be borne by the members of the system and retired persons, the City and County of San Francisco because of its members and retired persons and because of the members and retired persons of the Parking Authority of the City and County of San Francisco, and the San Francisco Unified School District because of its members and retired persons. A retired person as used in this paragraph means a former member of the health service system retired under the San Francisco City and County Employees' Retirement System.

The city and county and the school district shall each contribute to the health service system fund amounts sufficient for the following purposes, and subject to the following limitations;

(a) All funds necessary to efficiently administer the health service system.

(b) Matching contributions for the fiscal year commencing July 1, 1962, and each fiscal year thereafter, equal to the amounts contributed thereto by members of the system, provided; however, that the total amount contributed by the city and county and the school district to the health service system fund in each fiscal year, for this purpose, shall not exceed an amount equal to the tax yield that can be produced in each fiscal year by six cents in the tax rate on each one hundred dollars (\$100.00) valuation of the real and tangible personal property assessed in and subject to taxation by the city and county and the school district.

(c) Monthly contributions required from retired members participating in the system shall be equal to the monthly contributions required from members in the system; provided, however, that for the fiscal year commencing July 1, 1962, and for each fiscal year thereafter, the city and county and the school district shall contribute funds sufficient to defray the difference in cost to the system in providing the same health coverage to retired members as is provided for active employee members thereof.

The city and county and the San Francisco Unified School District shall not contribute to the health service system fund any sums, except as hereinbefore set forth, on account of participation in the benefits of the system by members' dependents, retired persons' dependents, persons who retired and elected not to receive benefits from San Francisco City and County Employees' Retirement System and resigned employees and teachers defined in section 8.425.

It shall be the duty of the board of supervisors and of the board of education annually to appropriate to the health service system fund such amounts as are necessary to cover the obligation of the city and county and of the San Francisco Unified School District hereby imposed. Contributions to the health service system fund of the city and county and of the school district shall be charged against the general fund or the school, utility, bond or other special fund concerned.

#### 8.429 Contributions to Fund

The health service board shall determine and certify to the controller the amount to be paid monthly by the members of the system to the health service system fund for the purposes of the system hereby created. The controller shall deduct said sums from the compensation of the members and shall deposit the same with the treasurer of the city and county to the credit of the health service system fund.

Such deductions shall not be deemed to be a reduction of compensation under any provision of this charter.

The health service board shall have control of the administration and investment of the health service system fund, provided that all investments shall be of the character legal for insurance companies in California. Disbursements from the fund shall be made only upon audit by the controller and the controller shall have and exercise the accounting and auditing powers over the health service system fund which are vested in him by this charter with respect to all other municipal boards, officers and commissions.

#### 8.430 “Medical Care” Defined

The term “medical care” shall be defined by the health service board.

All acts performed and services rendered under the provisions of this section shall be performed in accordance with the provisions as to professional conduct prescribed by the statutes of the State of California regulating such professional conduct and services.

Medical care, as defined by the health service board, shall not be furnished or supplied to any member of the system by or in any of the public health and hospital facilities of the city and county, except that emergency medical and hospital care may be rendered to any member of the system in the usual course of emergency health service.

#### 8.431 Limitation of Claims by Members

Except as herein provided, members of the system shall have and possess no claim or recourse against any of the funds of the municipality by virtue of the adoption or operation of any plan for rendering medical care, indemnifying costs of said care or carrying insurance against such costs, but except as herein provided, the claim and recourse of any such member shall be limited solely to the funds of the system. All expenses of the system shall be paid exclusively from the health service system fund, and, except as herein provided, the city and county and the San Francisco Unified School District shall not appropriate or contribute funds in any manner for the purposes of the system hereby established and provided.

#### 8.432 Transition

The board of supervisors is authorized to enact by a vote of three-fourths of its members, any and all ordinances necessary to carry out the provisions of sections 8.420 to and including 8.432.

Any surplus or deficit existing in the health service fund on February 5, 1958, shall belong to or be the obligation of members, as the case may be, and the city and county and the San Francisco Unified School District shall neither receive payment nor credit nor shall it contribute to such fund on account of medical care rendered prior to such date.

## Part Four: Vacations

## 8.440 Annual Vacations of Employees

(a) Every person employed in the city and county service shall be allowed a vacation with pay annually, as long as he continues in his employment, as follows:

- (1) After one years' continuous service, ten working days.
- (2) After five years' continuous service, fifteen working days.
- (3) After fifteen years' continuous service, twenty working days.

(b) Employees may elect not to take their entire vacation in any one year and in such event may accumulate the days allowable and not taken for use at some future time, provided, however, that no employee may accumulate unused vacation allowance in excess of thirty working days regardless of length of service.

(c) In computing vacation pay, no employee shall be considered to work more than five days each week. Vacation pay for employees working less than a five day week shall be computed proportionately.

(d) If a holiday occurs during such employee's vacation, and the employee would as a matter of law have been entitled to said day as a regular day off, such holiday shall not be considered a day of vacation chargeable to the employee's vacation allowance.

(e) The time when vacations are to be taken shall be at the convenience of the principal executive, with due regard for seniority.

(f) An employee with one year or more of service who ceases to be employed by the city and county and who has neither received nor waived his current annual vacation allowance shall receive a pro-rata payment for all service performed since January 1 of the calendar year in which he ceases to be employed, together with an amount equivalent to any accumulated vacation allowances due him.

(g) The board of supervisors shall enact any and all ordinances necessary to administer, interpret and regulate the provisions of subsections (a) through (f) of this section.

(h) Every employee of the City and County of San Francisco whose rate of compensation is fixed pursuant to the provisions of section 8.403 and 8.404 of this charter shall be entitled to receive an annual vacation at the time, with the pay and of the duration specified in this section and no section of the charter nor any provision of any collective bargaining agreement nor any street railway or bus wage schedule shall be construed in any manner or for any purpose to increase, reduce or otherwise affect the time or duration of, or pay for, vacations provided by this section nor shall any employee be deemed to have any vacation rights other than or in excess of the vacation rights specified in this section.

## 8.440 – 8.451

(i) The vacation rights granted by this section, or contained in any collective bargaining agreements, or in any street railway or bus wage schedules, as any of said terms are referred to in sections 8.403 and 8.404 of this charter, shall in no way increase, reduce or otherwise affect or be deemed to affect the wage or pay rate or schedule determinations made pursuant to the provisions of said section 8.403 and 8.404.

### Part Five: Hours and Tours of Duty

#### 8.450 Municipal Railway

Persons employed as platform men or bus operators in the operating department of the municipal railway system shall be subject to the following conditions of employment: The basic hours of labor shall be eight hours, to be completed within ten consecutive hours, and there shall be two days off, consecutive where practicable, in each week. All labor performed in excess of eight hours in any one day, or after a spread of ten consecutive hours in any one day, or five days in any one week, shall be paid for at the rate of time and one-half.

Conductors and motormen may be assigned to duty as bus operators and while assigned to such duty they shall receive the compensation fixed for such service. Such assignment shall be governed by seniority of service, subject to a qualifying test by the railroad management as to competency and to state laws as to qualifications and licensing.

#### 8.451 Police Department

(a) The word “member” or “members” as used in this section shall mean the members in the police department set forth in section 3.531 of this charter.

(b) The basic week of service for each member shall be forty hours and the annual compensation set forth in section 3.531 of this charter shall be based upon said basic week of service.

(c) Each member shall be entitled to at least two days off during each week, except as hereinafter provided.

(d) Whenever in the judgment of the chief of police public interest or necessity requires the services of any member to serve in excess of the basic week of service during any week, the chief of police may permit said service, and said member shall be compensated therefor or shall receive equivalent time credited to him in lieu thereof in accordance with this sub-section. For service performed in excess of the basic week, members shall be compensated on the basis of straight time in accordance with the ratio which said excess service

## 8.451 – 8.452

bears to the basic week of service and the annual compensation provided therefor in section 3.531 or in lieu thereof equivalent time off duty with pay.

(e) Nothing contained in this section shall be deemed to interfere with a vacation, as provided for in section 8.440 of this charter, or the normal days off per week; provided, however, that when in the judgment of the chief of police public interest or necessity requires the services of any member to serve on his vacation, or part thereof, or normal days off, the chief of police may permit said member to serve during said vacation, or part thereof, or normal days off, and he shall receive additional compensation for the period so served. Said additional compensation shall be computed on the basis of straight time in accordance with the ratio which said extra service performed bears to the basic week of service and the annual compensation provided therefor in section 3.531.

(f) Nothing in this section shall abridge or limit in any way the provisions of Section 301, Part 1, of the San Francisco Municipal Code, approving rule 32 of the civil service commission, insofar as sick leave and disability leaves for members are concerned.

(g) Whenever in the judgment of the police commission the efficient performance of police duty requires that one or more members of the police department should report for roll call, orders, and assignment, prior to going on duty, the said commission may designate a period not to exceed fifteen minutes in any one day for said reporting, and the said periods of fifteen minutes need not be compensated for in money or in time off with pay.

(h) Notwithstanding the provisions of any of the foregoing subsections, the members of the police department shall be entitled to the days declared to be holidays for employees whose compensations are fixed on a monthly basis in the schedules of compensations adopted by the board of supervisors pursuant to the provisions of section 8.401 of the charter as additional days off with pay. Members shall be compensated on the basis of straight time as herein computed or shall be granted equivalent time off duty with pay in the judgment of the police commission.

## 8.452 Fire Department

The chief of department shall recommend and the fire commission shall provide by rule for work schedules or tours of duty for the officers and members occupying the several ranks of the fire department; provided, however, that all tours of duty established for officers and members assigned to the fire fighting companies, including the salvage corps, shall start at eight o'clock A.M. No such officer or member shall be required to work more than one hundred

and twenty (120) hours in any fifteen-day period, nor shall any officer or member be required to work more than twenty-four consecutive hours except in case of a conflagration requiring the services of more than one-half of the force of the department. Officers and members may exchange watches with permission of the chief of department and time worked on such exchange of watches shall not be construed as time in violation of the limitation of 120 hours in any fifteen-day period nor twenty-four consecutive hours. Each such officer and each such member shall be entitled to at least one (1) day off duty during each week.

When, in the judgment of the fire commission, it is in the public interest that any such officer or member shall work on his day off and said officer or member consents to so work, he may at the direction of the chief of department work on said day off, and in addition to the regular compensation provided for said officer or member as set forth in this charter, said officer or member shall be entitled to be compensated at his regular rate of pay as provided for herein for said extra time served, or he shall be allowed the equivalent time off.

In any computation in the administration of the San Francisco City and County Employees' Retirement System in which the compensation, as defined in any provisions relating to the retirement system, is a factor, compensation for overtime provided for in this section shall be excluded, and no such overtime compensation shall be deemed as compensation for any purpose relating to such retirement provisions.

Officers and members of the uniformed force shall be entitled to the days declared to be holidays for employees whose compensations are fixed on a monthly basis in the schedule of compensations adopted by the board of supervisors, pursuant to the provisions of section 8.401 of the charter, as additional days off with pay. Officers or members required to perform service in said department on said days shall be compensated on the basis of straight time as herein computed or shall be granted equivalent time off duty with pay in the judgment of the fire commission.

For payroll purposes, that portion of each tour of duty which falls within each calendar day shall constitute a single tour of duty. The rate of compensation for the service performed by officers or members on a holiday or for service performed on an assigned day off, as in this charter provided, shall be calculated by dividing the annual rates of pay for each fiscal year by the number of single tours of duty as scheduled for the several ranks in the fire fighting companies in said fiscal year.

## Chapter Five: Retirement Benefit

### Part One: Existence of System; Membership

#### 8.500 Retirement System for Officers and Employees

In order to continue in force provisions already existing for retirement and death benefits for officers and employees of the city and county, the San Francisco City and County Employee's Retirement System, hereinafter referred to as the retirement system or the system, is hereby continued. The enactment of section 3.670, 3.672 and sections 8.500 to 8.581, inclusive, of this charter is not intended to, and shall not in any way, alter or modify the rights, benefits, or obligations of any member or beneficiary of the retirement system or of the city and county with respect to that system as they exist at the time this charter becomes effective.

Ordinance provisions already existing with respect to the retirement system shall continue in force until amended or revoked by the board of supervisors as provided in this section. The board of supervisors is hereby empowered to enact, by a vote of three-fourths of its members, any and all ordinances necessary to carry into effect the provisions of section 3.670, 3.672, 8.500-8.504, and 8.506-8.581 of this charter; provided that the board of supervisors shall secure, through the retirement board, an actuarial report of the cost and effect of any proposed change in the benefits under the retirement system, before enacting an ordinance or before voting to submit any proposed charter amendment providing for such change.

#### 8.501 Retirement of Elective Officers

Notwithstanding the provisions of section 8.500 of this charter, elective officers, except members of the board of supervisors and of boards and commissions, shall be members of the San Francisco City and County Employees' Retirement System and shall be subject to all of the conditions applying to other members thereof, except members of the fire and police departments, and except as herein otherwise provided. In the determination of contributions and benefits of any officer becoming a member of the retirement system by virtue of the provisions hereof, that part of the salary of such officer which exceeds one thousand dollars (\$1,000) per month shall be excluded. Elective officers in office on January 7, 1947, and otherwise eligible to the provisions hereof shall have the option to become members of said retirement system to be exercised in writing on a form furnished by the retirement system and to be filed at the office of said system not later than ninety days after January 7, 1947.

## 8.501 – 8.502

Each such present and future elective officer may retire at his option but only after having attained the age of seventy years and only after having occupied such an elective office or having been otherwise employed in a position subject to membership in the retirement system for at least twenty years immediately preceding retirement, and may retire by filing written application therefor with the retirement board, and the mayor shall thereupon appoint a qualified person for the unexpired term of office remaining at the time of any such retirement. Such elective officer shall thereafter receive a retirement allowance equal to one-half of the compensation received by him at the time of retirement, provided that such allowance shall not exceed five hundred dollars (\$500) per month. Contributions required to provide the portion of the benefits under this section not provided by the member's contribution shall be paid to the retirement system by the city and county.

### 8.502 Retirement of Elective Officers

Notwithstanding the provisions of section 8.501 of this charter, elective officers, except members of boards and commissions, shall be members of the San Francisco City and County Employees' Retirement System under section 8.509 instead of section 8.501; and, notwithstanding the provisions of subdivision (B) of section 8.509, elective officers who are members of the retirement system under section 8.509 shall be retired on the day following the end of the term of office in which the age of seventy years is attained. Contributions, with credited interest, standing to the credit of such individual officers shall be adjusted as of January 9, 1953, to the amount which they would have been if the contributions had been made in accordance with section 8.507 prior to July 1, 1947, and section 8.509 after June 30, 1947. Time during which said members have rendered service as elective officers shall be included under subsection (G) of section 8.509, in addition to other time now so included. Contributions required to provide benefits based on service rendered as an elective officer prior to the effective date of membership in the retirement system, shall be paid to the retirement system in the manner provided in section 8.509 for contributions for service rendered prior to the date upon which the member's rate of contribution is based. Elective officers in office on January 9, 1953, who are members of the retirement system under section 8.501 at such time, shall have the option to continue as members of the retirement system under section 8.501, instead of this section, to be exercised in writing on a form furnished by the retirement system and to be filed at the office of said system not later than ninety days after January 9, 1953.

### 8.503 Retirement—Court Employees and Attaches

Employees and attaches of the superior or municipal court, including persons performing duties performed under the titles of commissioners, phonographic reporters who are paid compensation on a monthly or per diem basis by the city and county, secretaries, stenographers, investigators, messengers and other employees of the superior and municipal courts, in and for the City and County of San Francisco, shall be members of the San Francisco City and County Employees' Retirement System under section 8.509, and shall be subject to all of the conditions applying to other members under that section, except as herein otherwise provided.

Service rendered to the said superior or municipal court in and for the city and county, other than as a phonographic reporter, by persons prior to becoming members under this section on February 1, 1953, shall be credited under the retirement system to such persons, provided that it would have qualified for credit when rendered, if said persons had been subject then, as they will be under this section, to the provisions of section 8.509 of this charter and of the ordinances and provisions of the Municipal Code of the City and County of San Francisco relating to retirement of members under said section.

Service rendered to said superior court on and after September 15, 1945, or to said municipal court on and after September 1, 1947, by phonographic reporters prior to becoming members under this section on February 1, 1953, shall be credited under this retirement system to such persons.

Said service, rendered prior to becoming a member under this section on February 1, 1953, shall only be credited to each of such persons if he elect, by written notice, on a form provided by retirement system, filed in the office of the retirement board of said system prior to July 1, 1953, to receive credit for all or any part of said service, and to pay into the retirement fund, at times and in the manner hereinafter provided, the following amounts: (1) an amount equal to the normal contributions he would have contributed, had he been a member of the retirement system under section 8.509, during the time for which he has elected to receive credit for service, on the basis of compensation paid to him by the city and county on account of said service, and (2) an amount equal to the interest which would have been credited to his account on account of such contributions from the date upon which they would have been made, to the date of payment of such contributions to the retirement system. However, a member shall not receive credit for any portion of such service rendered prior to April 1, 1922, unless he has elected

## 8.503 – 8.504

to receive credit for, and has paid into the retirement fund such amount with respect to, all of said service rendered after March 31, 1922. Such amounts shall be paid into the retirement fund by lump sum payment, or payroll deductions or other installments, over a period not exceeding thirty-six months from July 1, 1953, provided that any balance remaining unpaid at his retirement shall become due and payable forthwith. Benefits, not provided by such amounts, granted to said persons on account of said service rendered prior to February 1, 1953, shall be provided by contributions of the city and county. Such service shall include time during which such person was absent from a status included in the paragraph above by reason of service in the armed forces of the United States in any war in which the United States has engaged.

Notwithstanding the foregoing provisions, any such employee or attache not already a member of the system and who is such an employee or attache on February 1, 1953, shall not become a member of the retirement system, unless he elect prior to July 1, 1953, on a form provided by the retirement system, to be a member of said system, and if he does not so elect, he shall not be a member of the retirement system, and shall not be prevented from continuing in such employment by reason of such provision.

### 8.504 Retirement—Parking Authority Employees

Officers and employees of the Parking Authority of the city and county shall become members of the San Francisco City and County Employees' Retirement System under section 8.509 on February 1, 1963, and thereupon shall be subject to all conditions applying to other members under that section inclusive of the provisions of section 8.514 of the charter, except as herein otherwise provided; provided, however, that Members of such Authority are excluded from the San Francisco City and County Employees' Retirement System.

Service rendered to the said Parking Authority by persons prior to becoming members under this section on February 1, 1963, shall be credited under the Retirement System to such persons, subject to the terms and conditions provided herein. Said service shall only be credited to each of such persons if he elect, by written notice, on a form provided by the retirement system and filed in the office of the retirement board of said system prior to July 1, 1963, to receive credit for said service, and to pay into the retirement fund, at times and in the manner fixed by the Retirement Board, the following amounts: (1) an amount equal to the normal contributions he would have contributed, had he been a member of the retirement system under section 8.509, during the period in which said service was

## 8.504 – 8.505

rendered, on the basis of compensation paid to him by the city and county on account of said service and (2) an amount equal to the interest which would have been credited to his account on account of such contributions from the date upon which they would have been made, to the date of payment of such contributions to the retirement system; provided that any balance remaining unpaid at his retirement shall become due and payable forthwith. If any such person shall not so elect to receive credit for said service and to pay such amounts of contributions and interest, or having so elected, subsequently does not pay into the retirement fund such amounts at times and in the manner herein provided, and prior to February 1, 1963, he shall enter as a new member without credit for any of said service, any moneys theretofore received from him as payment on such amounts together with accumulated interest thereon shall be refunded to him, and the rate of his contribution shall be the normal rate provided in subsection (H) of section 8.509 at his age on February 1, 1963, otherwise his rate of contributions shall be the rate provided in said subsection (H) of section 9.509 based on his age at the earliest date in the period for which said service is credited. Benefits, not provided by such amounts, granted to said persons on account of said service rendered prior to the effective date of membership under this section, shall be provided by contributions of the city and county.

Notwithstanding the foregoing provisions, any such officer or employee not already a member of the system and who is such an officer or employee on February 1, 1963, shall not become a member of the retirement system, unless he elects to be a member of said system, in writing, on a form provided by the retirement system and filed in the office of the retirement system prior to July 1, 1963; if he does not so elect he shall not be a member of the retirement system, and shall not be prevented from continuing in such employment by reason of the provisions of this section.

### 8.505 Retirement—Port Authority Employees

All employees of the Port Authority who, on February 7, 1969, are members of the Public Employees' Retirement System of the State of California shall continue to be members of said Public Employees' Retirement System, with all the rights, privileges and benefits of said system and they shall not be members of the San Francisco City and County Employees' Retirement System; and, notwithstanding any other provisions of this charter, the city and county shall perform all acts necessary to continue the membership of such employees in said Public Employees' Retirement System.

All employees of the Port Authority who, at the time the transfer

## 8.505 – 8.506-1

provided for herein shall go into effect, are covered under the provisions of a retirement program other than the Public Employees' Retirement System of the State of California shall thereafter continue to be covered under such retirement program and they shall not be members of the San Francisco City and County Employees' Retirement System; and, notwithstanding any other provisions of this charter, the city and county shall perform all acts necessary to continue the coverage of such employees under such retirement program.

Persons who, after February 7, 1969, become employees of the city and county in positions related to the operation of the State Belt Railroad and who become covered under the provisions of the Railroad Retirement Act by virtue of their employment in such positions shall not be members of the San Francisco City and County Employees' Retirement System.

### 8.506 Sheriff's Department

Notwithstanding any other provisions of this Charter, the board of supervisors shall have the power to contract with the Board of Administration of the Public Employees' Retirement System of the State of California to provide that the sheriff, undersheriff and all deputized personnel of the sheriff's department shall be members of the public employees' retirement system, and the board of supervisors and the retirement board shall have the power to perform all acts necessary to carry out the terms and purposes of such contract.

Any person who shall become a member of the public employees' retirement system pursuant to such contract shall have the right to be a member of the health service system and the health service board shall make provisions for participation in the benefits of the health service system by such persons.

### 8.506-1 Teachers in the San Francisco Unified School District and San Francisco Community College District

Notwithstanding any other provisions of this charter, the board of supervisors shall have the power to perform any and all acts necessary or appropriate to implement any provisions of the Education Code of the State of California which contemplate that teachers in the San Francisco Unified School District and the San Francisco Community College District shall not be members of the San Francisco City and County Employees' Retirement System but shall be members only of the State Teachers' Retirement System or which contemplate that such teachers may elect to be members of the State Teachers' Retirement System and not to be members of the San Francisco City and County Employees' Retirement System. (*Added 1972*)

**8.507 Miscellaneous Officers and Employees on January 8, 1932**

Persons who are officers and employees of this city and county on January 8, 1932, shall become members of the retirement system subject only to the following provisions, in addition to the provisions contained in sections 3.670, 3.672, 8.500, 8.510, 8.511, 8.520, 8.525 and 8.560, of this charter.

(a) The system shall be applied to such offices, departments, bureaus, or classes of officers or employees of the city and county, including teachers in the San Francisco school department, as the supervisors shall determine; provided, however, that the contributions to be made by said teachers and the benefits to be received by said teachers under said retirement system shall be based upon the proportion of salaries of said teachers which have been and shall be paid out of funds contributed by the city and county, excluding therefrom the portion of such salaries which have been or shall be paid out of funds contributed by the State of California; and in determining such proportion it shall be taken to be the same proportion which the whole amount of money contributed by the city and county to the common school fund in any fiscal year bears to the whole amount of money contributed to such fund in such year by the state and by the city and county; and provided, further, that nothing herein contained shall be construed to deprive any teacher of the right to receive benefits under any pension or retirement system now or hereafter established by the State of California.

(b) No member of the retirement system shall be retired, except in case of disability incapacitating him for the performance of his duties, unless he shall have attained the age of sixty-two years and completed ten years of continuous service, but retirement shall be compulsory at the age of seventy years. It may be provided, however, under such retirement system, that members may retire after thirty years of continuous service; the benefits at retirement in such cases to be determined, because of retirement at an age below sixty-two, in accordance with the tables recommended by the actuary and approved by said retirement board.

(c) All persons who were retired prior to October 1, 1925, from service as teachers in the public schools of San Francisco, under the provisions of the law of 1913, establishing the California Public School Teachers' Retirement Salary Fund, shall be entitled to and shall receive retirement allowances, to be calculated on the same basis as that established for determining the retirement allowances provided for members of the said retirement system.

**8.508 Pacific Gas & Electric Company Employees**

The board of supervisors shall have the power to provide by ordinance retirement benefits for persons who become employees of the City and County of San Francisco under any lease, or other temporary arrangement, entered into between said city and county and the Pacific Gas & Electric Company, and because of their employment by said company at the effective date of said lease, or other temporary arrangement. The effect of said ordinance shall be to provide essentially the same retirement benefits for said employees on account of service rendered under said lease, or other temporary arrangement, as if said persons had been employees of said company throughout the term of said lease.

The further effect of said ordinance shall be to provide for permanent retirement rights for said persons, in the event they become employees of said city and county upon purchase or other permanent acquisition of the properties of said company, essentially the same benefits on account of service rendered as employees of said city and county, as they would have received if they had been members throughout said service of the San Francisco City and County Employees' Retirement System on the same basis as other employees of said city and county, except members of fire or police departments.

**8.509 Retirement—Miscellaneous Officers and Employees on and after July 1, 1947**

Miscellaneous officers and employees, as defined in this section, who are members of the retirement system under this section of the charter on February 1, 1969, and persons who become miscellaneous officers and employees after February 1, 1969, shall be members of the retirement system, subject to the following provisions of this section, in addition to the provisions contained in sections 3.670, 3.672, 8.500, 8.510 and 8.520 of this charter notwithstanding the provisions of any other section of the charter, provided that the retirement system shall be applied to persons employed on a part-time temporary or substitute basis only as the board of supervisors shall determine by ordinance enacted by three-fourths vote of all members of the board. Miscellaneous officers and employees of the said departments who are members of the retirement system under section 8.507 of the charter on February 1, 1969, shall continue to be members of the system under section 8.507 and shall not be subject to any of the provisions of this section, except as specifically provided in this section.

(A) The following words and phrases as used in this section unless

a different meaning is plainly required by the context, shall have the following meaning:

“Retirement allowance,” or “allowance,” shall mean equal monthly payments, beginning to accrue upon the date of retirement, and continuing for life unless a different term of payment is definitely provided by the context.

“Compensation,” as distinguished from benefits under the workmen’s compensation laws of the State of California shall mean all remuneration whether in cash or by other allowances made by the city and county, for service qualifying for credit under this section.

“Compensation earnable” shall mean the compensation as determined by the retirement board, which would have been earned by the member had he worked, throughout the period under consideration, the average number of days ordinarily worked by persons in the same grade or class of positions as the positions held by him during such period and at the rate of pay attached to such positions, it being assumed that during any absence, he was in the position held by him at the beginning of the absence, and that prior to entering city-service he was in the position first held by him in city-service.

“Benefit” shall include “allowance,” “retirement allowance,” and “death benefit.”

“Average final compensation” shall mean the average monthly compensation earned by a member during any five consecutive years of credited service in the retirement system in which his average final compensation is the highest, unless the board of supervisors shall otherwise provide by ordinance enacted by three-fourths vote of all members of the board.

For the purposes of the retirement system and of this section, the terms “miscellaneous officer or employee,” or “member,” as used in this section shall mean any officer or employee who is not a member of the fire or police departments as defined in the charter for the purpose of the retirement system, under section 8.507 of the charter.

“Retirement system” or “system” shall mean San Francisco City and County Employees’ Retirement System as created in section 8.500 of the charter.

“Retirement board” shall mean “retirement board” as created in section 3.670 of the charter.

“Charter” shall mean the charter of the City and County of San Francisco.

Words used in the masculine gender shall include the feminine and neuter genders, and singular numbers shall include the plural and the plural the singular.

“Interest” shall mean interest at the rate adopted by the retirement board.

(B) Any member who completes at least twenty years of service in the aggregate credited in the retirement system and attains the age of fifty-five years, or at least ten years of service in the aggregate credited in the retirement system, and attains the age of sixty years, said service to be computed under subsection (G) hereof, may retire for service at his option. Members shall be retired on the first day of the month next following the attainment by them of the age of sixty-five years. A member retired after reaching the age of sixty years shall receive a service retirement allowance at the rate of  $1\frac{2}{3}$  percent of said average final compensation for each year of service; provided, however, that upon the compulsory retirement of a member upon his attainment of the age of 65 years, if the allowance available to such member pursuant to the provisions of subsection (F) of this section shall be greater in amount than the service retirement allowance otherwise payable to such member under this subsection (B), then such member shall receive as his service retirement allowance, in lieu of the allowance otherwise payable under this subsection (B), an allowance computed in accordance with the formula provided in said subsection (F). The service retirement allowance of any member retiring prior to attaining the age of sixty years, after rendering twenty years or more of such service and having attained the age of fifty-five years, computed under subsection (G), shall be such as can be provided at the age of retirement by the actuarial value, at the age of retirement, of the retirement allowance to which he would be entitled upon retirement at age sixty and with the service credited at the date of actual retirement.

Before the first payment of a retirement allowance is made, a member retired under this subsection or subsection (C) of this section, may elect to receive the actuarial equivalent of his allowance, partly in an allowance to be received by him throughout his life, and partly in other benefits payable after his death to another person or persons, provided that such election shall be subject to all the conditions prescribed by the board of supervisors to govern similar elections by other members of the retirement system, including the character and amount, of such other benefits; provided, however, that at any time within 30 days after the date on which his compulsory retirement would otherwise have become effective, a member who has attained the age of 65 years may elect, without right of revocation, to withdraw his accumulated contributions, said election to be exercised in writing on a form furnished by the retirement system and filed at the office of said system and a member so electing shall be considered as having terminated his membership in said system on the date immediately preceding the date on which his compulsory retirement would otherwise have

become effective and he shall be paid forthwith his accumulated contributions, with interest credited thereon. Notwithstanding the provisions of section 8.514 of this charter, the portion of service retirement allowance provided by the city and county's contributions shall be not less than \$100 per month upon retirement after thirty years of service and after attaining the age of sixty years, and provided further that as to any member with fifteen years or more of service at the compulsory retirement age of sixty-five, the portion of the service retirement allowance provided by the city and county's contribution shall be such that the total retirement allowance shall not be less than \$100 per month. In the calculations under this subsection of the retirement allowance of a member having credit for service in a position in the evening schools and service in any other position, separate retirement allowances shall be calculated, in the manner prescribed for each class of service, the average final compensation in each case being that for the respective class of service; provided that the aggregate retirement allowance shall be taken into account in applying the provisions of this subsection providing for a minimum retirement allowance. Part time service and compensation shall be reduced to full time service and compensation in the manner prescribed by the board of supervisors, and when so reduced shall be applied on full time service and compensation in the calculation of retirement allowances.

(C) Any member who becomes incapacitated for performance of duty because of disability determined by the retirement board to be of extended and uncertain duration, and who shall have completed at least ten years of service credited in the retirement system in the aggregate, computed as provided in subsection (G) hereof, shall be retired upon an allowance of one and one-half percent of the average final compensation of said member, as defined in subsection (A) hereof for each year of credited service, if such retirement allowance exceeds one-third ( $1/3$ ) of his average final compensation; otherwise one and one-half ( $1\frac{1}{2}$ ) percent of his average final compensation multiplied by the number of years of city-service which would be credited to him were such city-service to continue until attainment by him of age sixty, but such retirement allowance shall not exceed one-third ( $1/3$ ) of such average final compensation. In the calculation under this subsection of the retirement allowance of a member having credit for service in a position in the evening schools and service in any other position, separate retirement allowances shall be calculated, in the manner prescribed, for each class of service, the average final compensation in each case being that for the respective class of service; provided that the average final compensation upon which the minimum total retirement allowance is calculated in such

case shall be based on the compensation earnable by the member in the classes of service rendered by him during the five (5) years immediately preceding his retirement. Part time service and compensation shall be reduced to full time service and compensation in the manner prescribed by the board of supervisors, and when so reduced shall be applied as full time service and compensation in the calculation of retirement allowances. The question of retiring a member under this subsection may be brought before the retirement board on said board's own motion, by recommendation of any commission or board, or by said member or his guardian. If his disability shall cease, his retirement allowance shall cease, and he shall be restored to service in the position or classification he occupied at the time of his retirement.

(D) No modification of benefits provided in this section shall be made because of any amounts payable to or on account of any member under workmen's compensation laws of the State of California.

(E) If a member shall die, before his retirement, regardless of cause:

(1) If no benefit is payable under subdivision (2) of this subsection (E), a death benefit shall be paid to his estate or designated beneficiary consisting of the compensation earnable by him during the six months immediately preceding death, plus his contributions and interest credited thereon.

(2) If, at the date of his death, he was qualified for service retirement by reason of service and age under the provisions of subsection (B) of this section, and he has designated as beneficiary his surviving spouse, who was married to him for at least one full year immediately prior to the date of his death, one-half of the retirement allowance to which the member would have been entitled if he had retired for service on the date of his death shall be paid to such surviving spouse who was his designated beneficiary at the date of his death, until such spouse's death or remarriage, or if there be no surviving spouse, to the unmarried child or children of such member under the age of eighteen years, collectively, until every such child dies, marries or attains the age of eighteen years, provided that no child shall receive any allowance after marrying or attaining the age of eighteen years. If, at the death of such surviving spouse, who was receiving an allowance under this subdivision (2), there be one or more unmarried children of such member under the age of eighteen years, such allowance shall continue to such child or children, collectively, until every such child dies, marries or attains the age of eighteen years, provided that no child shall receive any allowance after marrying

or attaining the age of eighteen years. If the total of the payments of allowance made pursuant to this subdivision (2) is less than the benefit which was otherwise payable under subdivision (1) of this subsection, the amount of said benefit payable under subdivision (1) less an amount equal to the total of the payments of allowance made pursuant to this subdivision (2) shall be apaid in a lump sum as follows:

(a) If the person last entitled to said allowance is the remarried surviving spouse of such member, to such spouse.

(b) Otherwise, to the surviving children of the member, share and share alike, or if there are no such children, to the estate of the person last entitled to said allowance.

The surviving spouse may elect, on a form provided by the retirement system and filed in the office of the retirement system before the first payment of the allowance provided herein, to receive the benefit provided in subdivision (1) of this subsection in lieu of the allowance which otherwise would be payable under the provisions of this subdivision. If a surviving spouse, who was entitled to make the election herein provided, shall die before or after making such election but before receiving any payment pursuant to such election, then the legally appointed guardian of the unmarried children of the member under the age of eighteen years may make the election herein provided before any benefit has been paid under this subsection (E), for and on behalf of such children if in his judgment it appears to be in their interest and advantage, and the election so made shall be binding and conclusive upon all parties in interest.

If any person other than such surviving spouse shall have and be paid a community property interest in any portion of any benefit provided under this subsection (E), any allowance payable under this subdivision (2) shall be reduced by the actuarial equivalent, at the date of the member's death, of the amount of benefits paid to such other person.

Upon the death of a member after retirement and regardless of the cause of death, a death benefit shall be paid to his estate or designated beneficiary in the manner and subject to the conditions prescribed by the board of supervisors for the payment of a similar death benefit upon the death of other retired members.

(F) Should any miscellaneous member cease to be employed as such a member, through any cause other than death or retirement, all of his contributions, with interest credited thereon, shall be refunded to him subject to the conditions prescribed by the board of supervisors to cover similar terminations of employment and reemployment with and without redeposit of withdrawn accumulated contributions of other members of the retirement system, provided that if such

member is entitled to be credited with at least ten years of service or if his accumulated contributions exceed one thousand dollars (\$1,000), he shall have the right to elect, without right of revocation and within 90 days after said termination of service, or if the termination was by lay-off, 90 days after the retirement board determines the termination to be permanent, whether to allow his accumulated contributions to remain in the retirement fund and to receive benefits only as provided in this paragraph. Failure to make such election shall be deemed an irrevocable election to withdraw his accumulated contributions. A person who elects to allow his accumulated contributions to remain in the retirement fund shall be subject to the same age requirements as apply to other members under this section for service retirement but he shall not be subject to a minimum service requirement. Upon the qualification of such member for retirement by reason of age, he shall be entitled to receive a retirement allowance which shall be the actuarial equivalent of his accumulated contributions and an equal amount of the contributions of the city and county, plus 1-2/3 percent of his average final compensation for each year of service credited to him as rendered prior to his first membership in the retirement system. Upon the death of such member prior to retirement, his contributions with interest credited thereon shall be paid to his estate or designated beneficiary.

(G) The following time and service shall be included in the computation of the service to be credited to a member for the purpose of determining whether such member qualifies for retirement and calculating benefits:

(1) Time during which said member is a member of the retirement system and during and for which said member is entitled to receive compensation because of services as a miscellaneous officer or employee.

(2) Service in the fire and police departments which is not credited as service of a member under this section shall count under this section upon transfer of a member of either of such departments to employment entitling him to membership in the retirement system under this section, provided that the accumulated contribution standing to the credit of such member shall be adjusted by refund to the member or by payment of the member to bring the account at the time of such transfer to the amount which would have been credited to it had the member been a miscellaneous employee throughout the period of his service in either of such departments of the compensation he received in such departments.

(3) Time during which said member is absent from a status included in paragraphs (1) or (2) next preceding which is not

deemed absence from service under the provisions of section 8.520 of the charter and for which such member is entitled to receive credit as service for the city and county by virtue of contributions made in accordance with the provisions of such section.

(4) Prior service determined and credited as prescribed by the board of supervisors for persons who are members under section 8.507.

(5) The board of supervisors, by ordinance enacted by a three-fourths vote of its members, may provide for the crediting as service under the retirement system of service, other than military service, rendered as an employee of the federal government and service rendered as an employee of the State of California or any public entity or public agency in the State of California. Said ordinance shall provide that all contributions required as the result of the crediting of such service shall be made by the member and that no contributions therefor shall be required of the city and county.

(H) All payments provided under this section shall be made from funds derived from the following sources, plus interest earned on said funds:

(1) The rate of contribution of each member under this section shall be based on his nearest age at the effective date of his membership in the retirement system. The normal rate of contribution of each member, to be effective from the effective date of membership under this section, shall be such as, on the average for such member, will provide, assuming service without interruption, under subsection (B) of this section, one-half of that portion of the service retirement allowance to which he would be entitled if retired at age sixty or higher age after rendering ten years of service for retirement under that subsection. No adjustment shall be included in said rates because of time during which members have contributed at different rates. Members' rates of contributions shall be changed only in the manner prescribed by the board of supervisors for changing contributions rates of other members.

(2) There shall be deducted from each payment of compensation made to a member under this section, a sum determined by applying the member's rate of contribution to such compensation. Amounts which would have been deducted in the absence of the limit on such deductions according to service credited, shall be paid to the retirement system following the removal of such limit, in manners and at times approved by the retirement board. The sum so deducted shall be paid forthwith to the retirement system. Said contribution shall be credited to the individual account of the member from whose salary it was deducted, and the total of said

contributions, together with interest credited thereon in the same manner as is prescribed by the board of supervisors for crediting interest to contributions of other members of the retirement system, shall be applied to provide part of the retirement allowance granted to, or allowance granted on account of said member, under this section or shall be paid to said member or his estate or beneficiary as provided in subsections (E) and (F) of this section, provided that the portion of the salaries of the teachers as provided in section 8.507, paragraph (a), as a basis for fixing the contributions to be made, and the benefits to be received, by the teachers under the retirement system shall be determined by the method provided in section 8.507, paragraph (a) and shall not be less than eighty percent of the total salary received by the teachers, unless the board of supervisors shall otherwise provide by ordinance enacted by three-fourths vote of all members of the board.

(3) Contributions based on time included in paragraphs (1) and (3) of subsection (G), and deducted prior to July 1, 1947, from compensation of persons who become members under this section, and standing with interest thereon, to the credit of such members on the records of the retirement system on said date, shall continue to be credited to the individual accounts of said members and shall be combined with and administered in the same manner as the contributions deducted after said date.

(4) The total contributions, with interest thereon, made by or charged against the city and county and standing to its credit, on July 1, 1948, in the accounts of the retirement system, on account of persons who become members under this section, shall be applied to provide the benefits under this section.

(5) The city and county shall contribute to the retirement system such amounts as may be necessary, when added to the contributions referred to in the preceding paragraphs of this subsection (H), to provide the benefits payable under this section. Such contributions of the city and county to provide the portion of the benefits hereunder which shall be based on service rendered by each member prior to the date upon which his rate of contribution is determined in paragraph (1), subsection (H), shall not be less during any fiscal year than the amount of such benefits paid during said year. Such contributions of the city and county to provide the portion of the benefits hereunder which shall be based on service rendered by respective members on and after the date stated in the next preceding sentence, shall be made in annual installments, and the installment to be paid in any year shall be determined by the application of a percentage to the total salaries paid during said year, to persons who are members under this

section, said percentage to be the ratio of the value of the effective date hereof, or at the later date of a periodical actuarial valuation and investigation into the experience under the system, of the benefits thereafter to be paid under this section, from contributions of the city and county, less the amount of such contributions, and plus accumulated interest thereon, then held by said system to provide said benefits on account of service rendered by respective member after the date stated in the sentence next preceding, to the value at said respective dates of salaries thereafter payable to said members. Said values shall be determined by the actuary, who shall take into account the interest which shall be earned on said contributions, the compensation experience of members, and the probabilities of separation by all causes, of members from service before retirement and of death after retirement. Said percentage shall be changed only on the basis of said periodical actuarial valuation and investigation into the experience under the system. Said actuarial valuation shall be made every even-numbered year and said investigation into the experience under the system shall be made every odd-numbered year.

(6) To promote the stability of the retirement system through a joint participation in the result of variations in the experience under mortality, investment and other contingencies, the contributions of both members and the city and county held by the system to provide the benefits under this section, shall be a part of the fund in which all other assets of said system are included. Nothing in the section shall affect the obligations of the city and county to pay to the retirement system any amounts which may or shall become due under the provisions of the charter prior to the effective date hereof, and which are represented on July 1, 1947, in the accounts of said system by debits against the city and county.

(I) Upon the completion of the years of service set forth in subsection (B) of this section as requisite to retirement, a member shall be entitled to retire at any time thereafter in accordance with the provisions of said subsection (B), and nothing shall deprive said member of said right.

(J) No person retired under this section, for service or disability and entitled to receive a retirement allowance under the retirement system shall serve in any elective or appointive position in the city and county service, including membership on boards and commissions, nor shall such persons receive any payment for service rendered to the city and county after retirement, provided that service as an election officer or juror shall not be affected by this section.

(K) Any section or part of any section in this charter, insofar as it

## 8.509 – 8.510

should conflict with this section, or with any part thereof, shall be superseded by the contents of this section. In the event that any word, phrase, clause or subsection of this section shall be adjudged unconstitutional, the remainder thereof shall remain in full force and effect.

(L) Notwithstanding the provisions of subsections (B), (C), (F) and (I) of this section, any member convicted of a crime involving moral turpitude committed in connection with his duties as an officer or employee of the City and County of San Francisco, shall, upon his removal from office of employment pursuant to the provisions of this charter, forfeit all right to any benefits under the retirement system except refund of his accumulated contributions; provided, however, that, if such member is qualified for service retirement by reason of service and age under the provisions of subsection (B) of this section, he shall have the right to elect, without right of revocation and within 90 days after his removal from office or employment, whether to withdraw all of his accumulated contributions or to receive as his sole benefit under the retirement system an annuity which shall be the actuarial equivalent of his accumulated contributions at the time of such removal from office or employment.

### Part Two: Provisions of General Application

#### 8.510 Actuarial Tables, Rates and Valuations

The mortality, service and other tables and the rates of contributions for members as recommended by the actuary and the valuations determined by him and approved by the retirement board shall be conclusive and final, and the retirement system shall be based thereon. The total amount, as determined by the actuary and approved by the board, of the contributions required during any fiscal year of the city and county under the retirement system shall be paid into the retirement system by the city and county during such year. Liabilities accruing under the retirement system because of service rendered to the city and county by persons prior to the date their respective classes become eligible for membership in the system, and administrative costs under the system, shall be met by contributions to the retirement system by the city and county, in addition to any amounts contributed to meet liabilities accruing because of service rendered by such persons after becoming members of the system, provided that such prior service liabilities may be met by annual appropriations instead of by one appropriation for the total amount of the liabilities; and provided further, that such appropriation for any one year shall not be less than the amount disbursed during that year on account of prior service. All expenses in connection with the

## 8.510 – 8.512

investment of such fund or funds as may be established, including but not limited to travel and transportation costs, investment seminar expenses, postage, insurance, telephone, and subscriptions to investment publications, shall be paid from the accumulated contributions of the city and county.

Contributions to the retirement system required of the city and county shall be charged by the controller against the general fund or the school, utility, bond or other special fund under which the service was rendered, on account of which the contribution is required; provided that contributions required on account of service rendered by any person prior to becoming a member of the system, under a temporary fund, such as bond or county roads funds, or a fund then no longer existing, may be charged against the general fund, and provided further, that any contributions required on account of persons receiving benefits under subdivision (c) of section 8.507, shall be charged against the general fund.

### 8.511 Pensions of Retired Persons

(a) No person retired for service or disability and in receipt of a retirement allowance under the retirement system shall serve in any elective or appointive position in the city and county service, including membership on boards and commissions, nor shall such persons receive any payment for service rendered to the city and county after retirement, provided that service as an election officer or juror or in the preparation for or the giving of testimony as an expert witness for or on behalf of the City and County of San Francisco before any court or legislative or administrative body shall not be affected by this section or by section 8.509, section 8.546 or section 8.581 of the charter.

(b) Should any retired person, except persons retired for service prior to January 8, 1932, and persons retired because of disability incurred in the performance of duty, engage in a gainful occupation prior to attaining the age of sixty-two, the retirement board shall reduce that part of his monthly pension or retirement allowance which is provided by contributions of the city and county, to an amount which, when added to the amount earned monthly by him in such occupation, shall not exceed the compensation on the basis of which his pension or retirement allowance was determined.

### 8.512 Relinquishment of Certain Retirement Allowances

Any person who retired under the San Francisco City and County Employee's Retirement System from an employment status in which he was a member of the State Teachers' Retirement System, and whose retirement was effective after June 30, 1955, and not later

than ninety days after February 1, 1957, may elect, in writing on a form provided by the retirement system and to be filed at the office of said system within ninety days after February 1, 1957, to relinquish his right to a retirement allowance from said City and County Employees' Retirement System. If such person so elects to relinquish said right, his retirement allowance shall be cancelled forthwith and no payments of such allowance shall be made to him, or on his account, for time on and after the effective date of such election, and such election shall be irrevocable. The San Francisco City and County Employees' Retirement System shall pay or be liable to pay to or on account of such person only an amount equal to the actuarial equivalent, as of the effective date of such relinquishment, and on the basis of the mortality tables and interest rate then used under the system, of the portion of the cancelled allowance which was provided by said person's accumulated contributions at the effective date of his retirement. An amount equal to such actuarial equivalent shall be forwarded forthwith to the Retirement Annuity Fund of said State Teachers' Retirement System, to be applied on the amount due to said fund from said person under the provisions of Division (7), Chapter 14 of the Education Code of the State of California, but not to exceed the amount so due as may be quoted in a written statement requested of and received from said State Teachers' Retirement System as applied to any person herein involved. Any excess of the actuarial equivalent over said amount so quoted as due shall be paid forthwith to said person.

**8.513 Credit on Current Contributions, for Certain Public Reserves Released by Withdrawal or Relinquishment by Retiring or Retired Teachers.**

In the event that any teacher or other employee of the board of education resigns and withdraws during or after the fiscal year which will end June 30, 1957, his accumulated contributions from the San Francisco City and County Employees' Retirement System, and instead within 90 days after such withdrawal is in the status of a person retired under the State Teachers' Retirement System of California on an allowance based on the full allowance formulae under said state system, the contributions which the San Francisco Unified School District is required to make to said City and County Employees' Retirement System on account of service rendered by employees of such unified school district as such members of such system, in accordance with the rate of contribution determined under section 8.509 of the charter, shall be reduced by an amount equal to the actuarial equivalent as of the day next following the date of such withdrawal, of the portion of the allowance to which

such person would have been entitled from said City and County Employees' Retirement System, if he had not resigned, and which would have been based on his service as a member of such City and County Employees' Retirement System, minus the amount of his accumulated normal contributions withdrawn.

In the event that any person retired under the San Francisco City and County Employees' Retirement System from an employment status in which he was a member of the State Teachers' Retirement System, has elected or elects to relinquish his right to a retirement allowance from said City and County Employees' Retirement System, the contributions which the San Francisco Unified School District is required to make to the City and County Employees' Retirement System on account of service rendered by employees of such unified school district as members of such system in accordance with the rate of contribution determined under section 8.509 of the charter, shall be reduced by an amount equal to the actuarial equivalent as of the effective date of such relinquishment, and as determined in connection with such relinquishment, of the portion of the allowance to which said person would have been entitled had he not so elected, and which was based on his service as a member of the City and County Employees' Retirement System, minus the actuarial equivalent determined in connection with such relinquishment of the portion of the cancelled allowance which was provided by said person's accumulated normal contributions at the effective date of his retirement.

If the total of the actuarial equivalents by which the contributions required of the San Francisco Unified School District in any year are to be reduced, exceeds such contributions, the amount of the excess shall be carried over to subsequent fiscal years and applied to reduce such contributions for such years in chronological order.

#### 8.514 Social Security Coverage

The board of supervisors may enact, by a vote of three-fourths of its members, an ordinance or ordinances prescribing the conditions according to which any and all employees of the San Francisco Unified School District and employees of the City and County of San Francisco, other than members of the fire and police department as defined in section 8.560, may be covered under the Federal Old-Age and Survivors Disability Insurance provisions of the Federal Social Security Act, subject to the provisions of this section. "City and county" as hereinafter used shall mean the City and County of San Francisco and the San Francisco Unified School District.

(A) Any member of the San Francisco City and County Employees' Retirement System, hereinafter referred to as the system, who is

or becomes covered by the Federal Old-Age and Survivors Disability Insurance provisions of the Federal Social Security Act, hereinafter referred to as the Act, shall continue to contribute to the system the normal contributions required of him, except that he shall have the right to reduce his normal contributions under the system at his option to be exercised by an election on the system's form said election to be effective on the first day of the month next following its filing in the system's office. Such reduction of normal contributions shall apply only to time during which said member is covered under the Act, and after February 1, 1959, and the amount of said reduction, which may be changed from time to time by said member, in accordance with rules and regulations of the Retirement Board, shall not be more than the amount of said member's contribution under the Act.

Any allowance payable to or on account of such member by the system shall be reduced on the effective date of said allowance by the actuarial equivalent on that date of the normal contributions, including interest to said date, with which said member would have been but was not credited under the system because of said reduction in his normal contributions and because of amounts paid from such member's accumulated contributions for the retroactive period hereinafter provided for, and any continuation of said allowance shall be based on such reduced allowance but said allowance shall not be effected otherwise by the member's reduction of his normal contributions. Said member shall have the right to contribute amounts, which shall be administered as additional contributions, to replace all or part of such reduction in his retirement allowance.

(B) The reductions in allowances and contributions of members shall be made as provided in the foregoing paragraphs, notwithstanding any provisions in the charter to the contrary.

(C) Every employee covered by the agreement providing coverage under the Act shall be liable for the employee contributions required by the Act.

(D) The effective date of coverage under the Act may be made retroactive to such date as the board of supervisors may determine. Contributions required under the Act of each member for time included by the retroactive application shall be paid from such member's accumulated contributions held by the system on account of his compensation not in excess of the maximum compensation taxable under this Act for such retroactive time. If the required contributions under the Act exceed the member's accumulated contributions held by the system so determined, the additional contributions under the Act equal to the excess shall be paid by the member. Contributions required under the Act of the employer on account of

such retroactive period shall be paid from funds held by the system on account of active members and derived from contributions of the city and county.

(E) Any member who is covered by section 210(1) of the Act on the effective date of the agreement between the state and federal government to extend coverage to the members of the system under the Act shall not be subject to this section unless he elect to be covered in accordance with this section, such election to be on a form furnished by the system and to be filed in the office of the system not later than one hundred eighty (180) days after the effective date of such agreement. Such election shall be irrevocable. Such election shall fix the status of the member under such coverage as the same in all respects as if he had not been covered under section 210(1), except that there shall be no adjustment of the member's accumulated contributions or of the funds held by the system, and derived from contributions of the city and county, on account of social security tax for such retroactive period.

Each member who enters the employ of the municipal railway after the effective date of the agreement between the state and federal government to extend coverage to other members of the system under the Act shall be covered under the act in accordance with the terms of this section and the ordinance or ordinances enacted pursuant thereto.

(F) Provision shall be made for modification of the member's retirement allowance at his option, if he retires before he attains the minimum age of qualification for his primary benefit under the Act, in such manner that will make his increased monthly retirement allowance under the system prior to attainment of such age equal to the sum of his decreased monthly allowance after attainment of such age, and his primary benefit under the Act, upon the basis of an estimated primary benefit under the Act, subject to the requirement that the amounts of the increase and decrease in the monthly allowance shall be actuarially equivalent, and that the increase shall not be modified under an option provided by ordinance.

(G) Words used in the masculine gender shall include the feminine and neuter genders, and singular members shall include the plural and the plural the singular.

(H) The contribution rates of the city and county applicable to various memberships under section 8.509 shall be adjusted to rates determined by the actuary according to methods stated in section 8.509.

(I) The board of supervisors shall submit to the eligible employees for purposes of referendum as defined in the Act the question as to

whether they desire coverage under the Act in accordance with conditions prescribed in this section.

(J) The powers of the board of supervisors granted in section 8.500 shall include the authority to make such adjustments in the retirement system, by a vote of three-fourths of its members, as are not made by this section, but as required because of changes in the Act, to carry out the purposes of this section.

#### 8.515 Compensation Insurance Payments

The benefit provisions of the workmen's compensation laws included in the Labor Code of the State of California, as they effect the benefits provided for or payable to or on account of officers and employees, including teachers of the city and county, shall be administered exclusively by the retirement board, provided that the retirement board shall determine whether the city and county, through the retirement system, shall assume the risks under the said law, in whole or in part, or whether it shall reinsure such risks, in whole or in part, with the state compensation insurance fund. Benefits under such risks as may be assumed by the city and county, and premiums under such risks as may be reinsured shall be paid by the retirement system, and an amount equal to the total of such benefits and premiums, as determined by the actuary for any fiscal year, including the deficit brought forward from previous years, shall be paid during such fiscal year to the retirement system by the city and county.

Every patrol special police officer, as referred to in section 8.905 of this charter shall be entitled, under this section, to the benefits of such compensation law, if injured while performing regular city and county police duties, which shall include only duties performed while preventing the commission of a crime, or while apprehending the person or persons committing such crime, and shall not include duties of any character performed for private employers either on or off the premises of such employers, provided that no payments shall be made under this paragraph in the event that the patrol special officer shall receive the benefits of such compensation law from any other source.

Whenever any member of the fire or police department, as defined in sections 8.545, 8.565, and 8.569, respectively, is incapacitated for the performance of his duties by reason of any bodily injury received in or illness caused by the performance of his duty, as determined by the retirement board, he shall become entitled, regardless of his period of service with the city and county, to disability benefits equal to and in lieu of his salary as fixed by the charter, while so disabled, for a period or periods not exceeding twelve months in the aggregate, with respect to any one injury or illness. Said disability

benefit shall be reduced in the manner fixed by the board of supervisors by the amount of any benefits other than medical benefits payable to such person under the Labor Code concurrently with said disability benefit, and because of the injury or illness resulting in said disability. Such disability benefits as are paid in the absence of payments of any benefits other than medical benefits under the workmen's compensation laws included in said Labor Code, shall be considered as in lieu of such benefits, payable to such person under the said code concurrently with said disability benefits, and shall be in satisfaction and discharge of the obligations of the city and county to pay such benefits under the Labor Code. Medical treatment which may become necessary to relieve or cure said member from the effects of the injury or illness shall be furnished by the city and county, in the same manner that such treatment is furnished under said Labor Code, but without first requiring continuing awards of such treatment by the Industrial Accident Commission of the State of California, relating to impairments of permanent or of extended and uncertain duration. The provisions of this paragraph shall be administered exclusively by the retirement board, and the city and county shall pay to the retirement system during each fiscal year, an amount equal to the total disability benefits paid by said system during that year. A member of the fire or police department shall receive credits as service, under the retirement system, for time during which he is incapacitated for performance of duty and receives said disability benefit. Contributions for the retirement system shall be deducted from said benefits in the same manner as they would be deducted from salary paid to him, and the city and county shall contribute, in addition to its other contributions provided herein, to the retirement system on the basis of said benefits in the same manner as it would contribute on salary paid to said member.

### Part Three: Continuous Service

#### 8.520 Continuous Service

(a) Continuous service shall be defined by the board of supervisors, but the absence prior to September 14, 1940, of any officer or employee of the city and county from service caused by reason of the service of such officer or employee in the military or naval forces of the United States in any war in which the United States has engaged, shall not be deemed to be absence from service for the purposes of the retirement system and such officer or employee shall receive credit under the retirement system, for the period of such absence, in the same manner as if he had not been absent.

On and after September 14, 1940, a member is absent on military service when he is absent from city service by reason of (1) service with the armed forces of the United States or the State of California; (2) service on ships operated by or for the United States government when such service is granted as "military leave" pursuant to section 3.670 and 3.671 of the charter; (3) service connected with the war effort for which leaves of absence shall be authorized pursuant to sections 3.670 and 3.671 of the charter; or (4) any other service, under an order of the government of the United States or the State of California, or by lawful order of any of the departments or offices of said governments, provided that such absence in any of such services occurs (1) either during a war involving the United States as a belligerent or in time of national emergency, declared by the President of the United States or by the Congress, and for such time thereafter as may be provided by rule of the civil service commission, but not to exceed two years after the proclamation of peace, except in case of disability incurred in line of duty with said armed forces or said ships when such disability extends beyond such period; or (2) in time of peace if he is drafted for such services by the United States government or volunteers for such service while subject to such draft.

For the purposes of this section a war involving the United States as a belligerent exists: (a) whenever Congress has declared any war which has not been terminated by a truce, treaty of peace, or otherwise; (b) whenever the United States is engaged in active military operations against any foreign power, whether or not war has been formally declared; or (c) whenever the United States is assisting the United Nations, in actions involving the use of armed force, to maintain or restore international peace and security.

(b) Any member so absent on military service may contribute to the retirement system during such absence, at times and in the manner prescribed by the board, amounts equal to the contributions which would have been made by him to the system on the basis of his compensation earnable at the commencement of his absence, if he had remained in city service.

Any member who makes the contributions as provided in the preceding paragraph shall receive credit for the absence as service in the manner as if he had not been absent. If, however, a member does not affirmatively exercise the option herein provided, or if he exercised it affirmatively and defaults in any of the contributions due to the retirement system under said election, and in either event if such contributions are not made for him, he shall be considered absent during the period for which no contributions are made, and he shall not receive credit as service for the city and county for such period; but the absence during such period shall not break the continuity of

such service required of such member to entitle him to a retirement allowance, as provided under the retirement system.

Any member who was absent on military service and who did not make the contributions as provided in this section, and whose contributions are not paid for him by the city and county as provided herein, may make such contributions upon his return to city service at times and in the manner prescribed by the board. If he does so contribute, he shall receive credit for the absence as service in the same manner as if he had not been absent.

When a member makes the contributions as provided herein, the same contributions shall be made by the city and county in respect to such absence that would have been made if the member had not been absent on military service, except that such contributions shall be determined by the employer's rate of contribution in effect when such contributions are made, and on the basis of his compensation earnable at the commencement of his absence.

(c) Notwithstanding other provisions of this charter to the contrary, the city and county shall contribute for each member of this system who was absent on military service after September 14, 1940, amounts equal to the contribution which would have been made by such member and the City and County of San Francisco on the basis of his compensation earnable at the commencement of his absence, provided that the member's base pay in such military service is less than \$100.00 per month, and provided, further (1) that if the absence in military service was by reason of service in the armed forces of the United States; (2) that the absence began on or after June 25, 1950; and (3) that the member's base pay in such service was less than \$250.00 per month, the city and county shall pay the contributions which would have been made by both the member and the city and county on the basis of his compensation earnable at the commencement of his absence. Contributions made by the city and county, in lieu of contributions which otherwise would be required of the member, shall be administered as if made by said member as normal contributions. Any such member who exercises or did exercise the right to contribute to the system during the period of absence on military service, and whose contributions otherwise would be paid by the city and county under this section, shall have his contributions plus credited interest, refunded.

(d) Absence commencing on or after December 7, 1941, of any member of the retirement system from city service caused by reason of his evacuation or exclusion from the city and county by an authorized military commander because such member was of Japanese ancestry shall not be deemed to be absent from service for purposes of the retirement system, for the period of such absence,

provided that he returned to city service within one year after the termination of his evacuation or exclusion, and provided further that upon his return to city service, and at times and in the manner prescribed by the retirement board, he elects to contribute to the retirement system amounts equal to the contributions which would have been made by him to the system on the basis of his compensation earnable at the commencement of his absence, if he had remained in city service.

Any member who makes the contributions as provided in the preceding paragraph shall receive credit under the retirement system for the absence as service in the same manner as if he had not been absent. If, however, a member does not affirmatively elect to make such contributions as herein provided, or if he affirmatively elects to make such contributions and defaults in any of the contributions due to the retirement system as herein provided, he shall be considered absent during the period for which no contributions are made, and he shall not receive credit in the retirement system as service for the city and county for such period; but the absence during such period shall not break the continuity of such service required of such member to entitle him to a retirement allowance as provided under the retirement system.

When a member makes the contributions as provided herein, the same contributions shall be made by the city and county in respect to such absence that would have been made by the city and county if the member had not been absent because of such evacuation or exclusion, except that such contributions shall be determined by the employer's rate of contribution in effect when such contributions are made, and on the basis of his compensation earnable at the commencement of his absence.

(e) Notwithstanding any other provisions of this Charter, any member who entered military service from a position with the Market Street Railway Company, was absent on such military service on September 29, 1944, and thereafter commenced employment with the Municipal Railway of the City and County of San Francisco within one year after his discharge from such military service shall have the right to elect to make contributions as provided in this section and to receive credit in this system as city service for all or any part of the time on and after September 29, 1944, during which he was in such military service.

Any member who elects pursuant to this section to make contributions and to receive credit for such time shall contribute to the Retirement System an amount determined by applying the rate of contribution first applicable to him on the effective date of his membership in the Retirement System to the monthly compensation

## 8.520 – 8.526

earnable by him on said date, together with interest on said amount at the rate of interest being used from time to time under the retirement system.

The board of supervisors shall provide by ordinance the time and manner for making said contributions and for the crediting of such service as city service.

### Part Four: Contributions to Retirement Fund

#### 8.525 Contributions to Retirement Fund

The city and county shall contribute jointly with the members of the retirement system to meet the liabilities accruing under the system because of service rendered to the city and county by persons after becoming members of the system. Members of the system shall contribute not to exceed ten percent of their salaries or wages, provided that members may, at their option, elect to contribute at rates in addition to those fixed as normal by the retirement board. The city and county shall contribute an amount equal to normal contributions of members as provided for in the preceding sentence, but the city and county shall not contribute any amount because of additional contributions by members.

#### 8.526 Cost of Living Adjustment in Allowances

(A) Each retirement or death allowance which is not subject to change when the salary rate of any member is changed and which is payable to or on account of any member who has retired or died prior to July 1, 1967, except such allowances payable to or on account of persons who retired or died prior to July 1, 1947, as members under section 8.507, but including death allowances payable under section 8.561 which are not subject to change when the salary rate of any member is changed, shall be increased for time on and after July 1, 1968, by the percentage set forth in the following table opposite the fiscal year in which said allowance became effective, said percentage to be applied to the allowance payable to the individual who was receiving the allowance on July 1, 1968, (a) exclusive of the annuity provided by additional contributions and (b) prior to reduction pursuant to subsection (A) of section 8.514:

(1) Funds necessary for the payment of such increases in allowances payable to or on account of members who retired or died as members under Charter Sections 8.507 or 8.509 shall be provided from the City's accumulated contributions held by the system on account of miscellaneous members under section 8.509.

(2) Funds necessary for the payment of such increases in allowances to or on account of members who retired or died as members under Charter Sections 8.543 or 8.544 shall be provided from the City's accumulated contributions held by the system on account of police members under section 8.544.

(3) Funds necessary for the payment of such increases in allowances to or on account of members who retired or died as members under Charter Sections 8.567 or 8.568 shall be provided from the City's accumulated contributions held by the system on account of fire members under section 8.568.

The necessary funds shall be transferred on the effective date of this section from said accumulated contributions to the accumulated contributions held by the system to meet the obligations of the city and county on account of benefits that have been granted and which are based on services rendered as members. The contribution being required of the city and county currently, as percentages of salaries of persons who are members under sections 8.509, 8.544 and 8.568 shall be increased to percentages determined by the actuary as necessary to replace the accumulated contributions so transferred.

(B) (1) The retirement board shall determine, prior to April 1 of each year, the percentage of increase or decrease in the cost of living during the preceding calendar year or years, as shown by the then current Consumer Price Index, All Items, San Francisco (1957-59=100), issued by the U.S. Bureau of Labor Statistics and published in the Monthly Labor Review or a successor publication.

The cost of living adjustments as hereinafter provided shall be based on the percentage of such increase or decrease.

(2) Notwithstanding any other charter or ordinance provision governing the retirement system, every retirement or death allowance payable to or on account of any member who retires or dies as a member of the system or who has retired or died as such a member, except allowances subject to change when the salary rate of any member is changed, shall be increased or decreased as of July 1, 1969, and on July 1 of each succeeding year, subject to the provisions of this subsection (B), by a percentage of the allowance established on July 1, 1968, after any increase under subsection (A) of this section or on the effective date of such allowance, whichever is later, as payable to the individual who is receiving the allowance on the date of any such adjustment (a) exclusive of the annuity provided by additional contributions, and prior to modification pursuant to subsection (F) of section 8.514. On July 1, 1969, the percentage of increase in each such allowance shall be the percentage which is determined by the retirement board to approximate to the nearest one percent, the percentage of increase in the cost of living during the preceding calendar year. On July 1, 1970, and on July 1 of each succeeding year, the percentage of increase or decrease in each such allowance shall be the percentage which is determined by the retirement board to approximate to the nearest one percent of increase or decrease in the cost of living in the calendar year or years since January 1, 1969, or since January 1 of the year in which the last such cost of living adjustment in allowances was made, whichever is later. Any such allowance shall be so adjusted only if it was in effect for at least one year prior to the date of such adjustment. Such adjustment in any year shall not exceed two percent of such allowance; provided, however, that no allowance shall be reduced below the amount being received by the member or his beneficiary on July 1, 1968, or on the effective date he began to receive the allowance, whichever is later.

(3) Any such increases in allowances shall be paid from funds which shall be allocated for that purpose by the retirement board from such earnings on investments not otherwise allocated and after crediting of regular interest to accumulated contributions as are in excess of two percent of the assets of the retirement system at the close of each fiscal year.

(4) Any such increases in allowances which are not funded by such allocations of such earnings, shall be funded by contributions of members under sections 8.507, 8.509, 8.544, 8.568 and by contributions of the city, which shall be at rates which are in addition to the rates of contribution otherwise provided by charter or ordinance,

provided that a member's rate of contribution shall not exceed one-half of one percent of his monthly compensation. The contributions made under this section by any member shall be credited together with regular interest thereon to his individual account and shall be subject to the same charter and ordinance provisions relating to accumulated contributions of the member, including withdrawal and death benefits other than death allowances, provided, however, that upon his retirement or death, such accumulated contributions and interest shall not be applied to provide a part of the retirement benefits payable to him or the death allowance benefits payable on account of his death otherwise provided by charter or ordinance, but instead shall be held, together with the accumulated contributions made by the city pursuant to this subsection (B), with interest thereon, to provide the benefits under this subsection (B). Whenever such accumulated contributions of a member with interest have been paid to him on account of his termination of service or to his beneficiary or estate as a part of his termination of service or to his beneficiary or estate as a part of his death benefits, as provided by charter or ordinance, an amount equal to the amount of contributions and interest so paid shall be applied to reduce the contributions by the city then currently payable under this section. If a member, upon his reentry into membership after the withdrawal of his accumulated contributions, shall redeposit the accumulated contributions withdrawn with interest, as otherwise provided by the charter or ordinance, he shall redeposit the accumulated contributions made under this section with interest in the same manner and under the same conditions as the redeposit of his other accumulated contributions, and an amount equal to the amount of such redeposit of accumulated contributions made under this section with interest, shall become payable forthwith by the city to be included in the city's contributions under this section.

(5) The rates of contribution of members and the city, as provided herein, shall be fixed by the retirement board from time to time as it determines necessary.

#### **Part Five: Specific Adjustments to Retirement Allowances**

##### **8.530 Retirement—Miscellaneous Officers and Employees Prior to July 1, 1947**

Every retirement allowance payable by the San Francisco City and County Employees' Retirement System, for time commencing on January 1, 1950, to or on account of any person who was retired prior to July 1, 1947, as a member of said system under section 8.507, is hereby increased by the amount of twenty-five dollars per

month, provided such member was entitled to be credited under the retirement system with at least twenty years of service upon which the retirement allowance was determined at retirement. If the member was entitled to be credited with less than twenty years of such service, then said monthly increase shall be an amount which shall bear the same ratio to twenty-five dollars that the service with which the member was entitled to be credited at effective date of retirement, bears to twenty years. This section does not give any member retired prior to January 1, 1950 or his successors in interest, any claim against the city and county for any increase in any retirement allowance paid or payable for any time prior to January 1, 1950. If a member elected at retirement to have his retirement allowance modified under Options 2 or 3, provided by ordinance, and if his beneficiary is living on January 1, 1950, the increase in his allowance shall be modified under the option elected at retirement, and on the basis of current ages, mortality tables and interest rate. If the beneficiary of such a person who elected at retirement to have his allowance modified under one of said options is not living on January 1, 1950, or if the retired member is not living on January 1, 1950, and the beneficiary is receiving the modified retirement allowance, then the allowance shall be increased as provided herein for persons who did not elect an option.

The increase in the retirement allowance shall be apportioned between service rendered prior to the entry of the member into the retirement system and service rendered as a member, in the same proportion that such prior and current service respectively, bears to the total service credited at retirement. Contributions to the retirement system necessary for the payment of the increases in the retirement allowances provided in this section, shall be provided, with respect to the portion of the benefit based on service rendered as members, from the reserves held by the retirement system on account of miscellaneous members, the necessary amount being transferred upon January 1, 1950, from said reserves to the reserves held by the retirement system to meet the obligations on account of benefits that have been granted and on account of prior service of members. The contribution being required of the city currently, as percentages of salaries of persons who are members under section 8.509, shall be increased to percentages determined by the actuary as necessary to replace the reserves so transferred. Contributions to the retirement system necessary for the payment of said increases with reference to prior service, shall be paid to the system by the city and county by annual appropriations, provided that such appropriation for any year shall not be less than the amount disbursed during that year on account of said increases.

If the member was entitled to be credited with less than twenty years of such service, then said monthly increase shall be an amount which shall bear the same ratio to \$25 that the service with which the member was entitled to be credited at effective date of retirement, bears to twenty years. This section does not give any member retired prior to February 1, 1953, or his successors in interest, any claim against the city and county for any increase in any retirement allowance paid or payable for time prior to February 1, 1953. If a member elected at retirement to have his retirement allowance modified under Options 2 or 3, provided by ordinance, and if his beneficiary is living on February 1, 1953, the increase in his allowance shall be modified under the option elected at retirement, and on the basis of current ages, mortality tables and interest rate. If the beneficiary of such a person who elected at retirement to have his allowance modified under one of said options is not living on February 1, 1953, or if the retired member is not living on February 1, 1953, and the beneficiary is receiving the modified retirement allowance, then the allowance shall be increased as provided herein for persons who did not elect an option.

The increase in the retirement allowance shall be apportioned between service rendered prior to the entry of the member into the retirement system and service rendered as a member, in the same proportion that such prior and current service respectively, bears to the total service credited at retirement. Contributions to the retirement system necessary for the payment of the increase in the retirement allowances provided in this section, shall be provided, with respect to the portion of the benefit based on service rendered as members, from the reserves held by the retirement system on account of miscellaneous members, the necessary amount being transferred upon February 1, 1953, from said reserves to the reserves held by the retirement system to meet the obligations on account of benefits that have been granted and on account of prior service of members. This section does not give any member retired prior to April 1, 1956, or his successors in interest, any claim against the city and county for any increase in any retirement allowances paid or payable for time prior to April 1, 1956. If a member elected at retirement to have his retirement allowance modified under Option 2 or 3, provided by ordinance, and if the member and his beneficiary are living on April 1, 1956, the increase in the allowance shall be modified under the option elected at retirement, and on the basis of current ages, mortality tables and interest rate. If the member was entitled to be credited with less than twenty years of such service, then said monthly increase shall be an amount which shall bear the same ratio to \$25 that the service with which the member was entitled to be credited at effective date of retirement,

#### **8.535 Increasing Retirement Allowances of Miscellaneous Officers and Employees Retired on or After July 1, 1947, and Prior to April 1, 1966.**

Every retirement allowance payable to or on account of a member who retired under the provisions of section 8.509 (formerly section

165.2 of the charter of 1932) on or after July 1, 1947, and prior to April 1, 1966, is hereby increased for time commencing on the effective date of this section, hereby designated as the first day of the month next following ratification by the State Legislature, to the amount it would have been if such allowance had been computed, on the date such member's retirement allowance was first effective, as if "average final compensation" were defined as the average monthly compensation earned by a member during any three consecutive years of credited service in the retirement system in which his average compensation is the highest.

This section does not give any person retired under the provisions of said section 8.509, or his successors in interest, any claim against the city and county for any increase in any retirement allowance paid or payable for time prior to the effective date of this section.

Any increase in any retirement allowance resulting from the calculation provided in this section shall be disregarded in connection with any adjustment of retirement allowances pursuant to the provisions of section 8.526 (formerly section 164.1 of the charter of 1932). *(Added 1972)*

## Part Six: Provisions of Special Application to the Police Department

### 8.540 Members of the Police Department on January 8, 1932

Persons who are members of the police department on the 8th day of January, 1932, shall become members of the retirement system on that date, subject to the following provisions in addition to the provisions contained in sections 3.670, 3.672, 8.500, 8.502, 8.510, 8.511, 8.520, and 8.560 of this charter:

(a) Any member of the department who has arrived or shall arrive at the age of sixty-two years, and who has completed thirty years of continuous service as an active member of the department next preceding his retirement, may retire from service at his option, provided that retirement shall be compulsory at the age of seventy years. Such retired member shall receive a monthly pension, payable throughout his life, equal to one-half of the amount of the monthly salary attached to the rank held by him three years prior to the date of his retirement, hereinafter referred to in this section and section 8.542 as a "pension."

Before the first payment of the pension is made, such retired member may elect to receive the actuarial equivalent of his pension, partly in a pension to be received by him throughout his life, and partly in other benefits payable after his death to another person or

persons, provided that such election shall be subject to all the conditions prescribed by the board of supervisors to govern similar elections by other members of the retirement system, including the character and amount of such other benefits.

(b) Any member of the department who shall become physically disabled by reason of any bodily injury received in the performance of his duty, may be retired upon a monthly pension, as defined in subdivision (a), of this section, payable throughout his life. In case his disability shall cease, his pension shall cease, and he shall be restored to the service in the rank he occupied at the time of his retirement.

(c) The family of any member of the department who may be killed or injured while in the performance of his duties, and who shall have died within three (3) years from the date of such injury as a result of such injury, shall receive the following benefits and the receipt by such member of a pension under this section during his lifetime shall not bar said family from such benefits:

First, should the decedent leave a widow to whom he was married prior to the date of the injury resulting in death, such widow shall, as long as she may live and remain unmarried, be paid a monthly pension equal to one-half of the salary attached to the rank held by the decedent at the time of his said injury; provided, however, that should said widow die, leaving a child or children under the age of sixteen years, said pension shall continue to such child or such children collectively until the youngest child arrives at the age of sixteen years.

Second, should the decedent leave no widow, but leave an orphan child or children under the age of sixteen years, such child or children collectively shall receive a monthly pension equal to one-half of the salary attached to the rank held by their father at the time of his said injury until the youngest attains the age of sixteen years.

Third, should the decedent leave no widow and no orphan child or children, but leave a parent or parents depending solely upon him for support, such parents, so depending, shall collectively receive a monthly pension equal to one-half of the salary attached to the rank held by the decedent at the time of his said injury during such time as the retirement board may unanimously determine its necessity.

(d) A sum equal to the contributions, with interest, made by persons who become members of the retirement system under this section to any other pension fund shall be paid by the city and county to the retirement system. Each member of the department shall contribute two dollars (\$2) per month to the retirement system

to be applied on the cost of the benefits at death and retirement provided under this section. Should a member be separated from city service through any cause other than death or retirement, then such contributions with interest shall be refunded to him under such conditions as may be fixed by the board of supervisors for the refund of contributions of other members of the retirement system.

(e) When any member of the department shall die from natural causes and before retirement, there shall be paid to his estate or beneficiary a death benefit, the amount of which and the conditions for the payment of which shall be determined in the manner prescribed by the board of supervisors for the death benefit of other members of the retirement system.

Upon the death of a member after retirement and regardless of the cause of death, a death benefit shall be paid to his estate or designated beneficiary, the amount of which and the conditions for payment of which shall be determined in the manner prescribed by the board of supervisors for the payment of a similar death benefit upon the death of other retired members.

(f) In addition to the other contributions required of the city and county under the retirement system, the city and county shall contribute to the retirement system during each fiscal year a sum which, together with the members' contributions provided for in subdivision (d) of this section, shall be equal to the liabilities accruing under the retirement system because of the service rendered during such year by persons becoming members on the 8th day of January, 1932, under this section. If, subsequent to such fiscal year, it shall be determined that such contributions by the city and county, together with the members' contributions, was not sufficient to meet such liability, then the city and county shall make such additional contributions as may be necessary to make up the deficit.

(g) No benefits shall be provided under the retirement system for, nor shall any contribution be required of, persons who become members of the retirement system under this section, in addition to the benefits specifically provided and contributions specifically required in such section.

That portion of any pension payable because of the death or retirement of any such person which is provided by contributions of the city and county shall be reduced, in the manner fixed by the board of supervisors, by the amount of any benefits payable to or on account of such person, under the workmen's compensation insurance and safety law of the State of California.

(h) Persons who were members of the police department on the 8th day of January, 1932, shall have the option, to be exercised in writing on or before the 1st day of January, 1936, of becoming

## 8.540 – 8.542

members of the retirement system under the provisions of section 8.543, which applies to persons who become members of the department after the 8th day of January, 1932. If such persons shall affirmatively exercise such option within the time specified, then on and after the first day of the month next following such affirmative action, referred hereinafter in this subdivision (h) as "effective date," they shall not receive any benefit or make any contribution under this section, but on and after said effective date shall be members of the retirement system and shall receive benefits and make contributions on the same basis as persons who become members of the department after the 8th day of January, 1932, provided that a pension for each person affirmatively exercising such option shall be payable on account of service rendered to the city and county prior to said effective date, by such members' contributions made prior to such effective date, with interest, and by contributions of the city and county, which pension shall be the same percentage regardless of the age of retirement, of his final compensation, as defined by the board of supervisors, for each year of such service, as the contributions of the member and the city and county are calculated to provide upon retirement at age sixty-two for each year of service rendered as a member of the retirement system.

### 8.541 Salary Base, for Retirement Purposes, of Former Rank of Corporal of Police

For all purposes of the retirement system, and notwithstanding any other provisions of the charter, the monthly salary attached to the former rank of corporal, heretofore held by a member of the police department, shall henceforth be deemed to be an amount equal to the maximum monthly salary attached to the rank of police officer, plus three-fourths of the difference between such amount and the monthly salary attached to the rank of sergeant.

### 8.542 Police Department—Retired Members and Beneficiaries on January 8, 1932

Any member of the police department who shall have been retired and shall be receiving a pension on the 8th day of January, 1932, and any widow, child, children or parents of a deceased member of the department who shall be receiving a pension on the 8th day of January, 1932, shall continue to receive such pension, subject to the provisions of section 8.540 governing the payment of pensions. Such pension shall be paid by the retirement system, but no other benefits shall be provided for such retired members, widows, children or parents, except that upon the death of any such member who is receiving a pension under this section and regardless of the cause of

## 8.542 – 8.544

death, a death benefit shall be paid to his estate or designated beneficiary, the amount of which shall be determined in the manner prescribed by the board of supervisors.

### 8.543 Members of the Police Department— January 8, 1932 to July 1, 1945

Persons who become members of the police department after the 8th day of January, 1932, and prior to July 1, 1945, shall become members of the retirement system subject only to the following provision in addition to the provisions contained in sections 3.670, 3.672, 8.500, 8.501, 8.502, 8.510, 8.511, 8.520, 8.525 and 8.560 of this charter: No such member of the retirement system shall be retired, except in case of disability incapacitating him for the performance of his duties, unless he shall have attained the age of sixty-two years, and completed twenty-five years of continuous service, except that retirement shall be compulsory at the age of seventy years. It may be provided, however, under such retirement system, that members may retire after thirty years of continuous service, the benefits of retirement in such cases to be determined, because of retirement at an age below sixty-two, in accordance with the tables recommended by the actuary and approval by said retirement board.

### 8.544 Members of the Police Department after July 1, 1945

Members of the police department, as defined in section 8.545, who are members of the retirement system under sections 8.507, 8.540 or 8.543 of the charter on the first day of July, 1945, and persons who become members of said department after said date, shall be members of the retirement system under this section 8.544 on and after said date, and shall be subject to the following provisions of section 8.544 and sections 8.545, 8.546, 8.547, 8.548, 8.549, 8.551, 8.552, 8.553, 8.554, 8.555, 8.556, 8.557, 8.558, and 8.559 (which shall apply only to members under section 8.544 unless otherwise indicated) in addition to the provisions contained in sections 3.670, 3.671, 8.500, 8.510, and 8.520 of this charter notwithstanding the provisions of any other section of the charter. Members of the said department who are members of the retirement system under section 8.540 of the charter on July 1, 1949, however, shall have the option to be exercised in writing on a form furnished by the retirement system and to be filed at the office of said system not later than ninety days after July 1, 1949, of being members of the system under section 8.540 instead of section 8.544, the election under said option to be effective on said date. In like manner, members of the said department who are members of the retirement

## 8.544 – 8.545

system under section 8.507 or 8.543 of the charter shall have the option, to be exercised in writing on a form furnished by the retirement system, and to be filed at the office of said system not later than ninety days after July 1, 1949, of being members of the system under sections 8.507 or 8.543, respectively, instead of section 8.544 the election to be effective on said date, provided, that members who are absent by reason of service in the armed forces of the United States or by reason of any other service included in section 8.520 of the charter, on the effective date of the amendment shall have the same option of electing to be members under sections 8.507, 8.540 or 8.543, as the case may be, instead of section 8.544, until ninety days after return to service in the police department.

On and after July 1, 1949, the persons who affirmatively exercise said option, shall continue to be members of the system under sections 8.507, 8.540, or 8.543, respectively, and shall not be subject to any of the provisions of section 8.544.

### 8.545 Definitions

The following words and phrases as used in this section, unless a different meaning is plainly required by the context shall have the following meanings:

“Retirement allowance,” “death allowance,” or “allowance” shall mean equal monthly payments, beginning to accrue upon the date of retirement, or upon the day following the date of death, as the case may be and continuing for life unless a different term of payment is definitely provided by the context.

“Compensation,” as distinguished from benefits under the Workmen’s Compensation Insurance and Safety Act of the State of California, shall mean the remuneration payable in cash, by the city and county, without deduction except for absence from duty, for time during which the individual receiving such remuneration is a member of the police department, but excluding remuneration paid for overtime.

“Compensation earnable” shall mean the compensation which would have been earned had the member received compensation without interruption throughout the period under consideration at the rates of remuneration attached at that time to the ranks or positions held by him during such period, it being assumed that during any absence he was in the rank or position held by him at the beginning of the absence, and that prior to becoming a member of the police department, he was in the rank or position first held by him in such department.

“Benefit” shall include “allowance,” “retirement allowance,” “death allowance” and “death benefit.”

"Final compensation" shall mean the monthly compensation earnable by a member at the time of his retirement, or death before retirement, as the case may be, at the rate of remuneration attached at that time to the rank or position which said member held, provided that said member has held said rank or position for at least one year immediately prior to said retirement or death; and provided, further, that if said member has not held said rank or position for at least one year immediately prior to said retirement or death, "final compensation," as to such member, shall mean the monthly compensation earnable by such member in the rank or position next lower to the rank or position which he held at the time of retirement or death at the rate of remuneration attached at the time of said retirement or death to said next lower rank or position; provided, however, that in the case of a member's death before retirement as the result of a violent traumatic injury received in the performance of his duty, "final compensation," as to such member shall mean the monthly compensation earnable by such member at the rate of remuneration attached on the date he receives such injury to the rank or position held by such member on that date.

The amendment of the definition of "final compensation" contained in the proposition therefor submitted to the electorate on June 6, 1972, shall be retroactive and shall be applicable to any death allowance first effective on or after July 1, 1971. Said amendment does not and shall not increase any death allowance first in effect prior to July 1, 1971, nor shall said amendment give any person receiving a death allowance, or his successors in interest any claim against the city and county for any increase in any death allowance paid or payable for time prior to July 1, 1971.

For the purpose of the retirement system and of this section, the terms "member of the police department," "member of the department" or "member" shall mean any officer or employee of the police department whose employment therein began prior to January 1, 1900, or whose employment therein began or shall begin after that date, and was or shall be subject to the charter provisions governing entrance requirements for members of the uniformed force of said department, and said terms further shall mean, from the effective date of their employment in said department, persons employed on July 1, 1945, regardless of age, or employed after said date at an age not greater than the maximum age then prescribed for entrance into employment in said uniformed force, to perform the duties now performed under the titles of criminologist, photographer, police patrol driver, police motor boat operator, woman protective officer, police woman or jail matron. Any police service performed by such member of the police department outside the limits of the city and

“Retirement system” or “system” shall mean San Francisco City and County Employees’ Retirement System as created in section 8.600 of the charter.

“Retirement board” shall mean “retirement board” as created in section 3.670 of the charter.

“Charter” shall mean the charter of the City and County of San Francisco.

Words used in the masculine gender shall include the feminine and neuter genders, and singular numbers shall include the plural and the plural the singular.

“Interest” shall mean interest at the rate adopted by the retirement board. (*Amended 1972*)

### 8.546 Service Retirement

Any member of the police department who completes at least twenty-five years of service in the aggregate and attains the age of fifty (50) years, said service to be computed under section 8.554, may retire for service at his option. Members shall be retired on the first day of the month next following the attainment by them of the age of sixty-five years. A member retired after meeting the service and age requirements in the two sentences next preceding, shall receive a retirement allowance equal to fifty-five percent of the final compensation of said member, as defined in section 8.545, plus an allowance at the rate of three percent of said final compensation, for each year of service rendered after qualifying as to age and service for retirement; provided, however, that such retirement allowance shall not exceed seventy percent of said member’s final compensation. A member retired after attaining the age of sixty-five years, but before completing twenty-five years of service in the aggregate computed under section 8.554, shall receive a retirement allowance which bears the same ratio to fifty percent of the final compensation of said member, as defined in section 8.545 as the service with which he is entitled to be credited, bears to twenty-five years. If at the date of retirement for service, or retirement for disability resulting from an injury received in performance of duty, said member has no wife, children or dependent parents, who would qualify for the continuance of the allowance after the death of said member, or with respect to the portion of the allowance which would not be continued regardless of dependents, or upon retirement for disability resulting from other causes, with respect to all of the allowance and regardless

## 8.546 – 8.547

of dependents at retirement, a member retired under this section, or section 8.547, may elect before the first payment of the retirement allowance is made, to receive the actuarial equivalent of his allowance or the portion which would not be continued regardless of dependents, as the case may be, partly in a lesser allowance to be received by him throughout his life, and partly in other benefits payable after his death to another person or persons, provided that such election shall be subject to all the conditions prescribed by the board of supervisors to govern similar election by other members of the retirement system, including the character and amount of such other benefits.

### 8.547 Retirement for Incapacity

Any member of the police department who becomes incapacitated for the performance of his duty by reason of bodily injury received in, or illness caused by performance of his duty, shall be retired. If he is not qualified for service retirement, he shall receive a retirement allowance in an amount which shall be equal to the same percentage of the final compensation of said member, as defined in section 8.545, as his percentage of disability is determined to be. The percentage of disability shall be as determined by the Workmen's Compensation Appeals Board of the State of California upon referral from the retirement board for that purpose; provided that the retirement board may, by five (5) affirmative votes, adjust the percentage of disability as determined by said Appeals Board; and provided, further, that such retirement allowance shall be in an amount not less than fifty percent nor more than ninety percent of the final compensation of said member, as defined in section 8.545. Said allowance shall be paid to him until the date upon which said member would have qualified for service retirement had he lived and rendered service without interruption in the rank held by him at retirement, and after said date the allowance payable shall be equal to the retirement allowance said member would have received if retired for service on said date, based on the final compensation as defined in section 8.545 he would have received immediately prior to said date had he lived and rendered service as assumed, but such allowance shall not be less than fifty-five percent of such final compensation. If at the time of retirement because of disability, he is qualified as to age and service for retirement under section 8.546, he shall receive an allowance equal to the retirement allowance which he would receive if retired under section 8.546 but not less than fifty-five percent of said final compensation. Any member of the police department who becomes incapacitated for the performance of his duty, by reason of a cause not included under the provisions of

the immediately preceding sentences, and who shall have completed at least ten years of service in the aggregate, computed as provided in section 8.554 shall be retired upon an allowance of one and one-half percent of the final compensation of said member, as defined in section 8.545, for each year of service provided that said allowance shall not be less than thirty-three and one-third percent of said final compensation. The question of retiring a member under this section may be brought before the retirement board on said board's own motion, by recommendation of the police commission, or by said member or his guardian. If his disability shall cease, his retirement allowance shall cease, and he shall be restored to the service in the rank he occupied at the time of his retirement.

#### 8.548 Death Allowance

If a member of the police department shall die before or after retirement by reason of an injury received in, or illness caused by the performance of his duty, a death allowance, in lieu of any allowance payable under any other section of the charter or by ordinance, on account of death resulting from injury received in or illness caused by the performance of duty, shall be paid, beginning on the date next following the date of death, to his surviving wife, throughout her life or until her remarriage. If the member, at the time of death, was qualified for service retirement, but had not retired, the allowance payable shall be equal to the retirement allowance which the member would have received if he had been retired for service on day of death, but such allowance shall not be less than fifty-five percent of the final compensation earnable by said member immediately preceding death. If death occurs prior to qualification for service retirement the allowance payable shall be equal to the final compensation of said member at the date of death, until the date upon which said member would have qualified for service retirement, had he lived and rendered service without interruption in the rank held by him at death, and after said date the allowance payable shall be equal to the retirement allowance said member would have received if retired for service on said date, based on the final compensation he would have received immediately prior to said date, had he lived and rendered service as assumed, but such allowance shall not be less than fifty-five percent of such final compensation. If he had retired prior to death for service or for disability resulting from injury received in, or illness caused by the performance of duty, the allowance payable shall be equal to the retirement allowance of the member, except that if he was a member under section 8.544 and retirement was for such disability, and if death occurred prior to qualification for the service retirement allowance, the allowance

continued shall be reduced upon the date at which said member would have qualified for service retirement, in the same manner as it would have been reduced had the member not died. If there be no surviving wife entitled to an allowance hereunder, or if she die or remarry before every child of such deceased member attains the age of eighteen years, then the allowance which the surviving wife would have received had she lived and not remarried shall be paid to his child or children under said age, collectively, to continue until every such child dies or attains said age, provided that no child shall receive any allowance after marrying or attaining the age of eighteen years. Should said member leave no surviving wife and no children under the age of eighteen years, but leave a parent or parents depending upon him for support, the parents so dependent shall collectively receive a monthly allowance equal to that which a surviving widow otherwise would have received, during such dependency. No allowance, however, shall be paid under this section to a surviving wife following the death of a member unless she was married to the member prior to the date of the injury or onset of the illness which results in death.

#### 8.549 Payment to Surviving Dependents

Upon the death of a member of the police department resulting from any cause, other than injury received in or illness caused by performance of duty, (a) if his death, occurred after qualification for service retirement under section 8.540, 8.543 or 8.546, or after retirement for service or because of disability which resulted from any cause other than an injury received in, or illness caused by the performance of duty, three-fourths of his retirement allowance to which he would have been entitled if he had retired for service at the time of his death or three-fourths of his retirement allowance as it was at his death, as the case may be, shall be continued throughout life or until remarriage, to his surviving wife or (b) if his death occurred after retirement because of disability which resulted from injury received in, or illness caused by the performance of duty, his retirement allowance as it was at his death shall be continued throughout life or until remarriage, to his surviving wife, except that, if death occurred prior to qualification for service retirement allowance, the allowance continued shall be adjusted upon the date at which said member would have qualified for service retirement, in the same manner as it would have been adjusted had the member not died. If there be no surviving wife entitled to an allowance hereunder, or if she die or remarry before every child of such deceased member attains the age of eighteen years, then the allowance which the surviving wife would have received had she lived and not

remarried shall be paid to his child or children under said age, collectively, to continue until every such child dies or attains said age, provided that no child shall receive any allowance after marrying or attaining the age of eighteen years. Should said member leave no surviving wife and no children under the age of eighteen years, but leave a parent or parents dependent upon him for support, the parents so dependent shall collectively receive a monthly allowance equal to that which a surviving wife otherwise would have received, during such dependency. No allowance, however, shall be paid under this section to a surviving wife unless she was married to the member prior to the date of the injury or the onset of the illness which results in death, if he had not retired, or unless she was married to the member at least one year prior to his retirement.

As used in this section and section 8.548, "surviving wife" shall mean and include a surviving spouse, and shall also mean and include a spouse who has remarried since the death of the member but whose remarriage has been terminated by death, divorce or annulment within five years after the date of such remarriage and who has not thereafter again remarried.

The surviving wife, in the event of death of the member after qualification for but before service retirement, may elect before the first payment of the allowance, to receive the benefit provided in section 8.552 in lieu of the allowance which otherwise would be continued to her under this section. If there be no surviving wife, the guardian of the child or children under age eighteen may make such election, and if there be no such children, the dependent parent or parents may make such election. Persons heretofore or hereafter retired under other charter sections, as members of the police department at the time of retirement, shall be subject to the provisions of this section. With respect to members under section 8.544, "Qualified for service retirement," "Qualification for service retirement" or "Qualified as to age and service for retirement," as used in this section and other sections to which persons who are members under section 8.544 are subject, shall mean completion of twenty-five years of service and attainment of age fifty, said service to be computed under section 8.554.

#### 8.550 Adjustment of Allowances

(a) Every allowance based on the average monthly compensation earnable by the member during the three or ten years prior to retirement or death, and payable for time commencing on April 1, 1952, to or on account of persons who were retired or who died prior to January 1, 1951, as members of the police department, shall

be adjusted to the amount it would be if it had been based on the monthly compensation fixed in section 35.5 of the charter of 1932 as amended as of July 1, 1951, for the rank of police officer in the respective years of service, regardless of the rank or position the member held in the department prior to his retirement, or death before retirement. Every service retirement allowance under section 8.543 which is included in the sentence next preceding, shall be adjusted to what it would have been, if prior to optional modification, the allowance had been fifty percent of said monthly compensation. Allowances payable under sections 8.547, 8.548 or 8.561 to or on account of persons who were retired for disability or died prior to January 1, 1951, on and after the date such persons would have qualified for service retirement, shall be calculated as provided in said sections 8.547, 8.548, or 8.561, respectively. The provisions of section 8.549 with respect to continuance of one-half of retirement allowance upon deaths after retirement, shall be applied from April 1, 1952, as if they were effective on November 2, 1948. This section does not authorize any decrease in any allowance from the amount being paid as of April 1, 1952, nor does this section give any retired member, or any beneficiary of such member, or his successors in interest, any claim against the city and county for any increase in any allowance paid or payable for the time prior to April 1, 1952. Adjustment in reserves under allowances which are changed according to this section, shall be made on the basis of current interest rate and mortality tables.

The increase in the retirement allowance shall be apportioned according to services rendered by the member in the same manner that the allowance prior to increase was apportioned. Contributions to the retirement system, necessary for the payment of the increase of the portion of the retirement allowances which is paid from reserves held by the retirement system, shall be provided from the reserves held by the retirement system on account of members under section 8.544, the necessary amount being transferred upon April 1, 1952, from said reserves to the reserves held by the retirement system to meet the obligations on account of benefits that have been granted and on account of prior service of members. The contribution being required of the city and county currently, as a percentage of salaries of persons who are members under section 8.544, shall be increased to a percentage determined by the actuary as necessary to replace the reserves so transferred. Contributions to the retirement system necessary for the payment of said increases with reference to current and prior service portions of the allowances which are not paid from reserves held by the retirement system, shall be paid to the system by the city and county by annual appropriations, provided

that such appropriation for any year shall not be less than the amount disbursed during that year on account of said increases.

(b) Every retirement or death allowance payable for time commencing on April 1, 1956, to or on account of any person who died or was retired prior to November 8, 1955, as a member of the police department, unless such person was retired or died as a member of the retirement system or the former police relief and pension fund, under any section of the charter, other than section 8.543, or 8.544, is hereby increased by the amount of \$25.00 per month; provided, however, that such increased retirement allowance or death allowance shall not exceed 50 percent of the compensation as of July 1, 1954, attached to the rank of police officer in the fourth year of service as set forth under section 35.5 of the charter of 1932, as amended regardless of the rank or position the member held in the department prior to his retirement or death before retirement.

Such increase shall not be modified under, nor subject to, Option 2 or 3 provided by ordinance. Allowances payable under sections 8.547, 8.548, or 8.561, to or on account of persons who were retired for disability or died prior to November 8, 1955, on and after the date such persons would have qualified for service retirement, shall be calculated as provided in said sections 8.547, 8.548, or 8.561, respectively.

This section does not authorize any decrease in any allowance from the amount being paid as of April 1, 1956, nor does this section give any member who retired, or the beneficiary of any member who died prior to April 1, 1956, or his successors in interest, any claim against the city and county for any increase in retirement allowance paid or payable for time prior to April 1, 1956.

The increase in allowance shall be apportioned between service rendered prior to the entry of the member into the retirement system under section 8.543 or 8.544, and service rendered as such a member, in the same proportion that such prior and current service respectively, bears to the total service credited at retirement. Contributions to the retirement system necessary for the increases in the allowances provided in this section, shall be provided, with respect to the portion of the benefit based on service rendered as members under section 8.543 or 8.544 from the reserves held by the retirement system on account of members of the retirement system under section 8.544, the necessary amount being transferred upon April 1, 1956, from said reserves to the reserves held by the retirement system to meet the obligations on account of allowances which are increased by this subsection 8.550 (b). The contribution being required of the city and county currently, as percentages of salaries of persons who are members under section 8.543 or 8.544, shall be paid

## 8.550 – 8.553

to the system by the city and county by annual appropriations, provided that such appropriation for any year shall not be less than the amount disbursed during that year on account of said increases.

### 8.551 Adjustment of Allowances Because of Compensation Benefits

That portion of any allowance payable because of the death or retirement of any member of the police department, which is provided by contributions of the city and county, shall be reduced in the manner fixed by the board of supervisors, by the amount of any benefits, other than medical benefits, payable to or on account of such person, under the Workmen's Compensation Insurance and Safety Law of the State of California and because of the injury or illness resulting in said death or retirement. Such portion which is paid because of death or retirement which resulted from injury received in or illness caused by performance of duty, shall be considered as in lieu of any benefits, other than medical benefits, payable to or on account of such persons under the said law of the State of California, and shall be in satisfaction and discharge of the obligation of the city and county to pay such benefits.

### 8.552 Death Benefits

If a member of the police department shall die, before retirement, from causes other than an injury received in, or illness caused by the performance of duty, or regardless of cause, if no allowance shall be payable under sections 8.548 or 8.549 preceding, a death benefit shall be paid to his estate or designated beneficiary, the amount of which and the conditions for the payment of which shall be determined in the manner prescribed by the board of supervisors for the death benefit of other members of the retirement system. Upon the death of a member after retirement and regardless of the cause of death, a death benefit shall be paid to his estate or designated beneficiary, the amount of which and the conditions for payment of which shall be determined in the manner prescribed by the board of supervisors for the payment of a similar benefit upon the death of other retired members.

### 8.553 Refunds and Redeposits

Should any member of the police department cease to be employed as such a member, through any cause other than death or retirement or transfer to another office or department, all of his contributions, with interest credited thereon, shall be refunded to him subject to the conditions prescribed by the board of supervisors to govern similar terminations of employment of other members of

## 8.553 - 8.554

the retirement system. If he shall again become a member of the police department, he shall redeposit in the retirement fund the amount refunded to him. Contributions with interest, which are credited because of service rendered in any other office or department and which will not be counted under section 8.554 to any person who becomes a member of the retirement system under section 8.544, shall be refunded to him forthwith. Should a member of the police department become an employee of any other office or department, his accumulated contribution account shall be adjusted by payments to or from him as the case may be, to make the accumulated contributions credited to him at the time of change, equal to the amount which would have been credited to him if he had been employed in said other office or department at the rate of compensation received by him in the police department, and he shall receive credit for service for which said contributions were made, according to the charter section under which his membership in the retirement system continues.

### 8.554 Computation of Service

The following time shall be included in the computation of the service to be credited to a member of the police department for the purposes of determining whether such member qualified for retirement, and calculating benefits, excluding, however, any time the contributions for which were withdrawn by said member upon termination of his service while he was a member under any other charter section, and not redeposited upon re-entry into service:

(1) Time during and for which said member is entitled to receive compensation because of services as a member of the fire or police department.

(2) Time during which said member served and received compensation as a jail matron in the office of the sheriff.

(3) Time during which said member is entitled to receive compensation while a member of the retirement system, because of service rendered in other offices and departments before July 1, 1949, provided that accumulated contributions on account of such service, previously refunded, are redeposited, with interest from date of refund to date of redeposit, at times and in the manner fixed by the retirement board; and solely for the purpose of determining qualification for retirement under section 8.547 for disability not resulting from injury received in, or illness caused by performance of duty, time during which said member serves, after June 30, 1949, and receives compensation because of services rendered in other offices and departments.

## 8.554 – 8.555

(4) Time during which said member is absent from a status included in paragraphs (1), (2) or (3) next preceding, by reason of service in the armed forces of the United States of America, or by reason of any other service included in section 8.520 of the charter, during any war in which the United States was or shall be engaged or during other national emergency, and for which said member contributed or contributes to the retirement system or for which the city and county contributed or contributes on his account

### 8.555 Sources of Funds

All payments provided for persons who are members under section 8.544 shall be made from funds derived from the following sources, plus interest earned on said funds:

(1) The normal rate of contribution of each member shall be based on his age taken to the next lower complete quarter year, (a) at the date he became a member under section 8.507 or 8.543, in the case of persons who are members under these sections, or (b) at July 1, 1945, in the case of persons who are members under section 8.540, and his age taken to the next lower completed quarter year, when he entered the police department, or (c) on his age at the date he becomes a member under section 8.544, in the case of persons who become members on or after July 1, 1945, without credit for services counted under section 8.554. The age of entrance into the police department shall be determined by deducting the member's service credited under section 8.554 as rendered prior to the date upon which his age is based for determination of the rate of contribution according to the sentence next preceding, from said age. The normal rate of contribution of each such member, to be effective from the effective date of membership under section 8.544, shall be such as, on the average for such member, will provide, assuming service without interruption, under section 8.546, one third of that portion of the service retirement allowance to which he would be entitled, without continuance to dependents, upon first qualifying as to age and service, for retirement under that section, without discount of allowance, which is based on service rendered after the date upon which his age is based for determination of his rate of contribution according to the first sentence in this paragraph, and assuming the contribution to be made from that date. The normal rate of contribution, however, shall not exceed six percent.

(2) The dependent rate of contribution of each member which shall be required of each member throughout his membership in addition to the normal contributions, and in the same manner as normal contributions, shall be such as, on the average for such

member, will provide, assuming service without interruption under section 8.546, and upon his first qualifying as to age and service for retirement under that section, one-third of the portion of his allowance, which is to be continued under section 8.549, after his death and throughout the life of a surviving wife whose age at said death is three years less than the age of said member. If, at the date of retirement for service or retirement for disability resulting from injury received in performance of duty, said member has no wife who would qualify for the continuance of the allowance to her after the death of said member, or upon retirement from disability resulting from other causes, regardless of his marital condition, the dependent contributions with accumulated interest thereon, shall be paid to him forthwith. The dependent rate of contribution, however, shall not exceed the difference between six percent and the member's normal rate of contribution, and said dependent rate may be taken as a flat percentage of the member's normal rate, regardless of the age of qualification for service retirement.

(3) There shall be deducted from each payment of compensation made to a member under section 8.544, a sum determined by applying the member's rates of contribution to such compensation payment. The sum so deducted shall be paid forthwith to the retirement system. Said contribution shall be credited to the individual account of the member from whose salary it was deducted, and the total of said contributions, together with interest credited thereon in the same manner as is prescribed by the board of supervisors for crediting interest to contributions of other members of the retirement system, shall be applied to provide part of the retirement allowance granted to, or allowance granted on account of said members or shall be paid to said member or his estate or beneficiary as provided in sections 8.552, 8.553, and 8.554.

(4) Contributions based on time included in paragraphs (1), (2), (3) and (4) of section 8.554 and deducted prior to July 1, 1945, from compensation of persons who become members under section 8.544, and standing with interest thereon, to the credit of such members on the records of the retirement system on said date, shall continue to be credited to the individual accounts of said members and shall be combined with and administered in the same manner as the contributions deducted after said date.

(5) The total contributions, with interest thereon, made by or charged against the city and county and standing to its credit, in the accounts of the retirement system, on account of persons who become members under section 8.544, shall be applied to provide the benefits under said section.

(6) The city and county shall contribute to the retirement system

such amounts as may be necessary, when added to the contributions referred to in the preceding paragraphs of this section 8.555, to provide the benefits payable under this section. Such contributions of the city and county to provide the portion of the benefits hereunder which shall be based on service rendered by each member prior to the date upon which his age is based for determination of his rate of contribution in paragraph (1), section 8.555 shall not be less during any fiscal year than the amount of such benefits paid during said year. Such contributions of the city and county to provide the portion of the benefits hereunder which shall be based on service rendered by respective members on and after the date stated in the next preceding sentence, shall be made in annual installments, and the installment to be paid in any year shall be determined by the application of a percentage to the total compensation paid during said year, to persons who are members under section 8.544, said percentage to be the ratio of the value on July 1, 1945, or at the later date of a periodical actuarial valuation and investigation into the experience under the system of the benefits thereafter to be paid under this section, from contributions of the city and county, less the amount of such contributions, and plus accumulated interest thereon, then held by said system to provide said benefits on account of service rendered by respective members after the date stated in the sentence next preceding, to the value at said respective dates of salaries thereafter payable to said members. Said values shall be determined by the actuary, who shall take into account the interest which shall be earned on said contributions, the compensation experience of members, and the probabilities of separation by all causes, of members from service before retirement and of death after retirement. Said percentage shall be changed only on the basis of said periodical actuarial valuation and investigation into the experience under the system. Said actuarial valuation shall be made every even-numbered year and said investigation into the experience under the system shall be made every odd-numbered year.

(7) To promote the stability of the retirement system through a joint participation in the result of variations in the experience under mortality, investment and other contingencies, the contributions of both members and the city and county held by the system to provide the benefits under this section, shall be a part of the fund in which all other assets of said system are included. Nothing in this section shall affect the obligation of the city and county to pay to the retirement system any amounts which may or shall become due under the provisions of the charter prior to July 1, 1945, and which are represented on July 1, 1945, in the accounts of said system by debits against the city and county.

## **8.556 – 8.561**

### **8.556 Right to Retire**

Upon the completion of the years of service set forth in section 8.546 as requisite to retirement, a member of the police department shall be entitled to retire at any time thereafter in accordance with the provisions of said section 8.546, and nothing shall deprive said member of said right.

### **8.557 Limitation on Employment during Retirement**

No person retired as a member under section 8.544 after June 30, 1945, for service or disability and entitled to receive a retirement allowance under the retirement system shall serve in any elective or appointive position in the city and county service, including membership on boards and commissions, nor shall such person receive any payment for service rendered to the city and county after retirement, provided that service as an election officer or juror shall not be affected by this section.

## **Part Seven: Provisions of Special Applications to the Police and Fire Departments**

### **8.560 Definition, Members of Fire and Police Department**

For the purpose of the retirement system, any officer or employee of the police or the fire departments whose employment therein began prior to January 1, 1900, or whose employment therein began on or shall begin after that date and was or shall be subject to a charter maximum age at the time of employment of not over thirty-five years, shall be considered to be a member of the police department or the fire department, respectively. Any fire or police service outside the limits of the city and county performed by a member of the retirement system and under orders of a superior officer of any such member, shall be considered as city and county service, and any disability or death incurred therein shall be covered under the provisions of the retirement system.

### **8.561 Pension Provisions—Dependent of Members of Fire and Police Departments Killed in Line of Duty**

If a member of the fire or police departments, as defined in the charter for the purposes of the retirement system, or a member of the salvage corps in the fire department, or any person employed by the city and county to perform duties now performed under the titles of pilot of fireboats, marine engineer of fireboats, or marine fireman of fireboats, all of whom are hereinafter designated as members, shall die before or after retirement as a result of an injury received in, or illness caused by the performance of his duty, a

monthly allowance, in lieu of any allowance payable under any other section of the charter or by ordinance, shall be paid, beginning on the date next following the date of death, to his surviving wife throughout her life or until her remarriage. If the member, at the time of death, was qualified for service retirement, but had not retired, the allowance payable shall be equal to the retirement allowance which the member would have received if he had been retired for service on the day of death, but such allowances shall not be less than one-half of the average monthly compensation earnable by said member during the three years immediately preceding death, and if he had retired prior to death, the allowance payable shall be equal to the retirement allowance of the member. If death occurs prior to qualification for service retirement, the allowance payable shall be equal to the compensation of said member at the date of death, until the date upon which said member would have qualified for service retirement, had he lived and rendered service without interruption in the rank held by him at death, and after said date the allowance payable shall be equal to the retirement allowance said member would have received if retired for service on said date, based on the average monthly compensation he would have received during the three years immediately prior to said date, had he lived and rendered service as assumed, but such allowance shall not be less than one-half of such average monthly compensation. If there be no surviving wife entitled to an allowance hereunder, or if she die or remarry before every child of such deceased member attains the age of eighteen years, then the allowance which the surviving wife would have received had she lived and not remarried shall be paid to his child or children under said age, collectively, to continue until every such child dies or attains said age, provided that no child shall receive any allowance after marrying or attaining the age of eighteen years. Should said member leave no surviving wife and no children under the age of eighteen years, but leave a parent or parents dependent upon him for support, the parents so dependent shall collectively receive a monthly allowance equal to that which a surviving widow otherwise would have received, during such dependency. No allowance, however, shall be paid under this subsection to a surviving wife following the death of a member unless she was married to the member prior to the date of the injury or onset of the illness which results in death.

Benefits provided under this section shall be in lieu of all benefits payable under other sections of the charter upon death of such member resulting from an injury received in, or illness caused by the performance of duty, except the five hundred dollar benefit payable upon death after retirement.

Contributions to provide the allowance under this section shall be made to the San Francisco City and County Employees' Retirement System by the city and county. The amount of the contribution shall be determined and payment to the system shall be made in the same manner as contributions are determined and paid which are required for other benefits provided under the retirement system for the respective groups of members who are included under this section.

Notwithstanding any other provision of this charter, any member of the salvage corps in the fire department, or any person employed by the city and county to perform duties now performed under the titles of pilot of fire boats, marine engineer of fire boats, or marine fireman of fire boats, who becomes incapacitated for performance of his duty by reason of any bodily injury received in or illness caused by the performance of his duty, shall receive the same benefits as members of the fire department who are members of the retirement system under section 8.567 of the charter.

#### **8.562 Credit for Service in Underwriters' Fire Patrol**

Any person who is a member under section 8.568 on February 1, 1970, and who was employed in the uniformed force of the Underwriters' Fire Patrol of San Francisco prior to becoming such a member shall have the right to elect to make contributions pursuant to this section and to receive credit as service under the retirement system for all or any part of the time he was so employed.

Said election shall be made in writing on a form provided by the retirement system and filed with the retirement board within ninety (90) days after February 1, 1970.

Any such member who elects to make contributions and receive such credit shall contribute to the retirement fund an amount equal to the sum of (a) contributions computed by applying the rate of contribution applicable to him on the date he elected to receive credit for such service to the monthly compensation earnable by him on said date multiplied by the number of months of such service for which he has elected to receive credit and (b) interest on the unpaid balance of said contributions, commencing on the date of the member's election to make such contributions, at the rate of interest currently being used from time to time under the retirement system.

Payment of the contributions required by this section shall be made in a lump sum or by installment payments. Installment payments shall be made at times and in a manner fixed by the retirement board, provided that the period for completion of such payments shall not extend beyond the effective date of the member's retirement.

Upon completion of payment of contributions in the amount

specified in this section, the member shall be credited with service under the retirement system in an amount equal to the service for which he has elected to receive credit pursuant to this section. The service with which the member is so credited shall be credited as current service.

### Part Eight: Provisions of Special Application to the Fire Department

#### 8.565 Members of Fire Department on January 8, 1932

Persons who are members of the fire department on the 8th day of January, 1932, shall become members of the retirement system on that date, subject only to the following provisions, in addition to the provisions contained in sections 3.670-3.672, 8.500-8.502, 8.510, 8.511, 8.520, and 8.560 of this charter.

(a) Any member of the fire department who shall have completed twenty-five years of continuous service as a member of the fire department next preceding the date of his retirement, or any member of the fire department who shall have reached the age of fifty-five years and shall have completed twenty years of continuous service as a member of the fire department next preceding the date of his retirement, may retire from service at his option. Any member of the fire department who shall become physically disabled by reason of any bodily injury received in the performance of his duty may be retired from service on satisfactory proof thereof. The retirement board, by unanimous vote, may retire from service any aged, disabled or infirm member of the fire department who has arrived at the age of sixty years and who has completed twenty years of continuous service as a member of the department next preceding such age, who may be ascertained to be, by reason of such age, infirmity or other disability, unfit for the performance of his duties. Such retired member shall receive a monthly pension, payable throughout his life, equal to one-half the amount of the salary attached to the rank held by him three years prior to the date of his retirement hereinafter referred to as "pension" in this and the following section; provided that where such retirement is based on disability alone, in case the disability of such member shall cease, his pension shall cease, and he shall be restored to service in the rank he occupied at the time of his retirement. Should any said retired member die leaving a widow, who shall have been married to the decedent at least one year prior to the date of his retirement, such widow shall, as long as she may live and remain unmarried, be paid said pension; provided, further, that should said widow die leaving a child or children under the age of sixteen years, said pension shall

continue to be paid such child or such children collectively until the youngest child arrives at the age of sixteen years; and provided, further, that should said retired member die leaving no widow but leaving an orphan child or children under the age of sixteen years, such child or children collectively shall receive said pension until the youngest child attains the age of sixteen years.

(b) The family of any member of the fire department who shall die as a result of any injury received during the performance of his duty, or from sickness clearly, unmistakably and directly caused by and resulting from the discharge of such duty, or while eligible for a pension on account of years of service in the department, or who has served twenty consecutive years in the department and attained the age of fifty-five years, shall receive the following benefits:

First, should the decedent leave a widow to whom he was married prior to the date of the injury resulting in death, his widow shall, as long as she may live and remain unmarried, be paid a monthly pension equal to one-half of the salary attached to the rank held by the decedent at the time of his said injury, provided, however, that should said widow die, leaving a child or children under the age of sixteen years, said pension shall continue to such child or children collectively until the youngest child arrives at the age of sixteen years.

Second, should the decedent leave no widow, but leave an orphan child or children under the age of sixteen years, such child or such children collectively shall receive said pension until the youngest child attains the age of sixteen years.

Third, should the decedent leave no widow and no orphan child or children, but leave a parent or parents dependent solely upon him for support, such parents so depending shall collectively receive said pension during such time as the retirement board may unanimously determine its necessity.

(c) When any member of the department shall die from natural causes and before retirement, and when no pension is payable to his widow or children, there shall be paid to his estate or beneficiary a death benefit, the amount of which and the conditions for the payment of which shall be determined in the manner prescribed by the board of supervisors for the death benefit of other members of the retirement system.

Upon the death of a member after retirement and regardless of the cause of death, a death benefit shall be paid to his estate or designated beneficiary, the amount of which and the conditions for payment of which shall be determined in the manner prescribed by the board of supervisors for the payment of a similar death benefit upon the death of other retired members.

(d) In addition to the other contributions required of the city and county under the retirement system, the city and county shall contribute to the retirement system during each fiscal year a sum which shall be equal to the liabilities accruing under the retirement system because of service rendered during such year by persons becoming members on the 8th day of January, 1932, under this section. If, subsequent to such fiscal year, it shall be determined that such contribution by the city and county was not sufficient to meet such liability, then the city and county shall make such additional contribution as may be necessary to make up the deficit.

(e) No benefits shall be provided under the retirement system for, nor shall any contributions be required of, persons who become members of the retirement system under this section, in addition to the benefits specifically provided and contributions specifically required in such section. Any pension payable because of the death or retirement of any such person shall be reduced in the manner fixed by the board of supervisors, by the amount of any benefits payable to or on account of such person, under the Workmen's Compensation Insurance and Safety Law of the State of California.

(f) Persons who are members of the fire department on the 8th day of January, 1932, shall have the option, to be exercised in writing on or before the 1st day of July, 1932, of becoming members of the retirement system under the provisions of section 8.567, which applies to persons who become members of the department after the 8th day of January, 1932. If such persons shall affirmatively exercise such option within the time specified, then they shall not receive any benefit under this section, but shall become members of the retirement system and shall receive benefits and make contributions on the same basis as persons who become members of the department after the 8th day of January, 1932, provided that a pension for each person affirmatively exercising such option shall be payable on account of service rendered to the city and county prior to the 8th day of January, 1932, by contributions of the city and county, which pension shall be the same percentage, regardless of the age of retirement, of his final compensation, as defined by the board of supervisors, for each year of service, as the contributions of the member and the city and county are calculated to provide upon retirement at age fifty-five for each year of service rendered as a member of the retirement system.

#### **8.566 Fire Department—Retired Members and Beneficiaries on January 8, 1932**

Any member of the fire department who shall have been retired on or after January 21, 1925, or prior to January 1, 1900, and shall

## 8.566 – 8.568

be receiving a pension on the 8th day of January, 1932, and any widow, child, children or parents of a deceased member of the department who shall be receiving a pension on the 8th day of January, 1932, shall continue to receive such pension subject to the provisions of section 8.565 governing the payment of pensions to retired members, widows, children and parents. Any member of the fire department who shall have been retired on or after the 1st day of January, 1900, and prior to the 21st day of January, 1925, and shall be receiving a pension on the 8th day of January, 1932, shall continue to receive such pension throughout his life, subject to the provisions of section 8.565 governing the payment of pensions granted because of disability incurred in the performance of duty, including the payment of such pension to widows, children and parents of deceased members who had been retired because of such disability. Such pensions shall be paid by the retirement system, but no other benefits shall be provided for such retired members, widows, children or parents; except that upon the death of any such member who is receiving a pension under this section and regardless of the cause of death, a death benefit shall be paid to his estate or designated beneficiary, the amount of which shall be determined in the manner prescribed by the board of supervisors.

### 8.567 Members of the Fire Department— January 8, 1932 to July 1, 1949

Persons who become members of the fire department after the 8th day of January, 1932 and prior to July 1, 1949, shall become members of the retirement system subject only to the following provision in addition to the provisions contained in sections 3.670-3.672, 8.500-8.502, 8.510, 8.511, 8.520, 8.525 and 8.560 of this charter. No member of the retirement system shall be retired, except in case of disability incapacitating him for the performance of his duties, unless he shall have attained the age of fifty-five years and completed twenty years of continuous service, except that retirement shall be compulsory at the age of seventy years. It may be provided, however, under such retirement system, that members may retire after thirty years of continuous service; the benefits at retirement in such cases to be determined, because of retirement at an age below fifty-five, in accordance with the tables recommended by the actuary and approved by said retirement board.

### 8.568 Member of the Fire Department After July 1, 1949

Members of the fire department, as defined in section 8.569, who are members of the retirement system under sections 8.507, 8.509, or 8.567 of the charter on the first day of July, 1949, and persons

## 8.568 – 8.569

who become members of said department after said date, shall be members of the retirement system under this section 8.568 on and after said date, and shall be subject to the following provisions of section 8.568 and sections 8.569, 8.570, 8.571, 8.572, 8.573, 8.575, 8.576, 8.577, 8.578, 8.579, 8.580, 8.581 in addition to the provisions contained in sections 3.670-3.672, 8.500-8.504, 8.506, 8.510 and 8.520 of this charter notwithstanding the provisions of any other section of the charter. Members of the said department who are members of the retirement system under sections 8.507 or 8.509 of the charter, on July 1, 1950, however, shall have the option to be exercised in writing, on a form furnished by the retirement system and to be filed at the office of said system not later than ninety days after said date, of being members of the system under sections 8.507 or 8.509 instead of section 8.568, the election under said option to be effective on said date, provided, that members who are absent by reason of service in the armed forces of the United States or by reason of any other service included in section 8.520 of the charter, on July 1, 1949, shall have the same option of electing to be members under sections 8.507 or 8.509, as the case may be, instead of section 8.568 until ninety days after their return to service in the fire department. On and after said date the persons who affirmatively exercise said option, shall continue to be members of the system under section 8.507 or 8.509, respectively, and shall not be subject to any of the provisions of section 8.568.

## 8.569 Definitions

The following words and phrases as used in this section, unless a different meaning is plainly required by the context, shall have the following meaning:

“Retirement allowance,” “death allowance” or “allowance,” shall mean equal monthly payments, beginning to accrue upon the date of retirement, or upon the day following the date of death, as the case may be, and continuing for life unless a different term of payment is definitely provided by the context.

“Compensation,” as distinguished from benefits under the Workmen’s Compensation Insurance and Safety Act of the State of California, shall mean the remuneration payable in cash, by the city and county, without deduction except for absence from duty, for time during which the individual receiving such remuneration is a member of the fire department, but excluding remuneration paid for overtime.

“Compensation earnable” shall mean the compensation which would have been earned had the member received compensation without interruption throughout the period under consideration and

at the rates of remuneration attached at that time to the ranks or positions held by him during such period, it being assumed that during any absence he was in the rank or position held by him at the beginning of the absence, and that prior to becoming a member of the fire department, he was in the rank or position first held by him in such department.

"Benefit" shall include "allowance," "retirement allowance," "death allowance" and "death benefit".

"Final compensation" shall mean the monthly compensation earnable by a member at the time of his retirement, or death before retirement, as the case may be, at the rate of remuneration attached at that time to the rank or position which said member held, provided that said member has held said rank or position for at least one year immediately prior to said retirement or death; and provided, further, that if said member has not held said rank or position for at least one year immediately prior to said retirement or death, "final compensation," as to such member, shall mean the monthly compensation earnable by such member in the rank or position next lower to the rank or position which he held at the time of retirement or death at the rate of remuneration attached at the time of said retirement or death to said next lower rank or position; provided, however, that in the case of a member's death before retirement as the result of a violent traumatic injury received in the performance of his duty, "final compensation," as to such member shall mean the monthly compensation earnable by such member at the rate of remuneration attached on the date he receives such injury to the rank or position held by such member on that date.

The amendment of the definition of "final compensation" contained in the proposition therefor submitted to the electorate on June 6, 1972, shall be retroactive and shall be applicable to any death allowance first effective on or after July 1, 1971. Said amendment does not and shall not increase any death allowance first in effect prior to July 1, 1971, nor shall said amendment give any person receiving a death allowance, or his successors in interest any claim against the city and county for any increase in any death allowance paid or payable for time prior to July 1, 1971.

For the purpose of the retirement system and of this section, the terms "member of the fire department," "member of the Department," or "member" shall mean any officer or employee of the fire department, excluding such officers and employees as are members of the retirement system under section 8.565 of the charter, who was or shall be subject to the charter provisions governing entrance requirements of members of the uniformed force of said department,

and said terms further shall mean, from the effective date of their employment in said department, persons employed on July 1, 1949, regardless of age, or employed after said date at an age not greater than the maximum age then prescribed for entrance into employment in said uniformed force, to perform the duties not performed by members of the salvage corps in the fire department, or duties now performed under the titles of pilot of fireboats, marine engineer of fire boats, marine fireman of fireboats, or hydrant-gateman. Any fire service performed by such member of the fire department outside the limits of the city and county and under orders of a superior officer of any such member, shall be considered as city and county service, and any disability or death incurred therein shall be covered under the provisions of the retirement system.

“Retirement system” or “system” shall mean San Francisco City and County Employees’ Retirement System as created in section 8.500 of the charter.

“Retirement board” shall mean “retirement board” as created in Section 3.670 of the charter.

“Charter” shall mean the charter of the City and County of San Francisco.

Words used in the masculine gender shall include the feminine and neuter genders, and singular numbers shall include the plural and the plural the singular.

“Interest” shall mean interest at the rate adopted by the retirement board. (*Amended 1972*)

## 8.570 Service Retirement

Any member of the fire department who completes at least twenty-five years of service in the aggregate and attains the age of fifty (50) years, said service to be computed under section 8.578, may retire for service at his option. Members shall be retired on the first day of the month next following the attainment by them of the age of sixty-five years. A member retired after meeting the service and age requirements in the two sentences next preceding, shall receive a retirement allowance equal to fifty-five percent of the final compensation of said member, as defined in section 8.569 plus an allowance at the rate of three percent of said final compensation, for each year of service rendered after qualifying as to age and service for retirement; provided, however, that such retirement allowance shall not exceed seventy percent of said member’s final compensation. A member retired after attaining the age of sixty-five years, but before completing twenty-five years of service in the aggregate computed under section 8.578, shall receive a retirement allowance which bears the same ratio to fifty percent of the final compensation of said

## 8.570 – 8.571

member, as defined in section 8.569, as the service with which he is entitled to be credited, bears to twenty-five years. If, at the rate of retirement for service, or retirement for disability resulting from an injury received in performance of duty, said member has no wife, children or dependent parents, who would qualify for the continuance of the allowance after the death of said member, or with respect to the portion of the allowance which would not be continued regardless of dependents, or upon retirement for disability resulting from other causes, with respect to all of the allowance and regardless of dependents at retirement, a member retired under this section, or section 8.571, may elect before the first payment of the retirement allowance is made, to receive the actuarial equivalent of his allowance or the portion which would not be continued regardless of dependents, as the case may be, partly in a lesser allowance to be received by him throughout his life, and partly in other benefits payable after his death to another person or persons, provided that such election shall be subject to all the conditions prescribed by the board of supervisors to govern similar election by other members of the retirement system, including the character and amount of such other benefits.

### 8.571 Retirement for Incapacity

Any member of the fire department who becomes incapacitated for the performance of his duty by reason of any bodily injury received in, or illness caused by performance of his duty, shall be retired. If he is not qualified for service retirement, he shall receive a retirement allowance in an amount which shall be equal to the same percentage of the final compensation of said member, as defined in section 8.569, as his percentage of disability is determined to be. The percentage of disability shall be as determined by the Workmen's Compensation Appeals Board of the State of California upon referral from the retirement board for that purpose; provided that the retirement board may, by five (5) affirmative votes, adjust the percentage of disability as determined by said Appeals Board; and provided, further, that such retirement allowance shall be in an amount not less than fifty percent nor more than ninety percent of the final compensation of said member, as defined in section 8.569. Said allowance shall be paid to him until the date upon which said member would have qualified for service retirement had he lived and rendered service without interruption in the rank held by him at retirement, and after said date the allowance payable shall be equal to the retirement allowance said member would have received if retired for service on said date based on the final compensation, as

## 8.571 – 8.572

defined in section 8.569, he would have received immediately prior to said date, had he lived and rendered service as assumed, but such allowance shall not be less than fifty-five percent of such final compensation.

If at the time of retirement because of disability, he is qualified as to age and service for retirement under section 8.570 he shall receive an allowance equal to the retirement allowance which he would receive if retired under section 8.570, but not less than fifty-five percent of said final compensation. Any member of the fire department who becomes incapacitated for performance of his duty, by reason of a cause not included under the provisions of the immediately preceding sentences, and who shall have completed at least ten years of service in the aggregate, computed as provided in section 8.578, shall be retired upon an allowance of one and one-half percent of the final compensation of said member as defined in section 8.569 for each year of service, provided that said allowance shall not be less than thirty-three and one-third percent of said final compensation. The question of retiring a member under this section may be brought before the retirement board on said board's own motion, by recommendation of the fire commission, or by said member or his guardian. If his disability shall cease, his retirement allowance shall cease, and he shall be restored to the service in the rank he occupied at the time of his retirement.

### 8.572 Death Allowance

If a member of the fire department shall die before or after retirement by reason of an injury received in, or illness caused by the performance of his duty, a death allowance, in lieu of any allowance payable under any other section of the charter or by ordinance, on account of death resulting from injury received in or illness caused by the performance of duty, shall be paid, beginning on the date next following the date of death, to his surviving wife throughout her life or until her remarriage. If the member, at the time of death, was qualified for service retirement, but had not retired, the allowance payable shall be equal to the retirement allowance which the member would have received if he had been retired for service on the day of death, but such allowances shall not be less than fifty-five percent of the final compensation earnable by said member immediately preceding death. If death occurs prior to qualification for service retirement, the allowance payable shall be equal to the final compensation of said member at the date of death, until the date upon which said member would have qualified for service retirement, had he lived and rendered service without interruption in the rank held by him at death, and after said date the allowance payable shall be equal to the

retirement allowance said member would have received if retired for service on said date, based on the final compensation he would have received immediately prior to said date, had he lived and rendered service as assumed, but such allowance shall not be less than fifty-five percent of such monthly final compensation. If he had retired prior to death, for service or for disability resulting from injury received in, or illness caused by the performance of duty, the allowance payable shall be equal to the retirement allowance of the member, except that if he was a member under section 8.568 and retirement was for such disability, and if death occurred prior to qualification for the service retirement allowance, the allowance continued shall be reduced upon the date at which said member would have qualified for service retirement, in the same manner as it would have been reduced had the member not died. If there be no surviving wife entitled to an allowance hereunder, or if she die or remarry before every child of such deceased member attains the age of eighteen years, than the allowance which the surviving wife would have received had she lived and not remarried shall be paid to his child or children under said age, collectively, to continue until every such child dies or attains said age, provided that no child shall receive any allowance after marrying or attaining the age of eighteen years. Should said member leave no surviving wife and no children under the age of eighteen years, but leave a parent or parents dependent upon him for support, the parents so dependent shall collectively receive a monthly allowance equal to that which a surviving widow otherwise would have received, during such dependency. No allowance, however, shall be paid under this section to a surviving wife following the death of a member unless she was married to the member prior to the date of the injury or onset of the illness which results in death.

### 8.573 Payment to Surviving Dependents

Upon the death of a member of the fire department resulting from any cause, other than an injury received in or illness caused by performance of duty, (a) if his death occurred after qualification for service retirement, under section 8.570, or after retirement for service or because of disability which resulted from any cause other than an injury received in, or illness caused by performance of duty, three-fourths of his retirement allowance to which the member would have been entitled if he had retired for service at the time of death or three-fourths of the retirement allowance as it was at his death, as the case may be, shall be continued throughout life or until remarriage, to his surviving wife, or (b) if his death occurred after retirement for disability by reason of injury received in or illness

caused by performance of duty, his retirement allowance as it was at his death shall be continued throughout life or until remarriage, to his surviving wife, except that, if death occurred prior to qualification for service retirement allowance, the allowance continued shall be adjusted upon the date of which said member would have qualified for service retirement, in the same manner as it would have been adjusted had the member not died, or (c) if his death occurred after completion of at least ten years of service in the aggregate, computed as provided in section 8.578; an allowance in an amount equal to the retirement allowance to which the member would have been entitled pursuant to section 8.571 if he had retired on the date of death because of incapacity for performance of duty resulting from a cause other than bodily injury received in or illness caused by performance of duty shall be paid throughout life or until remarriage to his surviving wife. If there be no surviving wife entitled to an allowance hereunder, or if she die or remarry before every child of such deceased member attains the age of eighteen years, then the allowance which the surviving wife would have received had she lived and not remarried shall be paid to his child or children under said age, collectively, to continue until every such child dies or attains said age, provided that no child shall receive any allowance after marrying or attaining the age of eighteen years. Should said member leave no surviving wife and no children under age of eighteen years, but leave a parent or parents dependent upon him for support, the parents so dependent shall collectively receive a monthly allowance equal to that which a surviving wife otherwise would have received, during such dependency. No allowance, however, shall be paid under this section to a surviving wife unless she was married to the member prior to the date of the injury or onset of the illness which results in death if he had not retired, or unless she was married to the member at least one year prior to his retirement.

As used in this section and section 8.572, "surviving wife" shall mean and include a surviving spouse, and shall also mean and include a spouse who has remarried since the death of the member but whose remarriage has been terminated by death, divorce or annulment within five years after the date of such remarriage and who has not thereafter again remarried.

The surviving wife, in the event of death of the member after qualification for but before service retirement, may elect before the first payment of the allowance, to receive the benefit provided in section 8.576, in lieu of the allowance which otherwise would be continued to her under this section. If there be no surviving wife, the guardian of the child or children under age eighteen, may make such election, and if there be no such children, the dependent parent or

parents may make such election. Persons heretofore retired under charter section 8.567 as members of the fire department, at the time of retirement shall be subject to the provisions of this section. "Qualified for service retirement," "Qualification for service retirement" or "Qualified as to age and service for retirement," as used in this section and other sections to which persons who are members under section 8.568 are subject, shall mean completion of twenty-five years of service and attainment of age fifty, said service to be computed under section 8.578.

#### 8.574 Adjustment of Allowances

Every allowance based on the average monthly compensation earnable by the member during the ten years prior to retirement, and payable for time commencing on February 1, 1957, to or on account of persons who were retired, as members under section 8.567, for disability resulting from bodily injury received in the performance of duty, shall be adjusted to the amount it would be, if it had been based on the monthly compensation fixed by the board of supervisors as of July 1, 1956, for the rank or position held by such retired member in the fire department prior to retirement. This section does not authorize any decrease in any allowance from the amount being paid as of February 1, 1957, nor does this section give any retired member, or any beneficiary of such member, or his successors in interest, any claim against the city and county for any increase in any allowance paid or payable for the time prior to February 1, 1957. Adjustment in reserves under allowances which are changed according to this section, shall be made on the basis of current interest rate and mortality tables.

The increase in the retirement allowance shall be apportioned according to service rendered by the member in the same manner that the allowance prior to increase was apportioned. Contributions to the retirement system, necessary for the payment of the increase of the portion of the retirement allowances which is paid from reserves held by the retirement system, shall be provided from the reserves held by the retirement system on account of members under section 8.568, the necessary amount being transferred upon February 1, 1957, from said reserves to the reserves held by the retirement system to meet the obligations on account of benefits that have been granted and on account of prior service of members. The contribution being required of the city and county currently, as a percentage of salaries of persons who are members under section 8.568, shall be increased to a percentage determined by the actuary as necessary to replace the reserves so transferred. Contributions to the retirement system necessary for the payment of said increases with reference to

## 8.574 – 8.577

current and prior service portions of the allowances which are not paid from reserves held by the retirement system, shall be paid to the system by the city and county by annual appropriations, provided that such appropriation for any year shall not be less than the amount disbursed during that year on account of said increases.

### 8.575 Adjustment for Compensation Payments

That portion of any allowance payable because of the death or retirement of any member of the fire department which is provided by contributions of the city and county, shall be reduced in the manner fixed by the board of supervisors, by the amount of any benefits other than medical benefits, payable to or on account of such person, under the Workmen's Compensation Insurance and Safety Law of the State of California and because of the injury or illness resulting in said death or retirement. Such portion which is paid because of death or retirement which resulted from injury received in or illness caused by performance of duty, shall be considered as in lieu of all benefits, other than medical benefits, payable to or on account of such person under said law of the State of California and shall be in satisfaction and discharge of the obligation of the city and county to pay such benefits.

### 8.576 Death Benefit

If a member of the fire department shall die, before retirement, from causes other than an injury received in or illness caused by the performance of duty, or regardless of cause, if no allowance shall be payable under section 8.572 or 8.573 preceding, a death benefit shall be paid to his estate or designated beneficiary, the amount of which and the conditions for the payment of which shall be determined in the manner prescribed by the board of supervisors for the death benefit of other members of the retirement system. Upon the death of a member after retirement and regardless of the cause of death, a death benefit shall be paid to his estate or designated beneficiary the amount of which and the conditions for the payment of which shall be determined in the manner prescribed by the board of supervisors for the death benefit of other members of the retirement system.

### 8.577 Refunds and Redeposits

Should any member of the fire department cease to be employed as such a member, through any cause other than death or retirement or transfer to another office or department, all of his contributions, with interest credited thereon, shall be refunded to him subject to the conditions prescribed by the board of supervisors to govern similar terminations of employment of other members of the

retirement system. If he shall again become a member of the department, he shall redeposit in the retirement fund, the amount refunded to him. Contributions, with interest, which are credited because of service rendered in any other office or department and which will not be counted under section 8.578, to any person who becomes a member of the retirement system under this section, shall be refunded to him forthwith. Should a member of the fire department become an employee of any other office or department, his accumulated contribution account shall be adjusted by payments to or from him as the case may be to make the accumulated contributions credited to him at the time of change, equal to the amount which would have been credited to him if he had been employed in said other office or department at the rate of compensation received by him in the fire department and he shall receive credit for service for which said contributions were made, according to the charter section under which his membership in the retirement system continues.

#### 8.578 Computation of Service

The following time shall be included in the computation of the service to be credited to a member of the fire department for the purposes of determining whether such member qualified for retirement, and calculating benefits, excluding, however, any time, the contributions for which were withdrawn by said member upon termination of his service while he was a member under any other charter section, and not redeposited upon re-entry into service:

(1) Time during and for which said member is entitled to receive compensation because of services as a member of the fire or police department.

(2) Time during which said member is entitled to receive compensation while a member of the retirement system, because of service rendered in other offices and departments prior to July 1, 1949, provided that accumulated contributions on account of such service, previously refunded, are redeposited, with interest from date of refund to date of redeposit, at times and in the manner fixed by the retirement board; and solely for purpose of determining qualification for retirement under section 8.571 for disability not resulting from injury received in, or illness caused by performance of duty, time during which said member serves, after July 1, 1949, and receives compensation because of services rendered in other offices and departments.

(3) Time during which said member is absent from a status included in paragraphs (1) and (2) next preceding, by reason of service in the armed forces of the United States of America, or by

## 8.578 – 8.579

reason of any other service included in section 8.520 of the charter, during any war in which the United States was or shall be engaged or during other national emergency, and for which said member contributed or contributes to the retirement system or for which the city and county contributed or contributes on his account.

### 8.579 Sources of Funds

All payments provided for members under section 8.668 shall be made from funds derived from the following sources, plus interest earned on said funds:

(1) The normal rate of contribution of each member under this section shall be based on his age taken to the next lower complete quarter year, (a) at the earlier of the dates he became a member under section 8.507, 8.509 or 8.567, in the case of persons who are members under these sections, or (b) on his age at the date he becomes a member under section 8.568 in the case of persons who become members on or after July 1, 1949, without credit for service counted under section 8.578. The age of entrance into the fire department shall be determined by deducting the member's service credited under section 8.578 as rendered prior to the date upon which his age is based for determination of his rate of contribution according to the sentence next preceding, from said age. The normal rate of contribution of each such member, to be effective from the effective date of membership under section 8.568, shall be such as, on the average for such member, will provide, assuming service without interruption, under section 8.570, one-third of that portion of the service retirement allowance to which he would be entitled, without continuance to dependents, upon first qualifying as to age and service, for retirement under that section, which is based on service rendered after the date upon which his age is based for determination of his rate of contribution according to the first sentence in this paragraph, and assuming the contribution to be made from that date. The normal rate of contribution, however, shall not exceed six percent.

(2) The dependent contributions of each member under this section which shall be required of each member throughout his membership in addition to the normal contributions, and in the same manner as normal contributions, shall be such as, on the average for such member, will provide, assuming service without interruption under section 8.570, and upon his first qualifying as to age and service for retirement under that section, one-third of the portion of his allowance, which is to be continued under section 8.573 after his death and throughout the life of a surviving wife whose age at said death is three years less than the age of said member. If, at the date

of retirement for service or retirement for disability resulting from injury received in performance of duty, said member has no wife who would qualify for the continuance of the allowance to her after the death of said member, or upon retirement for disability resulting from other causes, regardless of his marital condition, the dependent contributions with accumulated interest thereon, shall be paid to him forthwith. The dependent rate of contribution, however, shall not exceed the difference between six percent and the member's normal rate of contribution, and said dependent rate may be taken as a flat percentage of the member's normal rate, regardless of the age of qualification for service retirement.

(3) There shall be deducted from each payment of compensation made to a member under this section, a sum determined by applying the member's rates of contribution to such compensation payment. The sum so deducted shall be paid forthwith to the retirement system. Said contribution shall be credited to the individual account of the member from whose salary it was deducted, and the total of said contributions, together with interest credited thereon in the same manner as is prescribed by the board of supervisors for crediting interest to contributions of other members of the retirement system, shall be applied to provide part of the retirement allowance granted to, or allowance granted on account of said member, or shall be paid to said member or his estate or beneficiary as provided in sections 8.576, 8.577 and 8.578.

(4) Contributions based on time included in paragraphs (1), (2) and (3) of section 8.578, and deducted prior to July 1, 1949, from compensation of persons who become members under section 8.568, and standing with interest thereon, to the credit of such members on the records of the retirement system on said date, shall continue to be credited to the individual accounts of said members and shall be combined with and administered in the same manner as the contributions deducted after said date.

(5) The total contributions, with interest thereon, made by or charged against the city and county and standing to its credit, in the accounts of the retirement system, on account of persons who become members under section 8.568, shall be applied to provide the benefits under said section.

(6) The city and county shall contribute to the retirement system such amounts as may be necessary, when added to the contributions referred to in the preceding paragraphs of this section 8.579, to provide the benefits payable under this section. Such contributions of the city and county to provide the portion of the benefits hereunder which shall be based on service rendered by each member prior to the date upon which his age is based for determination of his

## 8.579 – 8.580

rate of contribution in paragraph (1) section 8.579, shall not be less during any fiscal year than the amount of such benefits paid during said year. Such contributions of the city and county to provide the portion of the benefits hereunder which shall be based on service rendered by respective members on and after the date stated in the next preceding sentence, shall be made in annual installments, and the installment to be paid in any year shall be determined by the application of a percentage to the total compensation paid during said year, to persons who are members under section 8.568, said percentage to be the ratio of the value on July 1, 1949, or at the later date of a periodical actuarial valuation and investigation into the experience under the system, of the benefits thereafter to be paid under this section, from contributions of the city and county, less the amount of such contributions, and plus accumulated interest thereon, then held by said systems to provide said benefits on account of service rendered by respective members after the date stated in the sentence next preceding, to the value of said respective dates of salaries thereafter payable to said members. Said values shall be determined by the actuary, who shall take into account the interest which shall be earned on said contributions, the compensation experience of members, and the probabilities of separation by all causes, of members from service before retirement and of death after retirement. Said percentage shall be changed only on the basis of said periodical actuarial valuation and investigation into the experience under the system. Said actuarial valuation shall be made every even-numbered year and said investigation into the experience under the system shall be every odd-numbered year.

(7) To promote the stability of the retirement system through a joint participation in the result of variations in the experience under mortality, investment and other contingencies the contributions of both members and the city and county held by the system to provide the benefits under this section, shall be a part of the fund in which all other assets of said system are included. Nothing in this section shall affect the obligations of the city and county to pay to the retirement system any amounts which may or shall become due under the provisions of the charter prior to July 1, 1949, and which are represented on said effective date, in the accounts of said system by debits against the city and county.

## 8.580 Right to Retire

Upon the completion of the years of service set forth in section 8.570 as requisite to retirement, a member of the fire department shall be entitled to retire at any time thereafter in accordance with the provisions of said section 8.570, and nothing shall deprive said member of said right.

### 8.581 Limitation on Employment during Retirement

No person retired as a member under section 8.568 for service or disability and entitled to receive a retirement allowance under the retirement system shall serve in any elective or appointive position in the city and county service, including membership on boards and commissions, nor shall such person receive any payment for service rendered to the city and county after retirement, provided that service as an election officer or juror shall not be affected by this section.

Notwithstanding any provision in this charter to the contrary, should any such retired person engage in a gainful occupation prior to attaining the age of sixty, the retirement board shall reduce that part of his monthly retirement allowance which is provided by contributions of the city and county, to an amount which, when added to the amount earned monthly by him in such occupation, shall not exceed the amount of the compensation earnable at the time he engages in the gainful occupation, by the member if he then held the position which he held at the time of his retirement, or, if that position has been abolished, the compensation earnable by the member if he held the position from which he was retired, immediately prior to its abolition.

On Tuesday after the first Monday in November in 1931 and every second year thereafter, there shall be held in the city and county an election to be known as the general municipal election, at which the electors of the city and county shall choose such officers as are required by this charter to be elected at that time. Special municipal elections shall be called by the registrar when required by this charter on the filing of appropriate initiative, referendum or recall petitions, as provided by this charter, and may be called by the supervisors for bond issues, declarations of policy, or for the voting on candidates for city and county offices not subject to election at general municipal elections.

All provisions of the general laws of this state, including penal laws, respecting the registration of voters, initiative, referendum and recall petitions, elections, canvass of returns and all matters pertinent to any and all of these, shall be applicable to the city and county except as otherwise provided by this charter or by ordinance adopted by the board of supervisors as authorized by this charter relative to any rights, powers or duties of the city and county or its officers. When not prohibited by general law, the supervisors by ordinance may provide that the publication of precincts and polling places shall be by posting only.

### 9.104 Nomination of Elective Officers

The name of a candidate for an elective office shall be printed upon the ballot when a declaration of candidacy, a nomination paper signed by not less than forty nominators and certificates of not less than twenty nor more than thirty sponsors shall have been filed on his behalf, and when the nomination shall have been made in the following manner: The candidate, not more than sixty days before the municipal election in November, shall file with the registrar a declaration of his candidacy, in the form prescribed by the registrar for all candidates, including statements of his qualifications in not to exceed one hundred words, subscribed by him before the registrar. The registrar shall forthwith certify to the said subscription and its

date and retain and file the declaration. The candidate shall pay to the registrar at the time of filing his declaration of candidacy a sum equal to two percent (2%) of the current annual salary for the office for which he is a candidate. After said declaration shall have been signed, certified and filed, and not later than forty-five days before said election in November a nomination paper, in the form prescribed by the registrar for all candidates, signed by not less than forty nominators for the said candidate, who are electors of the city and county qualified to vote at the said municipal election, shall be filed with the registrar and not less than twenty nor more than thirty sponsors for the said candidate, who are electors of the city and county qualified to vote at the said municipal election shall appear before the registrar and shall certify under oath to the qualifications of the said candidate on a form of certificate prescribed by the registrar for all sponsors of all candidates. The candidate shall have the right to reject any unsolicited sponsor.

In the event the registrar shall refuse to file such declaration of candidacy, nomination paper therefor or certificate of a sponsor thereof, he shall forthwith designate in writing on the declaration, nomination paper or certificate the defect thereof, or other reason for refusing to file the same, and shall return the same to the party tendering it. No defect in any declaration, nomination paper or certificate presented to the registrar shall prevent the filing of another declaration, nomination paper or certificate within the period allowed for presenting the declaration, nomination paper or certificate. The name of every candidate who has been duly and regularly nominated shall be placed on the ballot under the title of the office for which he is a candidate, provided that a candidate whose nomination has been completed, may, not less than forty days before a municipal election, withdraw as a candidate by filing with the registrar his withdrawal, naming the office; such withdrawal must be signed and sworn to by the person withdrawing.

The name of every candidate who has been nominated for office as hereinbefore provided shall be placed on the ballot in alphabetical order in accordance with the initial letter of his surname, under the heading of the office for which said candidate has been nominated in the following manner: The name of the candidate highest on the alphabetical list of candidates for any particular office shall be printed first on the ballot under the proper heading for said office in the lowest numbered assembly district in the city and county. Thereafter, in each succeeding assembly district, the name of the candidate appearing first for said office in the last preceding district shall be placed last and the order of the names of the other candidates for said office shall remain unchanged.

In the event that the number of candidates in any group shall exceed the number of assembly districts in the city and county, then the total number of candidates in such group shall be divided by the number of assembly districts and the quotient of said division, if an integral number, or, if it be a fractional number, then the next highest integral number, shall be the number of candidates to be taken from the beginning of the list of said candidates and placed at the end of said list of candidates in each succeeding assembly district.

Immediately under the name of each candidate and not separated therefrom by any line may appear, at the option of the candidate, one of the following designations:

(a) Words designating the city, county, district or state office which the candidate then holds.

(b) If the candidate be a candidate for the same office which he then holds, and only in that event, the word "incumbent."

(c) The word designating the profession, vocation or occupation of the candidate. The profession, vocation or occupation so designated shall be the same as appears in the affidavit of registration of the candidate.

In all cases words so used shall be printed in eight-point roman boldface capitals and lower-case type.

No incumbent shall have any further preference in the location of his name on said ballot unless the same is permitted by this section.

The registrar shall preserve in his office for a period of four years all candidates' declarations, nomination papers and all sponsors' certificates filed in accordance with this section.

## 9.105 Material on Candidates Mailed to Voters

The registrar shall, before each municipal election, cause to be printed in pamphlet form and mailed to each registered voter with the sample ballot, a copy of all statements of qualifications of candidates received by him, to be followed by the names and addresses and occupations of all sponsors of all officers to be voted for in said city and county.

The registrar shall cause ballots to be printed identical with the ballot to be used in each assembly district at the election and shall furnish copies of the same on application to registered voters at his office at least five days before the date fixed for such election, and shall mail to each voter entitled to vote on such election a copy of the ballot to be used in his district, so that all said sample ballots shall have been mailed at least eight days before said election. The rotation of names of candidates on ballots shall be as provided by general law.

## 9.106 – 9.108

### 9.106 Precinct Boards of Election

The registrar shall, at each municipal or special election, prepare lists for and appoint for each election precinct a precinct board of election officers to hold and conduct such election at the precinct for which said board is appointed. Such board shall consist of one inspector, one judge and two clerks, who shall perform all the duties required by law at such polling place, except as in this charter provided. When voting machines are used, one inspector and two judges shall be appointed. The general law as to the appointment of election officers shall apply when not otherwise provided herein. The registrar is authorized to withhold the pay of any election officer who neglects, disregards or violates the election laws.

### 9.107 Results of Election – Failure to Qualify

The canvass of voters, canvass of returns, declaration of election and certificate of election shall be made as provided by general law. If a person elected fails to qualify, the office shall be filled as in this charter provided for a vacancy in such office.

### 9.108 Initiative, Referendum, and Recall

The registered voters shall have power to propose by petition, and to adopt or to reject at the polls, any ordinance, act or other measure which is within the power conferred upon the board of supervisors to enact, or any legislative act which is within the power conferred upon any other board, commission or officer to adopt, or any amendment to the charter. Such ordinance, act, charter amendment or other measure may be so proposed by filing with the registrar a petition setting forth said measure in full, signed by registered voters of the city and county as many in number as the percentages hereinafter required of the entire vote for all candidates for the office of mayor cast at the last preceding regular municipal election.

Any declaration of policy may be submitted to the electors in the manner provided for the submission of ordinances; and when approved by a majority of the qualified electors voting on said declaration, it shall thereupon be the duty of the board of supervisors to enact an ordinance or ordinances to carry such policies or principles into effect, subject to the referendum provisions of this charter.

Any ordinance which the supervisors are empowered to pass may be submitted to the electors by a majority of the board at a general election or at a special election called for the purpose, said election to be held not less than thirty days from the date of the call. Any such ordinance may be proposed by one-third of the supervisors or

by the mayor, and when so proposed shall be submitted to the electors at the next succeeding general election. No ordinance passed by the supervisors granting any public utility franchise or privilege, shall go into effect until the expiration of sixty days from the date it becomes final. At the end of such sixty days such ordinance shall be in force and effect, unless within such period there shall be filed with the registrar a petition signed by registered voters equal in number to five percent of the entire vote cast for mayor at the last preceding regular municipal election, requesting that such ordinance be submitted to the electors. In case such petition is filed, such ordinance shall not go into effect until approved by a majority of the voters voting thereon at a general or special election.

If, before the time any other ordinance involving legislative matters becomes effective, there shall be filed with the board of supervisors a petition signed by qualified electors of the city and county equal in number to at least ten per centum of the entire vote cast for all candidates for mayor at the last preceding general municipal election at which a mayor was elected, protesting against the passage of such ordinance the same shall be suspended from going into operation, and it shall be the duty of the board of supervisors to reconsider such ordinance, and if the same be not entirely repealed, said board shall submit the ordinance to the vote of said electors either at the next general municipal election or at a special election to be called for that purpose, and such ordinance shall not go into effect or become operative unless and until a majority of the qualified electors voting thereon shall vote in favor thereof. The provisions of sections 9.109 and 9.110 of the charter shall apply to and govern the verification and certification of such petition.

Annual budget and appropriation ordinances, supplemental appropriation ordinances, the annual salary ordinance, or ordinances amending the same, the ordinances levying taxes, any ordinance appropriating money from the emergency reserve fund, ordinances authorizing the city attorney to compromise litigation, and ordinances necessary to enable the mayor to carry out any of the powers vested in him in the case of a public emergency as defined in section 3.100 of the charter, ordinances enacted pursuant to section 8.410 of the charter, as well as ordinances relative to purely administrative matters, shall not be subject to referendum.

Any elective official, the chief administrative officer, the controller or any member of the board of education or public utilities commission may be recalled by the electors. The procedure to effect such recall shall be as follows: A petition demanding the recall from office of the person sought to be recalled shall be filed with the

## 9.108 – 9.110

registrar. Said petition shall contain a statement of the grounds on which the recall is sought. Any insufficiency of form or substance in such statement shall in no wise affect the validity of the election and proceedings held thereunder. No recall petition shall be filed against any officer until he has held his office for at least six months.

### 9.109 Petitions

The filing, verification and certification of initiative, referendum and recall petitions shall be in accordance with general law, and rules and regulations of the registrar of voters relative to details not covered by general law, except as otherwise provided by this charter. Any signer to a petition may withdraw his name from the same by filing with the registrar of voters a verified revocation of his signature before the filing of the petition. No signature can be revoked after the petition has been filed. Unless and until it be proven otherwise by official investigation by the registrar, it shall be presumed that the petition filed conforms to all legal requirements and contains the signatures of the requisite number of registered voters, and after an election based thereon, the sufficiency of such petition shall not be questioned.

If any signature be questioned, the registrar shall mail notice to such purported signer, stating that his or her name is attached to such petition and citing him or her to appear before said registrar forthwith, naming the time and place. Said citation shall enclose a blank affidavit, which may be used to deny that the affiant signed such petition. If such person does not desire to attend in person, he may swear to such affidavit of denial before any officer authorized to take oaths, and mail the same to the registrar. If he does not so attend and deny such signature in person or by making and mailing such affidavit of denial before the time when the registrar must, under general law, make final determination, the signature to such petition must be treated as genuine. The registrar shall keep a list of the names of all purported signers who appear before him and deny their signature under oath, and also file and keep such affidavits for at least one year.

### 9.110 Special Election Fund

The board of supervisors shall maintain a fund of not less than fifty thousand dollars to be known as the special election fund, to be used exclusively for defraying the costs of verifying petitions and other expenses of all special elections initiated by petitions of the electorate, including recall elections. In the event of the expenditure of any of said fund, the board of supervisors in the next succeeding annual budget shall appropriate a sum sufficient to reimburse said special election fund.

## 9.112 – 9.114

government of the city and county or in any way affect its tax rate. The controller shall make a written statement thereon to the board of supervisors, analyzing such proposition as to its cost and effect upon the tax rate. Such statement shall be in form appropriate for mailing to the voters with a sample ballot. Upon vote of submission of any such proposition, which, in the opinion of the controller, will in any way affect the cost of government or the tax rate and as to all propositions to create a bonded debt, the controller shall transmit a copy of such statement in relation thereto to the registrar of voters, who shall mail one copy thereof to each voter with the sample ballot. In the pamphlet of arguments, the position of the statement of the controller shall in each instance be next in order after the negative argument.

### 9.113 Form of Ballot – Majority Vote

The ballots used when voting upon any proposed measure, referendum, policy, recall or confirmation shall contain a general statement thereof, followed by the words "Yes" and "No," so arranged that the voter may indicate his choice upon the ballot. If a majority of the qualified electors voting on said proposed measure, referendum, policy, recall or confirmation shall vote in favor thereof, it shall go into effect ten days after the declaration of the official count. The general statement or question provided for in this section shall be prepared by the city attorney and shall consist of not over thirty words.

If the official proposed to be removed at any recall election shall, as the result of said election, be recalled, the mayor shall appoint his successor for the unexpired term and the officer so recalled shall be ineligible to hold any city and county office for two years; should said officer be retained in his office, he shall be reimbursed out of the special election fund for his expenses in such recall election; provided that such payment shall not exceed the amount he is permitted to spend under the Purity of Elections Act now in force.

### 9.114 Competing and Conflicting Measures – Repeal

When two or more proposed measures are of the same general purpose, the registrar shall so declare, and shall cause ballots to be so printed that the voter, first, may choose between any measure or none, and, secondly, may express his preference for any one. If a majority of the votes on the first question is affirmative, then the measure receiving the highest number of votes shall become law and the other fail of passage. In case two or more measures are tied for the highest vote, they shall be resubmitted at the next ensuing general election. If there is a conflict between two or more measures

## 9.114 – 10.100

or between two or more charter amendments adopted at the same election, then the measure or charter amendment receiving the highest affirmative vote shall prevail.

No initiative, ordinance or measure or declaration of policy approved by the electorate under the provision of this charter shall be subject to veto, or be amended or repealed except by vote of the electorate, unless such ordinance or measure shall otherwise provide.

### 9.115 Substantial Compliance

No informalities in conducting municipal, special, initiative, referendum or recall elections shall invalidate such elections if they have been conducted fairly and in substantial compliance with and conformity to the requirements of this charter.

## CUMULATIVE DIGEST

### (1.101)\* § 2. Powers of the City and County.

Under the provision that "The city and county may make and enforce all laws, ordinances and regulations necessary, convenient or incidental to the exercise of all rights and powers in respect to its affairs, . . . " initiative legislation which may be adopted by a chartered city is limited to "municipal affairs." The latter term, as used in the California Constitution, refers "to the internal business affairs of a municipality." *Farley v. Healey* (1967) (dissent) 67 Cal. (2d) 325, 431 Pac. (2d) 650, 61 Cal. Rptr. 20.

### (9.100)\* § 5. Elective Officers in Terms.

The provision in this section requiring automatic forfeiture of the position of any appointive city and county employee who becomes a candidate for election to any public office is unconstitutional in its entirety for overbreadth, which cannot be eliminated by the severance of any language, since the provision relates alike to all public offices, whether they be partisan or nonpartisan in character and whether they be San Francisco offices or national or state offices, and there is shown no compelling need to restrict the fundamental right involved on such a sweeping scale. *Kinnear v. San Francisco* (1964) 61 Cal. (2d) 341, 392 Pac. (2d) 391, 38 Cal. Rptr. 631. See corrective measure—Provision amended and renumbered.

### (3.537)\* § 24. Permits and Inspections.

Under §§ 24 and 35.6 and the implementing municipal ordinances, the power with respect to the issuance, refusal and revocation of permits for businesses such as that of a pawnbroker is initially vested in the chief of police. These provisions set an overall standard governing and guiding the chief of police and prescribing that the exercise of his permit power must not be arbitrary but rather directed to the promotion of the public interest, and in the regulation of the business of a pawnbroker, specific standards are not necessary. *Iscoff v. Longevity pay rates of Los Angeles which were not automatic but were contingent upon certification that one's standard of service was satisfactory and were declared to be a privilege earned by merit and not a right were not a "basic amount of wages" as the term is used in the governing definition of "rates of compensation" expressed in this section. *Hegarty v. Sohr* (1961) 190 Cal. App. (2d) 509, 12 Cal. Rptr. 210.

(3.537)\* § 35.6. Police Department.

Under §§ 24 and 35.6 and the implementing municipal ordinances, the power with respect to the issuance, refusal and revocation of permits for businesses such as that of a pawnbroker is initially vested in the chief of police. Longevity pay rates of Los Angeles which were not automatic but were contingent upon certification that one's standard of service was satisfactory and were declared to be a privilege earned by merit and not a right were not a "basic amount of wages" as the term is used in the governing definition of "rates of compensation" expressed in this section. *Hegarty v. procedure established by law, to the injury of the public, and does not come into court with "clean hands." *Lynn v. Duckel* (1956) 46 Cal. (2d) 845, 299 Pac. (2d) 236.

The Board of Permit Appeals is empowered to exercise full discretion in passing upon matters submitted to it; it is free to draw its own conclusions from the conflicting evidence before it and affirm or overrule the issuance of permits. *San Francisco v. Superior Court* (1959) 53 Cal. (2d) 236, 347 Pac. (2d) 294, 1 Cal. Rptr. 158.

Action of the Board of Permit Appeals involving issuance of a permit for an apartment building was not unconstitutional because unguided by adequate standards; the Charter and ordinances of the city fully prescribe the conditions which must be met by those who would construct apartment dwellings and specify the procedures to be followed by those who would secure permits. These conditions and procedures are the standards which must govern the appropriate administrative agencies. *San Francisco v. Superior Court* (1959) 53 Cal. (2d) 236, 347 Pac. (2d) 294, 1 Cal. Rptr. 158.

Where the Board of Permit Appeals, in considering an application for an apartment building, held a full hearing, viewed the site, and made its independent order, such order raised the presumption that the existence of the necessary facts, based on the standards as prescribed by the Charter and applicable ordinances, interpreted and administered to promote public health, safety, comfort, convenience, and general welfare, had been ascertained and found. Its action could not be successfully attacked on the ground that such standards were lacking. *San Francisco v. Superior Court* (1959) 53 Cal. (2d) 236, 347 Pac. (2d) 294, 1 Cal. Rptr. 158.

Where the Board of Permit Appeals, acting under this section, held full hearings and received expert testimony, a presumption arose that the existence of facts necessary to support its conclusions had been ascertained and found. The Board did not act beyond its jurisdiction or abuse its discretion in ruling upon a decision of the Central Permit Bureau. *Board of Permit Appeals v. Central Permit Bureau* (1960) 186 Cal. App. (2d) 633, 9 Cal. Rptr. 83.

It is well settled that the San Francisco Board of Permit Appeals is an administrative tribunal invested by the city's charter and implementing municipal ordinances with the power to hear and determine the entire controversy before it as to whether or not a permit should be issued, to draw its own conclusions from the conflicting evidence before it, and in the exercise of its own independent judgment to affirm or overrule the action of the official exercising permit power

### (8.403)\* § 151.3. Standardization of Compensation.

The purpose of this section is to provide a standard for determining pay rates that will insure city civil service employees a wage scale commensurate with wages received by workers in the same field in private industry. *Thomlinson v. San Francisco* (1964) 227 Cal. App. (2d) 619, 38 Cal. Rptr. 863.

The provision in this section calling for review of collective bargaining agreements in private industry as of July 1 and for the certification on or before the second Monday of July of any modification of rates established thereunder is to insure that rates of pay for city and county employees established by such private industry agreements for the new fiscal year shall be those actually prevailing on July 1. *Thomlinson v. San Francisco* (1964) 227 Cal. App. (2d) 619, 38 Cal. Rptr. 863.

Though the provision of San Francisco Charter, § 151.3, making the wage rates of groups or crafts in private employment the standard for setting wage rates for groups or crafts employed by the city, protects civil service employees covered by it as to modifications of rates of pay in private industry between April 1 and July 1 of any year, the basic purpose of the section predominates, that is, that the employee shall be entitled to the rate of pay generally prevailing in private employment in San Francisco on July 1, whether that be more or less than that prevailing on or prior to April 1. *Thomlinson v. San Francisco* (1964) 227 Cal. App. (2d) 619, 38 Cal. Rptr. 863.

Under this section the civil service commission is required to certify the rate of pay generally prevailing in private employment in San Francisco to establish the wage scale for city and county employees and has the implied power to correct any error in certifying inapplicable rates. *Thomlinson v. San Francisco* (1964) 227 Cal. App. (2d) 619, 38 Cal. Rptr. 863.

This section must be applied in a manner which is consonant with its objective and also fair and just, not only to the employees involved, but also to the general public. *Thomlinson v. San Francisco* (1964) 227 Cal. App. (2d) 619, 38 Cal. Rptr. 863.

(8.440)\* § 151.5. Vacations for Per Diem Workers.

This section by its express terms provides that it shall have some retroactive application, and hence vacation pay is properly granted to city employees who left the city service shortly prior to passage of this section. *Boyer v. County of Contra Costa* (1965) 235 Cal. App. (2d) 111, 45 Cal. Rptr. 58.

(8.341)\* § 154. Suspension and Dismissal for Cause.

The first sentence of this section, providing that a civil service employee shall not be removed or discharged "except for cause," is interpreted to mean that any reasonable, sufficient cause may be grounds for dismissal by the appointing officer. *Whoriskey v. San Francisco* (1963) 213 Cal. App. (2d) 400, 28 Cal. Rptr. 833.

The general power of the appointing officer to discharge is not limited by the specified grounds that apply when charges are filed by one other than the appointing officer. The appointing officer has a wide discretion in determining the fitness of an employee to continue performing the duties required by his employment. *Whoriskey v. San Francisco* (1963) 213 Cal. App. (2d) 400, 28 Cal. Rptr. 833.

The term "for cause" implies the existence of some fact that would constitute reasonable cause of removal; and in deciding whether the removal of a permanent employee was reasonable, the appellate court looks to the findings of the civil service commission rather than to the findings of the superior court that acted as the reviewing tribunal. *Forstner v. City and County of San Francisco* (1966) 243 Cal. App. (2d) 625, 52 Cal. Rptr. 621.

Insubordination by a civil service employee can be rightfully predicated only on a refusal to obey an order that a superior officer is entitled to give and to have obeyed, and the order must reasonably be related to the employee's duties. *Forstner v. City and County of San Francisco* (1966) 243 Cal. App. (2d) 625, 52 Cal. Rptr. 621.

members' constitutional rights. *Apostoli v. City and County of San Francisco* (1969) 268 ACA 786.

The statutory power of the fire chief to suspend without a prior hearing is not without restraint; the suspended member has the right to appeal to the Fire Commission, and this appeal contemplates a full hearing with the right of a member to appear with counsel, to have a public trial, and to secure the attendance of witnesses for his defense. *Apostoli v. City and County of San Francisco* (1969) 268 ACA 786.

Where a fire department member suspended, by the fire chief appeals to the Fire Commission, the commission has the power to reverse or alter the finding of the chief, and in case of reversal may in its discretion order that the member affected be paid salary for the period of suspension. *Apostoli v. City and County of San Francisco* (1969) 268 ACA 786.

The formalities of this section and of Section 4403 of the Rules and Regulations of the Fire Department, relating to suspension by the fire chief without a hearing, are complied with by the delivery to the member of a copy of the City's investigating report on which the suspension was based. *Apostoli v. The power conferred upon the board of supervisors by par. "a" of this section to include certain offices, departments, etc., within the retirement system includes, by implication, the power of exclusion. Exclusion of employees may be by classification. Where such employees have resigned from their positions, the section permits their reemployment. *Acton, Heil, Brooks v. Henderson* (Three cases) (1957) 150 Cal. App. (2d) 1, 309 Pac. (2d) 481.

The provision of par. "a" of this section making retirement compulsory at age 70 is qualified by the discretion vested in the board of supervisors. *Acton, Heil, Brooks v. Henderson* (Three cases) (1957) 150 Cal. App. (2d) 1, 309 Pac. (2d) 481.

This section was not expressly or impliedly repealed by § 165.2; nor is there express repeal of par. "a" of this section by § 165.2, or necessary incompatibility with it. The fact that § 165.2 sets up a different retirement system, with a different age as compulsory retirement should not be considered as an implied repeal of par. "a" of this section. *Acton, Heil, Brooks v. Henderson* (Three cases) (1957) 150 Cal. App. (2d) 1, 309 Pac. (2d) 481.

The definition of employees in § 165.2 was intended to be the same as the term is defined in this section and § 165.2 was intended to be subject to par. "a" of this section insofar as the power of the board of supervisors to determine who shall be member of the retirement system is concerned. *Acton, Heil, Brooks v. Henderson* (Three cases) (1957) 150 Cal. App. (2d) 1, 309 Pac. (2d) 481.

It is a possible and reasonable interpretation that § 165.2 affects all individuals who have not been made, constitutionally, a member of an exempt class under the power conferred by par. "a" of this section. *Acton, Heil, Brooks v. Henderson* (Three cases) (1957) 150 Cal. App. (2d) 1, 309 Pac. (2d) 481.

## § 165.2

(8.509)\* § 165.2. Retirement—Miscellaneous Officers and Employees On and After July 1, 1947.

Since this section and § 165 both require employees to be members of the retirement system and there is no provision in either section permitting over-age persons to become members, such persons are not eligible for city employment under charter provisions alone. *Acton, Heil, Brooks v. Henderson* (Three cases) (1957) 150 Cal. App. (2d) 1, 309 Pac. (2d) 481.

Section 165 was not expressly or impliedly repealed by this section; nor is there express repeal of par. "a" of § 165 by this section, or necessary incompatibility with it. The fact that this section sets up a different retirement system, with a different age as to compulsory retirement should not be considered as an implied repeal of par. "a" of § 165. *Acton, Heil, Brooks v. Henderson* (Three cases) (1957) 150 Cal. App. (2d) 1, 309 Pac. (2d) 481.

The definition of employees in this section was intended to be the same as the term is defined in § 165, and this section was intended to be subject to par. "a" of § 165 insofar as the power of the board of supervisors to determine who shall be members of the retirement system is concerned. *Acton, Heil, Brooks v. Henderson* (Three cases) (1957) 150 Cal. App. (2d) 1, 309 Pac. (2d) 481.

It is a possible and reasonable interpretation that this section affects all individuals who have not been made, constitutionally, a member of an exempt class under the power conferred by par. "a" of § 165. *Acton, Heil, Brooks v. Henderson* (Three cases) (1957) 150 Cal. App. (2d) 1, 309 Pac. (2d) 481.

Subsection (B) cited in *Reinfeld v. San Francisco City and County Employees Retirement System* (1958) 158 Cal. App. (2d) 460, 322 Pac. (2d) 508.

Cited in *Carrick v. San Francisco* (1962) 202 Cal. App. (2d) 402, 20 Cal. Rptr. 878.

Under subsection F of this section, a city employee's accumulated retirement fund contributions are refundable to him if he ceases for any reason to be an employee before his pension is due. Consequently, where a Municipal Railway employee was suspended from his employment, made a written demand for refund of his contributions, and then filed an appeal seeking reinstatement to his position, but neglected to revoke his demand for refund or to notify the retirement system of his appeal and of his change of position, his contributions were "owing and unpaid" to him within the meaning

of the statute permitting garnishment of monies owed to a person by a municipality (CCP § 710) and were hence subject to garnishment. *McDaniel v. City and County of San Francisco* (1968) 259 ACA 376, 66 Cal. Rptr. 384.

(8.551)\* § 168.1.6. Retirement Provisions—Police Department.

Under this section, credit against death allowances paid by the City and County is permissible only for payments on a workmen's compensation award made to the same person who receives the death allowances. *City and County of San Francisco v. Workmen's Compensation Appeals Board* (1968) (Rehearing granted) 267 ACA 721, 73 Cal. Rptr. 418.

The Charter must be liberally construed in order to carry out the beneficial purposes of its pension provisions. *City and County of San Francisco v. Workmen's Compensation Appeals Board* (1968) (Rehearing granted) 267 ACA 721, 73 Cal. Rptr. 418.

The purpose of Charter pension provisions is to provide a monthly living allowance to the widow of a police officer who dies in the line of duty; this section cannot be construed so as to deprive the widow of this living allowance until such time as the payments she would otherwise have received equal the amount of a workmen's compensation award paid to third persons. *City and County of San Francisco v. Workmen's Compensation Appeals Board* (1968) (Rehearing granted) 267 ACA 721, 73 Cal. Rptr. 418.

The retirement provisions of the Charter, including this section, constitute part of the contract of employment between the City and County and its policemen. *City and County of San Francisco v. Workmen's Compensation Appeals Board* (1968) 267 ACA 856, 73 Cal. Rptr. 429.

The retirement provisions of the Charter, including this section, are not only the organic law of San Francisco, but are also the law of the state, with the force of legislative enactments. *City and County of San Francisco v. Workmen's Compensation Appeals Board* (1968) 267 ACA 856, 73 Cal. Rptr. 429.

Under appropriate charter provisions, a municipality has broad power to prevent double disability payments to the same person; the order in which the respective payments, awards, or allowances are payable is immaterial. *City and County of San Francisco v. Workmen's Compensation Appeals Board* (1968) 267 ACA 856, 73 Cal. Rptr. 429.

Where a disability award and a city pension are payable con-

currently, one may be offset or credited against the other to the end that total payments shall not exceed the stipulated monthly pension. *City and County of San Francisco v. Workmen's Compensation Appeals Board* (1968) 267 ACA 856, 73 Cal. Rptr. 429.

The Charter should be construed, if reasonably possible, to avoid double liability to the City and County for one disability injury to one employee. *City and County of San Francisco v. Workmen's Compensation Appeals Board* (1968) 267 ACA 856, 73 Cal. Rptr. 429.

The first sentence of this section is construed to provide for offsetting against a retired policeman's disability allowance, workmen's compensation payments previously made because of the injury that brought about his later retirement; and this section permits the Board of Supervisors to fix the manner in which the retirement allowance may be reduced. *City and County of San Francisco v. Workmen's Compensation Appeals Board* (1968) 267 ACA 856, 73 Cal. Rptr. 429.

Under the second sentence of this section, the City and County is entitled to credit a policeman's disability retirement allowance against a workmen's compensation award given for the same injury subsequent to retirement. *City and County of San Francisco v. Workmen's Compensation Appeals Board* (1968) 267 ACA 856, 73 Cal. Rptr. 429.

(8.561)\* § 168.3. Pension Provisions—Dependents of Members of Fire and Police Departments Killed in Line of Duty.

On appeal from a judgment supporting the Retirement Board's determination that the widow of a member who had retired and was found to have a service-connected disability was entitled to a pension under section 168.1.5 rather than under this section, it was appellant's burden to show that the evidence and the reasonable inferences therefrom did not support the findings of the Board. On such appeal, respondent enjoys in its favor all inferences arising from conflicts in the evidence, even though an equally reasonable adverse inference is possible. Appellant, in other words, must not only show that a finding in her favor would have been supported, but must demonstrate that such finding is compelled as a matter of law. *Cooper v. Retirement Board of San Francisco* (1955) 131 Cal. App. (2d) 804, 281 Pac. (2d) 349.

In proceedings to compel payment of a widow's pension under this section, rather than under section 168.1.5, for death of a retired

member the findings of the Retirement Board that the member did not die of injury received in, or illness caused by the performance of his duty and that the widow did not sustain her burden of proving that the member died as a result of injury received in, or illness caused by performance of his duty, were sustained by the evidence where the member, a policeman who suffered a service-connected heart condition had attempted, after his retirement, to make an arrest, whereupon he was assaulted, and the medical testimony showed at most that in the legal sense the cause of his death was the over-exertion or excitement caused by the altercation. *Cooper v. Retirement Board of San Francisco* (1955) 131 Cal. App. (2d) 804, 281 Pac. (2d) 349.

The purpose of this section was to enlarge the rights of widows of firemen killed in line of duty. *Carey v. Retirement Board of San Francisco* (1955) 131 Cal. App. (2d) 739, 281 Pac. (2d) 25.

The phrase "in lieu of," as used in this section means "instead of," "in place of," "in substitution for." This section impliedly repeals section 169(b), therefore, and provides the sole method of compensation for widows of firemen who die from injuries received in line of duty. *Carey v. Retirement Board of San Francisco* (1955) 131 Cal. App. (2d) 739, 281 Pac. (2d) 25.

(8.565)\* § 169. Present Members of Fire Department.

Subdivision "b" of this section is impliedly repealed by section 168.3, and that section provides the sole method of compensation for widows of firemen who die from injuries received in line of duty. *Carey v. Retirement Board of San Francisco* (1955) 131 Cal. App. (2d) 739, 281 Pac. (2d) 25.

Even though marine engineers wear uniforms and serve on assigned watches, they are not entitled to pension coverage under § 169 unless they fulfill the definition of firemen as given in § 162. *Carrick v. San Francisco* (1962) 202 Cal. App. (2d) 402, 20 Cal. Rptr. 878.

(9.102)\* § 173. Registrar of Voters.

Under the provision that “The conduct, management and control of . . . the holding of elections in the city and county shall be vested exclusively” in the registrar of voters, and under the provision in Charter section 180 that “Unless and until it be proven otherwise by official investigation by the registrar, it shall be presumed that the petition filed conforms to all legal requirements and contains” sufficient qualified signatures, the acting registrar of voters did not exceed his authority by undertaking to determine whether a proposed initiative measure was within the power of the electorate to adopt. *Farley v. Healey* (1967) (dissent) 67 Cal. (2d) 325, 431 Pac. (2d) 650, 62 Cal. Rptr. 26.

(9.108)\* § 179. Initiative, Referendum and Recall.

The power of initiative must be liberally construed to promote the democratic process. *Farley v. Healey* (1967) 67 Cal. (2d) 325, 431 Pac. (2d) 650, 62 Cal. Rptr. 26.

The power of initiative is not limited to submitting initiative measures to the electorate that concern only municipal affairs on which the Board of Supervisors could enact binding legislation. *Farley v. Healey* (1967) 67 Cal. (2d) 325, 431 Pac. (2d) 650, 62 Cal. Rptr. 26.

This section, which reserves to the people the power to initiate “any ordinance, act or other measure which is within the power conferred upon the board of supervisors to enact . . .”, imposes no limits on the type of declarations of policy that may be submitted by initiative. *Farley v. Healey* (1967) 67 Cal. (2d) 325, 431 Pac. (2d) 650, 62 Cal. Rptr. 26.

The numerical requirement as to submitting initiative measures serves as a built-in safeguard against frivolous use of the initiative process. There is no other limitation in the Charter that prevents submission to a general vote of a measure declaring policy on a matter of national concern. *Farley v. Healey* (1967) 67 Cal. (2d) 325, 431 Pac. (2d) 650, 62 Cal. Rptr. 26.

Under the provision in section 2 of the Charter that “The city and

county may make and enforce all laws, ordinances and regulations necessary, convenient or incidental to the exercise of all rights and powers in respect to its affairs, . . .” initiative legislation which may be adopted by a chartered city is limited to “municipal affairs.” The latter term, as used in the California Constitution, refers to “the internal business affairs of a municipality.” *Farley v. Healey* (1967) (dissent) 67 Cal. (2d) 325, 431 Pac. (2d) 650, 62 Cal. Rptr. 26.

The use in this section of the phrase “declaration of policy” does not mean that the people intended to reserve to themselves a unique straw vote or poll-taking device. Even if this were the purpose of the framers of the Charter, it would be to no avail, because the limitations of the California Constitution, which is the measure of the initiative power, must control. *Farley v. Healey* (1967) (dissent) 67 Cal. (2d) 325, 431 Pac. (2d) 650, 62 Cal. Rptr. 26.

(9.109)\* § 180. Petitions.

Under this section, the acting registrar of voters exceeded his authority by undertaking to determine whether a proposed initiative measure was within the power of the electorate to adopt. His duty is limited to the ministerial function of ascertaining whether the procedural requirements for submitting an initiative measure have been met. *Farley v. Healey* (1967) 67 Cal. (2d) 325, 431 Pac. (2d) 650, 62 Cal. Rptr. 26.

Given compliance with the formal requirements for submitting an initiative measure, the registrar of voters must place it on the ballot unless he is directed to do otherwise by a court on a compelling showing that a proper case has been established for interfering with the initiative process. *Farley v. Healey* (1967) 67 Cal. (2d) 325, 431 Pac. (2d) 650, 62 Cal. Rptr. 26.

Under the provision in Charter section 173 that “The conduct, management and control of . . . the holding of elections in the city and county shall be vested exclusively” in the registrar of voters, and under the provisions in this section that “Unless and until it be proven otherwise by official investigation by the registrar, it shall be presumed that the petition filed conforms to all legal requirements and contains” sufficient qualified signatures, the acting registrar of voters did not exceed his authority by undertaking to determine whether a proposed initiative measure was within the power of the electorate to adopt. *Farley v. # INITIATIVE ORDINANCES

## REFUSE COLLECTION

## AND DISPOSAL ORDINANCE

Adopted November 8, 1932

Providing for the Collection and Disposition of Refuse in the City and County of San Francisco; Providing for the Licensing of Refuse Collectors by the Director of Public Health; Fixing the Maximum Rates or Charges for the Collection of Refuse by Licensed Refuse Collectors from Homes, Apartment Houses, Stores, etc.; Dividing City and County of San Francisco into Collection Routes; Providing Penalties for the Violation of the Provisions of this Ordinance.

*Be it Ordained by the People of the City and County  
of San Francisco:*

SECTION 1. The term "refuse" as used in this ordinance shall be taken to mean all waste and discarded materials from dwelling places, households, apartment houses, stores, office buildings, restaurants, hotels, institutions and all commercial establishments, including waste or discarded food, animal and vegetable matter from all kitchens thereof, waste paper, cans, glass, ashes, and boxes and cuttings from trees, lawns and gardens. Refuse as used herein does not include debris and waste construction materials, including wood, brick, plaster, glass, cement, wire, and other ferrous materials, derived from the construction of or the partial or total demolition of buildings or other structures.

SECTION 2. It shall be unlawful for any person, firm or corporation to dispose of refuse as defined in this ordinance except as herein provided, save that the provisions of this ordinance shall not include refuse which may be incinerated by an owner of a building for himself or for his tenants on the premises where produced; provided, however, that such incineration shall be subject to inspection and control by the Director of Public Health and the Fire Department. Failure of any householder producing refuse to subscribe to and pay for refuse collection, unless such householder is a tenant for whom refuse collection service is provided by his landlord, shall be prima facie evidence that such householder is disposing of refuse in violation of this ordinance.

SECTION 3. Refuse consisting of waste or discarded food, animal and vegetable matter, discarded containers of food, animal

## APPENDIX A

and vegetable matter and ashes shall be collected and placed in suitable metal cans of such capacity as the Director of Public Works may prescribe (but not to exceed 32 gallons in the case of a can serving one single family dwelling unit) by the producer or landlord who by reason of contract or lease with an occupant is obligated to care for such refuse, for collection by a refuse collector to be disposed of as herein provided. Waste paper and boxes and other refuse materials not subject to putrefaction or decay, and cuttings from trees, lawns and gardens may be placed in any suitable container and delivered by the producer or landlord, who by reason of contract or lease with the occupant is obligated to care for such refuse and deliver same to a refuse collector, to be disposed of as herein provided; provided, however, that it shall be optional with the producer or landlord to deliver waste paper or other refuse having a commercial value to a refuse collector, and the producer or landlord may dispose of the same in any manner he may see fit. Refuse which under the provisions hereof must be deposited in a metal can of suitable capacity shall be removed daily from the place where the same is created.

SECTION 4. It shall be unlawful for any person, firm or corporation, other than a refuse collector licensed by the Director of Public Health as in this ordinance provided, to transport through the streets of the City and County of San Francisco any refuse as in this ordinance defined, or to collect or to dispose of the same, except waste paper, or other refuse having a commercial value. It is provided, however, that a license for a refuse collector, as provided in Section 8 hereof, shall be distinguished from a permit to operate, in the City and County of San Francisco on a certain designated route, as hereinafter provided.

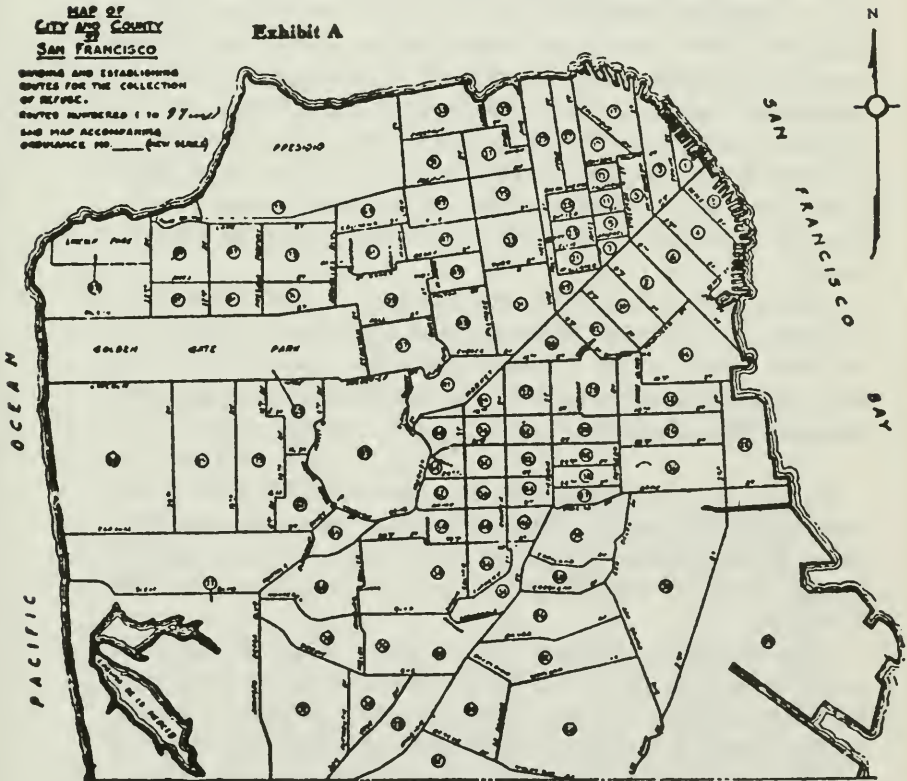

Upon the conviction of any person, firm or corporation for any violation of the provisions of this ordinance, the permit of such person, firm or corporation issued under the provisions of this ordinance, shall be forthwith and immediately terminated and canceled as of the date of conviction.

The City and County of San Francisco is herewith divided and established into routes for the collection of refuse, as designated on a map of the City and County of San Francisco, attached hereto, each said route to include only the side of the street or streets bounding each route as designated by a number on said

map, said routes being numbered one to ninety-seven, inclusive, and said map and said routes are marked Exhibit A, and attached hereto and made a part of this ordinance.

Any person, firm or corporation desiring to transport through the streets of the City and County of San Francisco, any refuse as herein defined, or to collect or dispose of the same, shall make application to the Director of Public Health for permission so to do. Said application for such permit shall contain the name of the person, firm or corporation, any of the particular route or routes, designated in said map of routes, proposed to be served by said person, firm or corporation, and a statement that said person, firm or corporation will abide by all the provisions of this ordinance, and will not charge a greater rate for the collection and disposition of said refuse than that fixed in or pursuant to this ordinance.

MAP OF THE CITY AND COUNTY OF SAN FRANCISCO

## APPENDIX A

The Director of Public Health shall grant a permit to such applicant unless the route proposed is already adequately served by a licensed refuse collector. An application for a permit must be granted, however, by the said Director of Public Health, and it is mandatory on said director to grant the same, when it shall appear in any said application for a route or routes by a person, firm or corporation, that twenty per cent or more of the householders, business men, apartment house owners, hotel keepers, institutions or residents in said route or routes, using refuse service, and paying for same, or obligated to do so, have signed a petition or contract in which they have stated that they are inadequately served by any refuse collector who is then collecting refuse on said route, provided that said director finds upon substantial evidence that such statement is correct. That inadequate service is hereby defined as the failure, on the part of any refuse collector to properly collect, handle or transport refuse on said route, or the overcharging for the collection of same, or insolence towards persons whose refuse has been collected, or the collection by any refuse collector whose license has been revoked as provided in Section 9 hereof. Such permit so granted by the Director of Public Health shall not be exclusive, however, and one or more persons, firms or corporations may be given a permit to collect on the same route.

Persons, firms or corporations desiring to transport through the streets of the City and County of San Francisco only waste paper or other refuse having a commercial value, and to collect and dispose of same need not obtain a permit therefor under the provisions of this ordinance.

SECTION 5. Refuse collected by refuse collectors shall be disposed of by such persons, firms or corporations and in such manner or by such method or methods as from time to time designated by the Board of Supervisors of the City and County of San Francisco.

Until and unless changed in the manner herein provided the maximum rate or charge for the disposal of refuse to be charged the refuse collector by any person, firm or corporation authorized by the Board of Supervisors to dispose of refuse shall be \$1.50 per ton. Such rate or charge may, from time to time, be adjusted in the same manner, and in accordance with the same procedures,

## APPENDIX A

as is provided for the adjustment of rates and charges for the collection of refuse in Section 6(a) of this ordinance.

SECTION 6. (a) Until and unless changed in the manner hereinafter set forth, the maximum rates or charges for the collection and disposition of refuse as herein defined, by refuse collectors, from residences, flats and apartment houses of not more than 600 rooms, and the regulations relating to such rates or charges, shall be as follows:

### Rate Regulations

Rates for residences and flats shall be increased for more than one container of a maximum of thirty-two gallons by 10 cents per additional container per collection.

Any charge made by a refuse collector for removal of waste material not required to be placed in metal cans and which is delivered to him in other suitable containers as provided by section 3 hereof shall not exceed the rates fixed herein for collection and disposal of equivalent volumes of refuse in metal cans.

In determining the number of rooms of any household, building or apartment in order to ascertain the rate for the collection and disposition of refuse therefrom, halls, alcoves, storerooms, bathrooms, closets and toilets shall not be considered as rooms, nor shall basements or attics be considered as rooms unless the same be occupied as living quarters.

Any collection and disposition charges not specifically set forth herein shall be subject to agreement between the producer and a duly licensed refuse collector.

### Procedure for Adjustment

There is hereby created a Rate Board consisting of the Chief Administrative Officer, who shall act as chairman, the Controller, and the Manager of Utilities. The Board shall convene upon call of the Chairman or the other two members and two members shall constitute a quorum. The Board shall act by majority vote. Any member of the Board may from time to time designate a subordinate from his own department to act in his place and stead as a member of the Board.

Any person, firm or corporation (including any holder of a permit to collect and dispose of refuse) affected by the above schedules of rates, or by any revised schedule of rates hereafter placed in effect, and desiring an increase, decrease, or other adjustment or change in, or addition to, such rates or schedules or the regulations appertaining thereto, shall file an application therefor with the Chairman of the Rate Board, who shall thereupon refer the same to the Director of Public Works for hearing, report and recommendation as hereinafter provided, unless the Rate Board shall determine that the application lies beyond its powers or presents no substantial question as to the justice or reasonableness of the rates, schedules of rates or regulations then in effect or is otherwise frivolous, in any of which events the Rate Board shall deny the application without further proceedings thereon.

Within thirty days thereafter, the Director of Public Works shall commence a public hearing upon the application and shall, not less than twenty days in advance of such hearing, cause to be published at least once in the official newspaper notice of the time and place thereof. The Director of Public Works shall be empowered to make or cause to be made such studies and investigations as he may deem pertinent to the application, to continue the hearing from time to time for that purpose, and to introduce the results of such studies and investigations in evidence. The applicant, and any person, firm or corporation affected by the application, shall be entitled to appear at the hearing and be heard. Any such person, firm or corporation desiring notice of further proceedings or action upon the application may file with the Chairman of the Rate Board a written request for such notice, setting forth his name and mailing address.

Upon the conclusion of the hearing and within ninety days after referral to him of the application, the Director of Public

## APPENDIX A

Works shall make and file with the Chairman of the Rate Board a Report setting forth the facts as found by him from the evidence taken and record made at the hearing, and a Recommended Order. The Recommended Order, if it provides for any change in the rates, schedules of rates, or regulations then in effect, shall set forth the date upon which the change is to take effect, which date shall be not less than fifteen days from the date of filing of the Recommended Order with the Chairman of the Rate Board. The Chairman of the Rate Board shall publish the Recommended Order, together with notice of filing thereof, in the official newspaper, and shall mail notice of the filing of the Report and Recommended Order to the applicant and to any others who shall have filed written requests for notice as hereinabove provided.

At any time within fifteen days after filing of the Director of Public Works' Report and Recommended Order with the Chairman of the Rate Board, the applicant or any person, firm or corporation affected by the application, may file with the Chairman of the Rate Board any objections that he may have to the Recommended Order. If no such objections be filed, then the Recommended Order shall be deemed the Order of the Rate Board and shall take effect according to its terms without other or further action by the Rate Board. If any such objections be filed, then the Rate Board, upon not less than ten days notice by mail to the applicant and to others who shall have filed written requests for notice as hereinabove provided, shall hear the objections and, upon the basis of the evidence taken and record made upon the hearing before the Director of Public Works, shall grant or deny the application in whole or in part and shall make such order, to take effect at such time, as may be just and reasonable. In the event of inability or failure of the Rate Board to render a decision within sixty days of the date of filing with it of the Director of Public Works' Report and Recommended Order, then the said Recommended Order shall be deemed the order of the Board and shall take effect upon expiration of said sixty day period.

Any revised rates, schedules of rates or regulations placed in effect pursuant hereto shall be just and reasonable.

An application filed pursuant to this section and denied in whole or in part may not be renewed for a period of one year from the date of filing in the absence of an intervening change in conditions.

(b) Any collection and disposition of rates or charges for establishments other than residences, flats and apartment houses of not more than 600 rooms, shall be subject to contract between the producer and a duly licensed refuse collector.

SECTION 7. It shall be unlawful for any refuse disposer or refuse collector to charge a greater rate for the disposal of refuse or for the collection and disposition of refuse than that fixed in, or pursuant to, Sections 5 and 6(a) of this ordinance.

Nothing herein contained shall be taken or construed as preventing a refuse disposer or a refuse collector from charging a lesser rate or charge for the disposal of refuse or for the collection and disposition of refuse than that fixed in, or pursuant to, Sections 5 and 6(a) of this ordinance.

SECTION 8. Each licensed refuse collector shall be assigned a number by the Director of Public Health. The Director of Public Health shall furnish each collector a metal badge on which is marked the number assigned the collector, who at all times while collecting refuse shall wear said badge in plain view. The Director of Public Health shall collect from each collector for the expense of providing said badge and the issuance of said license the sum of \$5. Each vehicle or wagon in which refuse is transported through the streets shall be assigned a number by the Director of Public Health and the number thereof shall be plainly marked thereon.

SECTION 9. The license, as distinguished from a permit herein, of any refuse collector, may be revoked by the Director of Public Health for failure on the part of the refuse collector to properly collect refuse, or for overcharging for the collection of same, or for insolence towards persons whose refuse he is collecting, and it shall be unlawful for any person whose license is so revoked to collect refuse in the City and County of San Francisco.

No license of a refuse collector shall be revoked except upon a hearing of which the refuse collector has been given a notice of at least three days.

SECTION 10. Upon the payment of the rate fixed in or pursuant to Section 6(a) of this ordinance for the collection and

removal of refuse, the person paying the same shall be entitled to, and there shall be delivered to him, a receipt on which shall be shown the amount paid, the premises for which it is paid, the name and number of the collector, the number of the vehicle or wagon, and, in clearly legible print, the schedule of rates applicable to his classification of establishment. On the face of said receipt there shall be printed the following words: "The rates for the collection of refuse are fixed pursuant to initiative ordinance and are printed on the back of this receipt. Complaints as to service should be made to the Department of Public Health."

Upon the payment of a rate fixed by contract pursuant to section 6(b) hereof, the person paying the same shall be given a receipt which shall show the amount paid, the period for which paid, the premises for which paid, the name and number of the collector and the date of payment, and shall bear the notation that the rate charged is subject to private contract.

SECTION 11. Disputes over charges made by collectors or as to the character of the service performed shall be decided by the Director of Public Health. Any charges made in excess of rates fixed pursuant to this ordinance, when determined by the Director of Public Health, shall be refunded to the person or persons who paid the excess charge.

SECTION 12. A refuse collector shall be entitled to payment for the collection of refuse at the end of each month from each householder or landlord served by him and from whom the payment is due.

SECTION 13. The initiative ordinance passed by the People of the City and County of San Francisco on June 14, 1927, providing for the collection and disposition of refuse in the City and County of San Francisco; providing for the licensing of refuse collectors by the Board of Health; fixing the maximum rates or charges for the collection of refuse by licensed refuse collectors from homes and apartment houses; dividing City and County of San Francisco into collection routes; and providing penalties for the violation of the provisions of this ordinance, and all other ordinances in conflict therewith, are herewith repealed.

SECTION 14. Any person, firm or corporation who shall violate any of the provisions of this ordinance shall be guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine not to exceed five hundred dollars (\$500), or by imprisonment in the County Jail for not more than six (6) months, or by both such fine and imprisonment.

SECTION 15. This ordinance shall take effect ten days after the declaration of the official count of the votes cast therefor; provided, however, that for the purpose of issuing licenses to refuse collectors, application may be filed and the licenses issued during the period between the final approval of this ordinance and the date of its taking effect.

SECTION 16. The Controller shall furnish the Director of Public Health with such financial data, including data as to the cost of refuse collections, as may be required by the Director to enable him to perform his functions under this ordinance. The Controller shall likewise make available at any hearing before the Director of Public Works upon an application filed pursuant to section 6 hereof such financial data, including data as to the cost of refuse collections, as the Director of Public Works may deem pertinent to the issues raised by the application. Each collector holding a permit shall keep such records and render such reports as may be required by the Controller to enable him to develop the above-mentioned data, and the Controller shall have access to such records.

SECTION 17. If any section, subsection, sentence, clause or phrase of this act is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portions of this act. It is hereby declared that this act, and each section, subsection, sentence, clause and phrase thereof, would have been passed irrespective of the fact that any one or more other sections, subsections, sentences, clauses or phrases had been declared unconstitutional.
